SUBCHAPTER VII—DISPOSAL OF WAR AND VETERANS' HOUSING

§1581. Housing disposition

(a) Mandatory transfers

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development shall (subject to the provisions of this section) relinquish and transfer, without monetary consideration, to any State or political subdivision thereof, local housing authority, local public agency, nonprofit organization, or educational institution, all contractual rights (including the right to revenues and other proceeds) and all property right, title, and interest of the United States in and with respect to (1) any temporary housing located on land owned or controlled by such transferee and in which the United States has no leasehold or other property interest, and (2) housing materials which have been made available to the transferee by the Secretary of Housing and Urban Development pursuant to section 1572 of this title.

(b) Transfer to provide housing for parents of deceased World War II servicemen

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section) relinquish and transfer, without monetary consideration other than that specifically required by this subsection, to any State, county, municipality, or local housing authority, or to any educational institution where the housing involved is being operated for its student veterans or where the land underlying the housing is in the ownership of two or more educational institutions, or to any other local public agency or nonprofit organization where the housing involved has been made available by the United States to such agency or organization pursuant to section 1572 of this title or where the Secretary of Housing and Urban Development determines that the housing involved is urgently needed by parents of persons who served in the Armed forces at any time on or after September 16, 1940, and prior to July 26, 1947, or on or after June 27, 1950, and prior to such date thereafter as shall be determined by the President and died of service-connected illness or injury (in which case the preferences in subsection (d)(1) shall not apply), all right, title, and interest of the United States in and with respect to any temporary housing (excluding commercial facilities which the Secretary of Housing and Urban Development determines are suitable for separate disposal and community facilities which the Secretary of Housing and Urban Development determines should be disposed of separately) located on land in which the United States has a property interest through ownership, lease, or otherwise, under the following conditions:

(1) If the land is owned by the United States and under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall have purchased such land from the Secretary of Housing and Urban Development at a price substantially equal to the cost to the United States of the land (including survey, title examination, and other similar expenses incident to acquisition but excluding the cost or value of all improvements thereto by the United States other than extraordinary fill), or, if the Secretary of Housing and Urban Development determines

the amount of such cost to be nominal or not readily ascertainable, at a price which the Secretary of Housing and Urban Development determines to be fair and reasonable. Payment for such land shall be made in full at the time of sale or in not more than ten equal annual installments (the first of which shall be paid within one year from the date of conveyance) all of which shall be secured as determined by the Secretary of Housing and Urban Development with interest from the date of conveyance at the going Federal rate of interest at the time of conveyance.

(2) If the land is owned by the United States and not under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall have purchased such land from the Federal agency having jurisdiction thereof. The Federal agency having jurisdiction of any such land is authorized to sell and convey the same to any such transferee on the terms authorized herein except that the determinations required to be made by the Secretary of Housing and Urban Development shall be made by the agency having jurisdiction of such land.

(3) If the United States does not own the land but has an interest therein through lease or otherwise, the transferee shall (i) where it is not the landowner, obtain the right to possession of such land for a term satisfactory to the Secretary of Housing and Urban Development, (ii) obtain from the landowner a release (or, if the transferee is the landowner, furnish a release) of the United States from all liability in connection therewith, including any liability for removal of structures or restoration of the land, except for any rental or use payment due at the time of transfer, and (iii) reimburse the United States for the proportionate amount of any payments made by the United States for the right to use the land and for taxes or payments in lieu of taxes for any period extending beyond the time of the transfer, and (iv) if the interest of the United States is not under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall obtain a transfer or release of the interest of the United States from the Federal agency having jurisdiction, which transfers and releases by such Federal agencies are authorized on such terms as the head of the respective agency determines to be in the public interest.

(c) Requests for relinquishment and transfer

The filing of a request under subsections (a), (b), (g), or (h) of this section must be made on or before June 30, 1953, unless the Secretary of Housing and Urban Development shall, in any specific case, authorize the filing of a request subsequent to such date but on or before June 30, 1951, and, in any such case, the Secretary of Housing and Urban Development may extend, for a specified period not beyond December 31, 1951, the time hereinafter prescribed for complying with all conditions to the relinquishment or transfer. Such request shall be in the form of a resolution adopted by the governing body of the applicant, except that, in the case of a State, such request may be in the form of a written request from the governor, and, in the case of a local housing authority (other than the Alaska Housing Authority), or a local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment, shall be accompanied by a resolution of the governing body of the municipality or county approving the request for transfer. Such request shall be accompanied by either (1) a final opinion of the chief law officer or legal counsel of the applicant to the effect that it has legal authority to make the request, to accept the transfer of and operate any property involved, and to perform its obligations under this subchapter, or (2) a preliminary opinion of such officer or counsel concerning the legal authority of the applicant with respect to the proposed relinquishment or transfer including a statement of the reasons for not furnishing the final opinion with the request and the time required to furnish such opinion. If a request has been submitted as herein provided, the applicant shall comply with all conditions to the relinquishment or transfer (including the furnishing of the final legal opinion) on or before June 30, 1953: *Provided*, That, in any case where the applicant is unable to comply with all conditions to the relinquishment or transfer because of the need for the enactment of State legislation or charter amendment, such date shall be June 30, 1952, and may be extended by the Secretary of Housing and Urban Development, upon request in a particular case, to December 31, 1952. The Secretary of Housing and Urban Development shall act as promptly as practicable on any request which complies with the provisions of this section and is supported as herein required, and shall as promptly as practicable arrange for the making of any survey or the performance of other work necessary to the transfer: *Provided*, That, notwithstanding the provisions of this section, the Secretary of Housing and

Urban Development may at any time, except with respect to housing for which a request has been or may be submitted under subsection (a) of this section, remove, dispose of, or retain any temporary housing, or part thereof, in accordance with any provision of subchapters II to VII of this chapter.

(d) Representations by transferee as to use of property; preferences

No relinquishment or transfer with respect to temporary housing shall be made under this section unless the transferee represents in its request therefor that it proposes, to the extent permitted by law:

(1) As among eligible applicants for occupancy in dwellings of given sizes and at specified rents, to extend the following preferences in the selection of tenants:

First, to families which are to be displaced by any low-rent housing project or by any public slum-clearance or redevelopment project initiated after January 1, 1947, or which were so displaced within three years prior to making application for admission to such housing; and as among such families first preference shall be given to families of disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected, and third preference shall be given to families of other veterans and servicemen;

Second, to families of other veterans and servicemen; and as among such families first preference shall be given to families of disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected: *Provided*, That if the transferee is an educational institution it may limit such preferences to student veterans and servicemen, and their families, and may, in lieu of such preferences, make available to veterans or servicemen and their families accommodations in any housing of the institution equal in number to the accommodations relinquished or transferred to it: *And provided further*, That, notwithstanding such preferences, if the transferee is a State, political subdivision, local housing authority, or local public agency, it will, in filling vacancies in housing transferred under subsection (b) hereof, give such preferences to military personnel and persons engaged in national defense or mobilization activities as the Secretary of Defense or his designee prescribes to such transferee.

