Subject: Transportation Look Up Table-Fiscal Year (FY) 01 Rates (DSCA 01-03)

Attached, please find the calculated estimated actual FY01 transportation costs that are to be applied to sensitive and hazardous end items that are shipped in the Defense Transportation System. These FY01 revised rates will be published as interim changes to the *Security Assistance Management Manual*, Appendix F, Table F-3. DSCA recognizes that because the FY01 rates are being received after the start of the FY, it will be necessary for DFAS-AW/DE to rerun the performance for those LOAs that are impacted by the transportation look up FY01 rates. This may have an impact for some LOAs, therefore, the proper associated transportation related costs should be recouped on the next routinely issued modification/amendment.

The decision on whether to use actual transportation costs in lieu of calculated estimated costs has been postponed until a process team is formed to review how such costs can be captured and properly reported to the Defense Finance Accounting Service. This study could prove to be fairly lengthy and detailed before any such changes are actually implemented. In the interim, DSCA plans to conduct a meeting with all Military Departments during 3rd quarter this FY to discuss a more consistent approach for developing the rates for the upcoming FY.

The DSCA point of contact is Ms. Vanessa Glascoe who can be reached at (703) 601-3744 or email: vanessa.glascoe@osd.pentagon.mil.