(2) Not to dispose of any right, title, or interest in the property (by sale, transfer, grant, exchange, mortgage, lease, release, termination of the leasehold, or any other relinquishment of interest) either (i) for housing use on the present site or on any other site except to a State or political subdivision thereof, local housing authority, a local public agency, or an educational or eleemosynary institution, or (ii) for any other use unless the governing body of the municipality or county shall have adopted a resolution determining that, on the basis of local need and acceptability, the structures involved are satisfactory for such use and need not be removed: *Provided*, That this representation will not apply to any disposal through demolition for salvage, lease to tenants for residential occupancy, or lease of nondwelling facilities for the continuance of a use existing on the date of transfer, or where such disposal is the result of a bona fide foreclosure or other proceeding to enforce rights given as security for a loan to pay for land under this section: *And provided further*, That nothing contained in this paragraph shall be construed as applicable to the disposition of any land or interest therein after the removal of the structures therefrom.

(3) To manage and operate the property involved in accordance with sound business practices, including the establishment of adequate reserves.

(4) Whenever the structures involved, or a substantial portion thereof, are terminated for housing use and are not to be used for a specific nonhousing use, to promptly demolish such structures terminated for housing use and clear the site thereof.

(e) Waiver of removal requirements

Any relinquishment or transfer by the Secretary of Housing and Urban Development under this section shall constitute a waiver of the requirements of section 1553 of this title (and any contractual obligations pursuant thereto) for removing the housing involved if the request for such

relinquishment or transfer was made, as authorized herein, by the governing body of the municipality or county, or by the local housing authority, or, in other cases, if, prior to or within six months after the date of the relinquishment or transfer, there is filed with the Secretary of Housing and Urban Development a resolution of such governing body specifically approving (1) the unconditional waiver of such requirements or (2) the waiver of such requirements subject to conditions specified in the resolution. Any such conditions shall not affect the waiver of removal requirements hereunder, and the United States shall assume no responsibility for compliance therewith.

(f) Disposition of net revenue and proceeds; transfer charges

In any relinquishment or transfer under this section, the net revenues and other proceeds from such housing to which the United States is entitled on the basis of periodic settlements shall continue to accrue to the United States until the end of the month in which the relinquishment or transfer is made, and the obligation of the transferee to pay such accrued amounts shall not be affected by this section. The Secretary of Housing and Urban Development may charge to the transferee the cost to the United States of any survey, title information, or other item incidental to the transfer.

(g) Transfers for slum clearance and community redevelopment projects

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section) relinquish and transfer, without monetary consideration other than payment for land involved as specifically required by subsection (b) hereof, to any local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment in a municipality in which the total number of persons, who on December 31, 1948, were living in temporary family accommodations provided by the United States or any agency thereof since September 8, 1939, exceeded the total population of such municipality as shown by the 1940 census, all right, title, and interest of the United States in and with respect to any temporary housing located in such municipality under the conditions set forth in said subsection (b). Notwithstanding the provisions of subsection (b) of this section, the Secretary of Housing and Urban Development shall not relinquish or transfer any right, title, or interest of the United States in and with respect to any temporary housing situated in such a municipality except as set forth in this subsection if at the time of the relinquishment or transfer there is in existence in such a municipality a local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment.

(h) Transfers of temporary housing of masonry construction

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section except the provisions of subsection (d) hereof) relinquish and transfer to any municipality, without monetary consideration other than payment for the land involved as specifically required by subsection (b) hereof, all right, title, and interest of the United States in and with respect to unoccupied temporary housing of masonry construction located in such municipality: *Provided*, That such housing has been wholly or partially stripped of trim and fixtures prior to April 20, 1950 and the municipality adopts a resolution determining that the structures, with proposed improvements, will be suitable for long-term housing use.

§1584. Removal of all dwelling structures on land under Secretary's control; temporary housing exempted; preference in fulfilling vacancies

With respect to temporary housing remaining under the jurisdiction of the Secretary of Housing and Urban Development on land under his control, the Secretary of Housing and Urban Development shall (1) permit vacancies, occurring or continuing after July 1, 1953, to be filled only by transfer of tenants of other accommodations in the same locality being removed as required by subchapters II to VII of this chapter; (2) notify, on or before March 31, 1954, all tenants to vacate the premises prior to July 1, 1954; (3) promptly after July 1, 1954, cause actions to be instituted to evict any tenants still remaining; and (4) remove (by demolition or otherwise) all dwelling structures as soon as practicable after they become vacant: *Provided*, That in any case where a request for relinquishment or transfer has been filed pursuant to section 1581 of this title and where under the provisions of section 1581(c) of this title the date for compliance with all conditions to the relinquishment or transfer shall have been extended, each of the foregoing dates shall be extended for a period of time equal to the period of the extension under section 1581(c) of this title: *And provided further*, That nothing heretofore in this section shall apply (1) to any temporary housing in any municipality in which the total number of persons, who on December 31, 1948, were living in temporary family accommodations provided by the United States or any agency thereof since September 8, 1939, exceeds 30 per centum of the total population of such municipality as shown by the 1940 census, nor (2) to any temporary housing as to which the local governing body has adopted a resolution as provided in section 1582(c) of this title, nor (3) to any temporary housing for which a request has been submitted in accordance with section 1581(b) of this title, but which has not been relinquished or transferred solely because the applicant has been unable to obtain from the landowner the right to possession of the land on reasonable terms as determined by the Secretary of Housing and Urban Development: *Provided*, That, in filling vacancies in such housing, the preferences set forth in section 1581(d)(1) of this title shall be applicable and that families within such preference classes shall be eligible for admission to such housing, nor (4) to any temporary housing in which accommodations have been reserved, prior to the enactment of this section, for veterans attending an educational institution if (i) such institution certifies that the accommodations are urgently needed for such veterans and submits facts showing, to the satisfaction of the Secretary of Housing and Urban Development, that all reasonable efforts have been made by the institution to find other accommodations for them and (ii) such institution agrees to reimburse the Secretary of Housing and Urban Development for any financial loss to the Secretary of Housing and Urban Development in the operation of the accommodations after June 30, 1951.

§1585. Acquisition of housing sites

(a) Lease, condemnation or purchase; temporary housing

The Secretary of Housing and Urban Development may continue by lease or condemnation any interest less than a fee simple in lands heretofore acquired by the Secretary of Housing and Urban Development for national defense or war housing or for veterans' housing (whether of permanent or temporary character), or held by any Federal agency in connection therewith, and may acquire, by purchase or condemnation, a fee simple title to or lesser interest in any such lands if the Secretary of Housing and Urban Development determines that the acquisition of such fee simple or lesser interest is necessary to protect the Government's investment or to maintain the improvements constructed thereon, or that the cost of fulfilling the Government's obligation to restore the property to its original condition would equal or exceed the cost of acquiring the title thereto.

In any city in which, on March 1, 1953, there were more than ten thousand temporary housing units held by the United States of America, or any two contiguous cities in one of which there were on such date more than ten thousand temporary housing units so held, the Secretary of Housing and Urban Development may acquire, by purchase or condemnation, a fee simple title to any or all lands in which the Secretary holds a leasehold interest, or other interest less than a fee simple, acquired by the Federal Government for national defense or war housing or for veteran's housing where (1) the Secretary of Housing and Urban Development finds that the acquisition by the Secretary of a fee simple title in the land will tend to expedite the orderly disposal or removal of temporary housing under the Secretary's jurisdiction by facilitating the availability of improved sites for privately owned housing needed to replace such temporary housing, and will tend to expedite the transition of the city from a war-affected community containing, as of said date, a large number of temporary houses to a community having additional permanent, well-planned, residential neighborhoods, (2) the local

governing body of the city makes a like finding and requests the Secretary of Housing and Urban Development to acquire such title to the land, and (3) the city has furnished assurances satisfactory to the Secretary of Housing and Urban Development that no individual who is employed by, or is an official of, the government of the city in which the land is located, or any agency thereof, shall be permitted, directly or indirectly, to have any financial interest in the purchase or redevelopment of such land: *Provided*, That such acquisitions by the Secretary of Housing and Urban Development pursuant to this sentence shall be limited to not exceeding four hundred and twenty-five acres of land in the general area in which approximately one thousand five hundred units of temporary housing held by the United States of America were unoccupied on said date: *And provided further*, That funds for such acquisition by the Secretary of Housing and Urban Development, which are authorized, pursuant to subsection (c) of this section and title II of the Independent Offices Appropriation Act, 1955, to be expended from the revolving fund established by section 1701g-5 of title 12, shall be taken into consideration, to the extent that they are needed, in making any determination pursuant to the second proviso under that section. All or any part of any land so acquired by the Secretary of Housing and Urban Development may, during the five year period following the date of its acquisition, be sold by the Secretary, through negotiated sale, to such city or any local public agency where (1) the city or local public agency has represented to the Secretary of Housing and Urban Development that it is duly authorized under State law to purchase and resell such land, that such land will be made available to private enterprise for development in accordance with local zoning and other laws, and that the aggregate of such land and any other land in the same city previously sold under the authority of this paragraph to the city or a local public agency will be developed for predominantly residential use, and (2) the city or local public agency has agreed to pay the fair market value of the land as determined by the Secretary of Housing and Urban Development, after giving consideration, among other relevant information, to the cost to the Federal Government of acquiring the fee simple title and of holding the land pending sale (including estimated amounts to cover legal and overhead expenses of such acquisition and to cover interest costs to the Federal Government of monies invested in the land pending sale). Any such negotiated sale of land to the city or a local public agency shall be made upon terms which require (1) that the city or public agency shall pay in cash at least one third of the price of the land upon its conveyance and the entire price within one year after its conveyance and (2) that any portion of the entire price not paid upon such conveyance shall be represented by an indebtedness which shall bear interest on outstanding balances at a rate of 4 per centum per annum and which shall be secured by a first mortgage lien upon the land or such portion of the land as the Secretary of Housing and Urban Development deems adequate to protect the financial interest of the Federal Government. The Secretary of Housing and Urban Development may, at any time that the Secretary deems it to be in the public interest to do so, dispose, under authority of other provisions of subchapters II to VII of this chapter, of any land acquired by the Secretary pursuant to this paragraph. Any land acquired by the Secretary of Housing and Urban Development pursuant to this paragraph which has not been disposed of within five years after its acquisition shall be disposed of by the Secretary as expeditiously as possible in the public interest in accordance with other authority contained in subchapters II to VII of this chapter. Notwithstanding the provisions of section 1546 of this title or any other provisions of law, no payments in lieu of taxes shall be made for any tax year beginning subsequent to the date of the acquisition of title to the property by the Secretary of Housing and Urban Development.

(b) Land rentals

In any case in which the Secretary of Housing and Urban Development holds, on or after April 1, 1950, an interest in land acquired by the Federal Government for national defense, war housing, or veterans' housing and where (1) the term of such interest (as prescribed in the taking or in the lease or other instruments) is for the "duration of the emergency" or "duration of the war", or "duration of the emergency" or "duration of the war" plus a specific period thereafter, or for some similarly prescribed term, and (2) the rental, award, or other consideration which the Federal Government is obligated to pay or furnish for such interest gives the owner of the land less than an annual return, after payment of real estate taxes, of 6 per centum of the lowest value placed on such land by an independent appraiser, hired by the Government to make such appraisal based on the value of the

land before the acquisition of the Government's interest therein, plus 100 per centum of such value, the Secretary of Housing and Urban Development shall, upon request of the owner of the land and, notwithstanding any existing contractual or other rights or obligations, increase the amount of future payments for such interest in order to give the owner of the land a return for the Government's use thereof not exceeding the 6 per centum annual return described in (2) of this subsection: *Provided*, That this subsection shall not affect any payment heretofore made or any future payment accepted by an obligee, nor shall this subsection limit the consideration which may be paid for the use of any land beyond the existing term of the Government's interest therein.

(c) Reserve account; availability of moneys

Notwithstanding any other provisions of law unless hereafter enacted expressly in limitation hereof, moneys shall be deposited in the reserve account established pursuant to subsection (a) and subsection (b) of section 1543 of this title (which account is hereby continued subject to the limitation as to amount specified in subsection (c) thereof) and all moneys deposited in such reserve account shall be and remain available for any or all of the purposes specified in said subsections (a) or (b) or in this section without regard to the time prescribed in subsection (c) of section 1543 of this title with respect to covering moneys in such account into miscellaneous receipts. Moneys in such reserve accounts shall also be available for the payment of necessary expenses (which shall be considered nonadministrative expenses) in connection with administering (1) transfers pursuant to section 1581 of this title, (2) redeterminations of the temporary or permanent character of demountable housing pursuant to section 1583 of this title, (3) changes in land tenure and revisions in the consideration payable to landowners pursuant to subsection ¹ (a) and (b), and (4) transfers of permanent war housing for low-rent use pursuant to section 1586 of this title. Moneys in such reserve account shall also be available for the purpose of making improvements to, or alterations of, any permanent housing or part thereof if (1) the dwelling structures therein are designed for occupancy by not more than four families and are to be sold separately and (2) such improvement or alteration is requested by the local governing body as a condition to the acceptance of the dedication of streets or utilities or is necessary for compliance with local law or regulation relating to the continued operation or occupancy of the housing by a purchaser.

In addition to the authority of the Secretary of Housing and Urban Development under the first sentence of this subsection, the Secretary is specifically authorized to convey any permanent war housing project to a local public housing agency if requested in writing, within sixty days after April 20, 1950, by such agency or the executive head of the municipality (or of the county or parish if such project is not in a municipality) within which the project is located, or by the Governor of the State where an agency of the State has authority to operate the project: *Provided*, That any conveyance by the Secretary of Housing and Urban Development pursuant to this sentence shall be subject to the same conditions and requirements as provided in this section with respect to a project specifically designated herein.

(b) Projects as "low-rent housing"

Upon the conveyance by the Secretary of Housing and Urban Development of any such project pursuant to the provisions of this section, such project shall constitute and be deemed to be "low-rent housing" as that term is used and defined in the United States Housing Act of 1937 [42 U.S.C. 1437

et seq.] (and to be a low-rent housing project assisted pursuant to that Act, within the meaning of section 1404a(b) of this title). Any instrument of conveyance by the Administrator stating that it is executed under subchapters II to VII of this chapter shall be conclusive evidence of compliance therewith insofar as any title or other interest in the property is concerned.

(c) Conditions and requirements of agreements

The agreement between the public housing agency and the Secretary of Housing and Urban Development required by subsection (a) of this section shall contain the following conditions and requirements, and may contain such further conditions, requirements, and provisions as the Secretary determines—

(1) during a period of forty years following the conveyance the project shall be administered as low-rent housing in accordance with subsections 2(1) and 2(2) of the United States Housing Act of 1937 [42 U.S.C. 1402(1) and (2)]: *Provided*, That if at any time during such period the public housing agency and the Secretary of Housing and Urban Development agree that the project, or any part thereof, is no longer suitable for use as low-rent housing, the project, or part thereof, shall with the approval of the Secretary of Housing and Urban Development be sold by the public housing agency after which the agreement shall be deemed to have terminated with respect to such project or part thereof except that the proceeds from such sale, after payment of the reasonable expense thereof, shall be paid to the Secretary of Housing and Urban Development, or, with the Secretary's approval, used to finance the repair or rehabilitation of a project or part thereof conveyed to the public housing agency under this section;

(2) the public housing agency shall, within six months following the conveyance, initiate a program for the removal of all families residing in the project on the date of conveyance who are ineligible under the provisions of the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] for continued occupancy therein, and shall have required such ineligible tenants to vacate their dwellings within eighteen months after the initiation of such program: *Provided*, That military personnel as designated by the Secretary of Defense or his designee shall not be subject to such removal until eighteen months after the date of conveyance;

(3) annually during the term of such agreement, the public housing agency shall pay to the Secretary of Housing and Urban Development all income from the project remaining after deducting the amounts necessary (as determined pursuant to regulations of the Secretary of Housing and Urban Development) for (i) the payment of reasonable and proper costs of operating, maintaining, and approving such project, (ii) the payments in lieu of taxes authorized hereunder, (iii) the establishment and maintenance of reasonable and proper reserves as approved by the Secretary of Housing and Urban Development, and (iv) the payment of currently maturing installments of principal of and interest on any indebtedness incurred by such public housing agency with the approval of the Secretary of Housing and Urban Development: *Provided*, That the provisions of this paragraph shall not be applicable to any project which is consolidated under a single contract with one or more low-rent projects being assisted under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], and all income from any such project conveyed under this section may be commingled with funds of the project or projects with which it is consolidated and applied in accordance with the requirements of the consolidated contract and the provisions of section 10(c) of the said Act [42 U.S.C. 1410(c)];

(4) during the term of such agreement, the project shall be exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivisions;

(5) for the tax year in which the conveyance is made and the next succeeding tax year annual payments in lieu of taxes may be made to the State, city, county, or other political subdivisions in amounts not in excess of the real property taxes which would be paid to such State, city, county, or other political subdivisions if the project were not exempt from taxation; and thereafter, during the term of such agreement, payments in lieu of taxes with respect to the project may be made in annual amounts which do not exceed 10 per centum of the annual shelter rents charged in such project;

(6) in selecting tenants for such project, the public housing agency shall give such preferences as are prescribed by subsection 10(g) of the United States Housing Act of 1937 [42 U.S.C. 1410g],

except that for one year after the date of conveyance of a project, the public housing agency shall, to the extent permitted by law, give such preferences, by allocation or otherwise, to military personnel as the Secretary of Defense or his designee prescribes to the public housing agency; and

(7) upon the occurrence of a substantial default in respect to the requirements and conditions to which the public housing agency is subject (as such substantial default shall be defined in such agreement), the public housing agency shall be obligated at the option of the Secretary of Housing and Urban Development, either to convey title in any case where, in the determination of the Secretary of Housing and Urban Development, (which determination shall be final and conclusive), such conveyance of title is necessary to achieve the purposes of this subchapter and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], or to deliver possession to the Secretary of Housing and Urban Development of the project, as then constituted, to which such agreement relates: *Provided*, That in the event of such conveyance of title or delivery of possession, the Secretary of Housing and Urban Development may improve and administer such project as low-rent housing, and otherwise deal with such housing or parts thereof, subject, however, to the limitations contained in the applicable provisions of the United States Housing Act of 1937. The Secretary of Housing and Urban Development shall be obligated to reconvey or to redeliver possession of the project, as constituted at the time of reconveyance or redelivery, to such public housing agency or to its successor (if such public housing agency or a successor exists) upon such terms as shall be prescribed in such agreement and as soon as practicable after the Secretary of Housing and Urban Development shall be satisfied that all defaults with respect to the project have been cured, and that the project will, in order to fulfill the purposes of this subchapter and the United States Housing Act of 1937, thereafter be operated in accordance with the terms of such agreement. Any prior conveyances and reconveyances, deliveries and redeliveries of possession shall not exhaust the right to require a conveyance or delivery of possession of the project to the Secretary of Housing and Urban Development pursuant to this paragraph upon the subsequent occurrence of a substantial default.

(d) Disposition of payments

At the end of each fiscal year, the total amount of payments during such year to the Secretary of Housing and Urban Development in accordance with subsection (c) of this section shall be covered into the Treasury as miscellaneous receipts.

§1587. Disposition of other permanent war housing

(a) Public interest

The Secretary of Housing and Urban Development shall, subject to the provisions of this section, dispose of permanent war housing, other than housing conveyed pursuant to section 1586 of this title, as promptly as practicable and in the public interest.

(b) Preference in sales to individuals

Preference in the purchase of any dwelling structure designed for occupancy by not more than four families and offered for separate sale shall be granted to occupants and to veterans over other prospective purchasers for such period as the Secretary of Housing and Urban Development may determine and in the following order:

- (1) a veteran who occupies a unit in the dwelling structure to be sold and who intends to continue to occupy such unit;
- (2) a nonveteran who occupies a unit in the dwelling structure to be sold and who intends to continue to occupy such unit;
- (3) a veteran who intends to occupy a unit in the dwelling structure to be sold.

Subject to the above order of preference, the Secretary of Housing and Urban Development may establish subordinate preferences for any such dwelling structure. In the disposition of any dwellings

under this section which were acquired by the United States from persons occupying the dwellings at the time of such acquisition, the Secretary of Housing and Urban Development may, notwithstanding the order of preference provided in this section, grant a first preference to such persons in the purchase of any of these dwellings for such period and under such conditions as the Secretary may determine to be appropriate and in the public interest. As used in this subsection, the term "veteran" shall include a veteran, a serviceman, or the family of a veteran or a serviceman, or the family of a deceased veteran or serviceman whose death has been determined by the Secretary of Veterans Affairs to be service-connected.

(c) Preference in sales of projects

In the case of any housing project required by this section to be disposed of, which is not offered for separate sale of separate dwelling structures designed for occupancy by not more than four families, such project may be sold as a whole or in such portions as the Secretary of Housing and Urban Development may determine. On such sales of an entire project or portions thereof consisting of more than one dwelling structure or of an individual dwelling structure designed for occupancy by more than four families, first preference shall be given for such period not less than ninety days nor more than six months from the date of the initial offering of such project or portions thereof as the Secretary of Housing and Urban Development may determine, to groups of veterans organized on a mutual ownership or cooperative basis (provided that any such group shall accept as a member of its organization, on the same terms, subject to the same conditions, and with the same privileges and responsibilities, required of, and extended to other members of the group any tenant occupying a dwelling unit in such project, portion thereof or building, at any time during such period as the Secretary of Housing and Urban Development shall deem appropriate, starting on the date of the announcement by the Secretary of Housing and Urban Development of the availability of such project, portion thereof or building for sale), except that a first preference for said period of not less than ninety days nor more than six months shall be given to any group organized on a mutual or cooperative basis, which, with respect to its proposed purchase of a specific housing project or portions thereof, has, prior to August 1, 1949, been granted an exception by the Secretary of Housing and Urban Development from the sales preference provisions of Public Regulation 1 of the Housing and Home Finance Agency and has been designated as a preferred purchaser.

(d) Equitable selection method for each preference class

The Secretary of Housing and Urban Development shall provide an equitable method of selecting the purchasers to apply when preferred purchasers (or groups of preferred purchasers) in the same preference class or containing members in the same preference class compete with each other.

(e) Veterans' preference

Any housing disposed of in accordance with this section shall after such disposal be deemed to be housing accommodations the construction of which was completed after June 30, 1947, within the meaning of section 4 of the Housing and Rent Act of 1947, as amended, relating to preference or priority to veterans of World War II or their families.

(f) Terms of sales

Sales pursuant to this section shall be upon such terms as the Secretary of Housing and Urban Development shall determine: *Provided*, That full payment to the Government for the property sold shall be required within a period not exceeding twenty-five years with interest on unpaid balances at not less than 4 per centum per annum, except that in the case of projects initially programmed as mutual housing communities under the defense housing program, the terms of sale shall not require a down payment and shall provide for full payment to the United States over a period of forty-five years with interest on unpaid balances at not more than 3 per centum per annum.

(g) Disregard of preferences in certain cases

The Secretary of Housing and Urban Development may dispose of any permanent war housing without regard to the preferences in subsections (b) and (c) of this section when the Secretary determines that (1) such housing, because of design or lack of amenities, is unsuitable for family

dwelling use, or (2) it is being used at the time of disposition for other than dwelling purposes, or (3) it was offered, with preferences substantially similar to those provided in the Housing Act of 1950, to veterans and occupants prior to April 20, 1950.

TRANSFER OF FUNCTIONS

§1592a. Construction of housing

(a) Types, sales, preferences in purchases, and payment

Consistent with other requirements of national defense, any permanent housing constructed pursuant to the authority of this subchapter shall consist of one- to four-family dwelling structures (including row houses) so arranged that they may be offered for separate sale. All housing of permanent construction which is constructed or acquired under the authority of this subchapter shall be sold as expeditiously as possible and in the public interest taking into consideration the continuation of the need for such housing by persons engaged in national defense activities. All dwelling structures of permanent construction designed for occupancy by not more than four families (including row houses) shall be offered for sale, and preference in the purchase of any such dwelling structure shall be granted to occupants and to veterans over other prospective purchasers. As among veterans, preference in the purchase of any such dwelling structure shall be given to disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected. All dwelling structures of permanent construction in any housing project which are designed for occupancy by more than four families (and other structures in such project which are not sold separately) shall be sold as an entity. On such sales first preference shall be given for such period not less than ninety days nor more than six months from the date of the initial offering of such project as the Secretary of Housing and Urban Development may determine, to groups of veterans organized on a mutual ownership or cooperative basis (provided that any such group shall accept as a member of its organization, on the same terms, subject to the same conditions, and with the same privileges and responsibilities, required of, and extended to, other members of the group any tenant occupying a dwelling unit in such project, at any time during such period as the Secretary of Housing and Urban Development shall deem appropriate, starting on the date of the announcement by the Secretary of Housing and Urban Development of the availability of such project). The Secretary of Housing and Urban Development shall provide an equitable method of selecting the purchasers when preferred purchasers (or groups of preferred purchasers) in the same preference class or containing members in the same preference class compete with each other. Sales pursuant to this section shall be for cash or credit, upon such terms as the Secretary of Housing and Urban Development shall determine, and at the fair value of the property as determined by the Secretary: *Provided*, That full payment to the Government for the property sold shall be required within a period of not exceeding twenty-five years with interest on unpaid balances at not less than 4 per centum per annum.

(b) Temporary housing

Where it is necessary to provide housing under this subchapter in locations where, in the determination of the Secretary of Housing and Urban Development, there appears to be no need for such housing beyond the period during which it is needed for housing persons engaged in national defense activities, the provisions of section 1591a of this title shall not be applicable and temporary housing which is of a mobile or portable character or which is otherwise constructed so as to be

available for reuse at other locations or existing housing built or acquired by the United States under authority of any other law shall be provided. Any temporary housing constructed or acquired under this subchapter which the Secretary of Housing and Urban Development determines to be no longer needed for use under this subchapter shall, unless transferred to the Department of Defense pursuant to section 1592e of this title, or reported as excess to the Administrator of the General Services Administration pursuant to chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of title 41, be sold as soon as practicable to the highest responsible bidder after public advertising, except that if one or more of such bidders is a veteran purchasing a dwelling unit for his own occupancy the sale of such unit shall be made to the highest responsible bidder who is a veteran so purchasing: *Provided*, That the Secretary of Housing and Urban Development may reject any bid for less than two-thirds of the appraised value as determined by him: *Provided further*, That the housing may be sold at fair value (as determined by the Secretary of Housing and Urban Development) to a public body for public use: *And provided further*, That the housing structures shall be sold for removal from the site, except that they may be sold for use on the site if the governing body of the locality has adopted a resolution approving use of such structures on the site.

(c) Preference in admission to occupancy pending ultimate disposition

When the Secretary of Housing and Urban Development determines that any housing provided under this subchapter is no longer required for persons engaged in national defense activities, preference in admission to occupancy thereof shall be given to veterans pending its ultimate sale or disposition in accordance with the provisions of this subchapter. As among veterans, preference in admission to occupancy shall be given to disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected.

§1592d. Secretary's powers with respect to housing, facilities, and services

(a) Planning, acquisition, construction, etc.

With respect to any housing or community facilities or services which the Secretary of Housing and Urban Development is authorized to provide, or any property which he is authorized to acquire, under this Act, the Secretary of Housing and Urban Development is authorized by contract or otherwise (without regard to section 6101 of title 41, section 322 of the Act of June 30, 1932 (47 Stat. 412), as amended,¹ chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of title 41, and prior to the approval of the Attorney General) to make plans, surveys, and investigations; to acquire (by purchase, donation, condemnation or otherwise), construct, erect, extend, remodel, operate, rent, lease, exchange, repair, deal with, insure, maintain, convey, sell for cash or credit, demolish, or otherwise dispose of any property, land, improvement, or interest therein; to provide approaches, utilities, and transportation facilities; to procure necessary materials, supplies, articles, equipment, and machinery; to make advance payments for leased property; to pursue to final disposition by way of compromise or otherwise, claims both for and against the United States (exclusive of claims in excess of \$5,000 arising out of contracts for construction, repairs, and the purchase of supplies and materials, and claims involving administrative expenses) which are not in litigation and which have not been referred to the Department of Justice; and to convey without cost to States and political subdivisions and instrumentalities thereof property for streets and other public thoroughfares and easements for public purposes: *Provided*, That any instrument executed by the Secretary of Housing and Urban Development and purporting to convey any right, title or interest in any property acquired pursuant to this subchapter or subchapter X of this chapter shall be conclusive evidence of compliance with the provisions thereof insofar as title or other interest of any bona fide purchasers, lessees or transferees of such property is concerned. Notwithstanding any provisions of this Act, housing or community facilities constructed by the United States pursuant to the authority contained herein shall

conform to the requirements of State and local laws, ordinances, rules, or regulations relating to health and sanitation, and, to the maximum extent practicable, taking into consideration the availability of materials and the requirements of national defense, any housing or community facilities, except housing or community facilities of a temporary character, constructed by the United States pursuant to the authority contained herein shall conform to the requirements of State or local laws, ordinances, rules, or regulations relating to building codes.

(b) Condemnation

Before condemnation proceedings are instituted pursuant to this subchapter or subchapter X an effort shall be made to acquire the property involved by negotiation unless, because of reasonable doubt as to the identity of the owner or owners, because of the large number of persons with whom it would be necessary to negotiate, or for other reasons, the effort to acquire by negotiation would involve, in the judgment of the Secretary of Housing and Urban Development, such delay in acquiring the property as to be contrary to the interest of national defense. In any condemnation proceeding instituted pursuant to this subchapter or subchapter X, the court shall not order the party in possession to surrender possession in advance of final judgment unless a declaration of taking has been filed, and a deposit of the amount estimated to be just compensation has been made, under section 3114(a) to (d) of title 40, providing for such declarations. Unless title is in dispute, the court, upon application, shall promptly pay to the owner at least 75 per centum of the amount so deposited, but such payment shall be made without prejudice to any party to the proceeding.

(c) Return to original owner in certain cases

If any real property acquired under this subchapter or subchapter X is retained after June 30, 1954, without having been used for the purposes of this Act, the Secretary of Housing and Urban Development shall, if the original owner desires the property and pays the fair value thereof, return such property to the owner. In the event the Secretary of Housing and Urban Development and the original owner do not agree as to the fair value of the property, the fair value shall be determined by three appraisers, one of whom shall be chosen by the Secretary of Housing and Urban Development, one by the original owner, and the third by the first two appraisers; the expenses of such determination shall be paid in equal shares by the Government and the original owner.

SUBCHAPTER XI—HOUSING FOR MILITARY PERSONNEL

§1594. Contracts for construction

(a) Contract provisions; competitive bids

The Secretary of Defense or his designee is authorized to enter into contracts with any eligible bidder to provide for the construction of urgently needed housing on lands owned or leased by the United States and situated on or near a military reservation or installation for the purpose of

providing suitable living accommodations for military personnel of the armed services assigned to duty at the military installation at or in the area where the housing is situated. Any such contract shall provide that each housing unit in the project shall be placed under the control of the Secretary of Defense, or his designee, as soon as the unit is available for occupancy as determined by the Secretary of Housing and Urban Development. Any such contract shall also provide that, except for stock held by the Secretary of Housing and Urban Development, the capital stock of the mortgagor (where the mortgagor is a corporation) be transferred to the Secretary of Defense, or his designee, when the housing has been completed as determined by the Secretary of Housing and Urban Development. Any such contract shall contain such terms and conditions as the Secretary of Defense may determine to be necessary to protect the interests of the United States. Any such contract shall provide for the furnishing by the contractor of a performance bond and a payment bond with a surety or sureties satisfactory to the Secretary of Defense, or his designee, and the furnishing of such bonds shall be deemed a sufficient compliance with the provisions of section 3131 of title 40, and no additional bonds shall be required under such section. Before the Secretary of Defense shall enter into any contract as authorized by this section for the construction of housing, he shall invite the submission of competitive bids after advertising in the manner prescribed in chapters 221 and 241 of title 10.

(b) "Eligible bidder" defined

For the purposes of this subchapter, the term "eligible bidder" means a person, partnership, firm, or corporation determined by the Secretary of Defense after consultation with the Secretary of Housing and Urban Development (1) to be qualified by experience and financial responsibility to construct housing of the type described in subsection (a) of this section, and (2) to have submitted the lowest acceptable bid.

(c) Acquisition of capital stock of property covered by mortgage

Notwithstanding any other provision of law, the Secretary of Defense or his designee is authorized to acquire the capital stock of mortgagors holding property covered by a mortgage insured under title VIII of the National Housing Act as amended by the Housing Amendments of 1955 [12 U.S.C. 1748 et seq.], and to exercise the rights as holder of such capital stock during the life of such mortgage and, upon the termination of the mortgage, to dissolve the corporation; to guarantee the payment of notes or other legal instruments required by the Secretary of Housing and Urban Development of such mortgagors; to make payments thereon; and to guarantee and indemnify the Armed Services Housing Mortgage Insurance Fund against loss in cases where so required. All housing facilities placed under the control of the Secretary of Defense pursuant to the provisions of this subchapter shall be deemed to be housing facilities under the jurisdiction of the military department to which they are assigned.

(d) Opinion as to title to property; guarantee; title search and title insurance

On request by the Secretary of Defense, the Attorney General shall furnish to the Secretary of Defense, or his designee, an opinion as to the sufficiency of title to any property on which it is proposed to construct housing, or on which housing has been constructed, under this section. If the opinion of the Attorney General is that the title to any such property is good and sufficient, the Secretary of Defense is authorized to guarantee, or enter into a commitment to guarantee, the mortgagee, under a mortgage on such property which is insured under title VIII of the National Housing Act [12 U.S.C. 1748 et seq.], against any losses that may thereafter arise from adverse claims to title. None of the proceeds of any mortgage loan hereafter insured under such title VIII shall be used for title search and title insurance costs: *Provided*, That if the Secretary of Defense, or his designee, determines in the case of any housing project, that the financing of the construction of such project is impossible unless title insurance is provided, the Secretary of Defense may provide for the payment of the reasonable costs necessary for obtaining title search and title insurance. Any payments by the Secretary of Defense hereunder shall be made from the revolving fund established under section 1594a(g)¹ of this title. Any determination by the Secretary of Defense under the foregoing proviso shall be set forth in writing, together with the reasons therefor. The Committees on

Armed Services of the Senate and House of Representatives shall be promptly notified of each such determination, and of the amount of any payment made by the Secretary of Defense for title search and title insurance costs.

The amount of such deposit for the purpose of this section shall not in any case be less than an amount equal to the actual cost of the housing (not including the value of any improvements installed or constructed with appropriated funds) as certified by the sponsor or owner of the project to the Secretary of Housing and Urban Development pursuant to any statute or any regulations issued by the Secretary of Housing and Urban Development, reduced by the amount of the principal obligation of the mortgage outstanding at the time possession is surrendered, but any such deposit shall not include any excess mortgage proceeds or "windfalls," kickbacks and rebates received in connection with the construction of said housing as determined by the Department of Defense, or any other Federal agency. The amount of such deposit in any case where the sponsor or owner has not certified the cost of the project to the

Secretary of Housing and Urban Development at August 10, 1959, shall be determined by the Secretary of Defense, or his designee, in accordance with sections 3114 to 3116 and 3118 of title 40, with a view toward accurately estimating the equity of the sponsor or owner: *Provided*, That in the event there is withdrawn from the registry of the court by the owner or sponsor a sum of money in excess of the final award of just compensation, this excess shall be repaid to the United States plus a sum equal to 4 per centum per annum on such excess from the time such sum is deposited in the registry of the court: *Provided further*, That any court in which money is deposited as provided in this section shall require the furnishing of security by the owner to protect the United States from any loss by reason of a final award of just compensation of less than the amount deposited: *And provided further*, That the deposit required to be made by this section shall be without prejudice to any party in the determination of just compensation. Unless title is in dispute, the court, upon application and subject to the foregoing provisions of this subsection, shall promptly pay to the owner at least 75 per centum of the amount so deposited, but such payment shall be made without prejudice to any party to the proceeding. In the event that condemnation proceedings are instituted in accordance with procedures under sections 3114 to 3116 and 3118 of title 40, the court shall order that the amount deposited shall be paid in a lump sum or over a period not exceeding five years in accordance with stipulations executed by the parties in the proceedings. In connection with condemnation proceedings which do not utilize the procedures under such sections, the Secretary of Defense or his designee, after final judgment of the court, may pay or agree to pay in a lump sum or, in accordance with stipulations executed by the parties to the proceedings, over a period not exceeding five years the difference between the outstanding principal obligation, plus accrued interest, and the price for the property fixed by the court. Unless such payment is made in a lump sum, the unpaid balance thereof shall bear interest at the rate of 4 per centum per annum.

(d) Occupancy; use, or improvement of property before approval of title

Property acquired under this section may be occupied, used, and improved for the purposes of this section prior to the approval of title by the Attorney General as required by sections 3111 and 3112 of title 40.

(e) Release of accrual requirements for replacement, taxes, and hazard insurance reserves

The Secretary of Defense or his designee may, in the case of any housing acquired or to be acquired under this section, make arrangements with the mortgage whereby such mortgage will agree to release and waive all requirements of accruals for reserves for replacement, taxes, and hazard insurance provided for under the corporate charter and indenture agreement with respect to such housing, upon the execution of a written agreement by the Secretary or his designee that the purposes for which such reserves and other funds were accrued will be carried out.

(f) Use as public quarters or lease of housing

Any housing acquired under this section may be (1) assigned as public quarters to military personnel and their dependents; or (2) leased to military and civilian personnel for occupancy by them and their dependents, upon such terms and conditions as will in the judgment of the Secretary of Defense or his designee be in the best interest of the United States, without loss to military personnel of their basic allowance for quarters or appropriate allotments.

SUBCHAPTER I—COMPENSATION, REIMBURSEMENT, ETC., BY SECRETARY OF LABOR

§1701. Compensation for injury or death resulting from war-risk hazard

(a) Persons covered

In case of injury or death resulting from injury—

(1) to any person employed by a contractor with the United States, if such person is an employee specified in chapter 11 of this title, and no compensation is payable with respect to such injury or death under such chapter; or

(2) to any person engaged by the United States under a contract for his personal services outside the continental United States; or

(3) to any person employed outside the continental United States as a civilian employee paid from nonappropriated funds administered by the Army and Air Force Exchange Service, Army and Air Force Motion Picture Service, Navy Ship's Store Ashore, Navy exchanges, Marine Corps exchanges, officers' and noncommissioned officers' open messes, enlisted men's clubs, service clubs, special service activities, or any other instrumentality of the United States under the jurisdiction of the Department of Defense and conducted for the mental, physical, and morale improvement of personnel of the Department of Defense and their dependents; or

(4) to any person who is an employee specified in section 1651(a)(5) of this title, if no compensation is payable with respect to such injury or death under chapter 11 of this title or to any person engaged under a contract for his personal services outside the United States approved and financed by the United States under the Mutual Security Act of 1954, as amended (other than title II of chapter II thereof unless the Secretary of Labor, upon the recommendation of the head of any department or other agency of the United States Government, determines a contract financed under a successor provision of any successor Act should be covered by this section): *Provided*, That in cases where the United States is not a formal party to contracts approved and financed under the Mutual Security Act of 1954, as amended, the Secretary, upon the recommendation of the head of any department or agency of the United States, may, in the exercise of his discretion, waive the application of the provisions of this subparagraph with respect to any such contracts, subcontracts, or subordinate contracts, work location under such contracts, subcontracts, or subordinate contracts, or classification of employees; or

(5) to any person employed or otherwise engaged for personal services outside the continental United States by an American employer providing welfare or similar services for the benefit of the Armed Forces pursuant to appropriate authorization by the Secretary of Defense,

and such injury proximately results from a war-risk hazard, whether or not such person then actually was engaged in the course of his employment, the provisions of subchapter I of chapter 81

of title 5, as amended, and as modified by this chapter, shall apply with respect thereto in the same manner and to the same extent as if the person so employed were a civil employee of the United States and were injured while in the performance of his duty, and any compensation found to be due shall be paid from the compensation fund established pursuant to section 8147 of title 5. This subsection shall not be construed to include any person who would otherwise come within the purview of subchapter I of chapter 81 of title 5.

(b) Missing persons considered as totally disabled

(1) Any person specified in subsection (a) who—

(A) is found to be missing from his place of employment, whether or not such person then actually was engaged in the course of his employment, under circumstances supporting an inference that his absence is due to the belligerent action of a hostile force or person, or

(B) is known to have been taken by a hostile force or person as a prisoner, hostage, or otherwise, or

(C) is not returned to his home or to the place where he was employed by reason of the failure of the United States or its contractor to furnish transportation,

until such time as he is returned to his home, to the place of his employment, or is able to be returned to the jurisdiction of the United States, shall, under such regulations as the Secretary may prescribe, be regarded solely for the purposes of this subsection as totally disabled, and the same benefits as are provided for such disability under this subchapter shall be credited to his account and be payable to him for the period of such absence or until his death is in fact established or can be legally presumed to have occurred: *Provided*, That if such person has dependents residing in the United States or its Territories or possessions (including the United States Naval Operating Base, Guantanamo Bay, Cuba, and the Canal Zone), the Secretary during the period of such absence may disburse a part of such compensation, accruing for such total disability, to such dependents, which shall be equal to the monthly benefits otherwise payable for death under this subchapter, and the balance of such compensation for total disability shall accrue and be payable to such person upon his return from such absence. Any payment made pursuant to this subsection shall not in any case be included in computing the maximum aggregate or total compensation payable for disability or death, as provided in section 1702(a) of this title: *Provided further*, That no such payment to such person or his dependent, on account of such absence, shall be made during any period such person or dependent, respectively, has received, or may be entitled to receive, any other payment from the United States, either directly or indirectly, because of such absence, unless such person or dependent refunds or renounces such other benefit or payment for the period claimed.

Benefits found to be due under this subsection shall be paid from the compensation fund established pursuant to section 8147 of title 5: *Provided*, That the determination of dependents, dependency, and amounts of payments to dependents shall be made in the manner specified in subchapter I of chapter 81 of title 5: *Provided further*, That claim for such detention benefits shall be filed in accordance with and subject to the limitation provisions of subchapter I of chapter 81 of title 5, as modified by section 1706(c) of this title: *And provided further*, That except in cases of fraud or willful misrepresentation, the Secretary may waive recovery of money erroneously paid under this subdivision whenever he finds that such recovery would be impracticable or would cause hardship to the beneficiary affected: *And provided further*, That where such a person is found to be missing from his place of employment whether or not such person then actually was engaged in the course of his employment, under circumstances supporting an inference that his absence is due to the belligerent action of a hostile force or person or is known to have been taken by a hostile force or person as a prisoner, hostage, or otherwise, the amount of benefits to be credited to the account of such person under this subsection, and for the purposes of this subsection only, shall be 100 per centum of the average weekly wages of such person, except that in computing such benefits such average weekly wages (a) shall not exceed the average weekly wages paid to civilian employees of the United States in the same or most similar occupation in the area nearest to the place of employment where such person was last employed, and (b) shall not exceed the average weekly wages of such absent person at the time such absence began; and 70 per centum of such average weekly wage so determined shall

be disbursed to the dependent or dependents of such person, irrespective of the limitations of section 909 of title 33, but should there be more than one such dependent, the distribution of such 70 per centum shall be proportionate to the percentages allowed for dependents by section 909 of title 33, and if such manner of disbursement in any case would result in injustice or excessive allowance for a dependent, the Secretary may, in his discretion, modify such percentage or apportionment to meet the requirements of the case; and in such cases benefits for detention shall accrue from January 1, 1942, unless the beginning of absence occurred upon a later date in which event benefits shall accrue from such later date, and for the period of such absence shall be 100 per centum of the average weekly wages, determined as herein provided: *And provided further*, That compensation for disability under this subchapter (except under allowance for scheduled losses of members or functions of the body, within the purview of section 1702(a) of this title) shall not be paid in any case in respect to any period of time during which benefits for detention may accrue under this subchapter in the same case, and should a person entitled to benefits for detention also be entitled to workmen's compensation or similar benefits under any other law, agreement, or plan (except allowances for scheduled losses of members or functions of the body), where such other benefits are paid or to be paid directly or indirectly by the United States, the amount thereof accruing as to the period of absence shall be taken into account and the benefits credited to the account of the detained person reduced accordingly: *And provided further*, That where through mistake of fact, absence of proof of death, or error through lack of adequate information or otherwise, payments as for detention have in any case been erroneously made or credited, any resulting overpayment of detention benefits (the recovery of which is not waived as otherwise provided for in this section) shall be recouped by the Secretary in such manner as he shall determine from any unpaid accruals to the account of the detained person, and if such accruals are insufficient for such purpose, then from any allowance of compensation for injury or death in the same case (whether under this subchapter or under any other law, agreement, or plan, if the United States pays, or is obligated to pay, such benefits, directly or indirectly), but only to the extent of the amount of such compensation benefits payable for the particular period of such overpayment, and in cases of erroneous payments of compensation for injury or death, made through mistake of fact, whether under this subchapter or under any other law, agreement, or plan (if the United States is obligated to pay such compensation, directly or indirectly), the Secretary is authorized to recoup from any unpaid benefits for detention, the amount of any overpayment thus arising; and any amounts recovered under this section shall be covered into such compensation fund, and for the foregoing purposes the Secretary shall have a right of lien, intervention, and recovery in any claim or proceeding for compensation.

(2) Upon application by such person, or someone on his behalf, the Secretary may, under such regulations as he may prescribe, furnish transportation or the cost thereof (including reimbursement) to any such person from the point where his release from custody by a hostile force or person is effected, to his some, the place of his employment, or other place within the jurisdiction of the United States; but no transportation, or the cost thereof, shall be furnished under this paragraph where such person is furnished such transportation, or the cost thereof, under any agreement with his employer or under any other provision of law.

(3) In the case of death of any such person, if his death occurred away from his home, the body of such person shall, in the discretion of the Secretary, and if so desired by his next of kin, near relative, or legal representative, be embalmed and transported in a hermetically sealed casket or other appropriate container to the home of such person or to such other place as may be designated by such next of kin, near relative, or legal representative. No expense shall be incurred under this paragraph by the Secretary in any case where death takes place after repatriation, unless such death proximately results from a war-risk hazard.

(4) Such benefits for detention, transportation expenses of repatriated persons, and expenses of embalming, providing sealed or other appropriate container, and transportation of the body, and attendants (if required), as approved by the Secretary, shall be paid out of the compensation fund established under section 8147 of title 5.

(c) Persons not citizens or residents of United States

Compensation for permanent total or permanent partial disability or for death payable under this

section to persons who are not citizens of the United States and who are not residents of the United States or Canada, shall be in the same amount as provided for residents; except that dependents in any foreign country shall be limited to surviving wife or husband and child or children, or if there be no surviving wife or husband or child or children, to surviving father or mother whom such person has supported, either wholly or in part, for the period of one year immediately prior to the date of the injury; and except that the Secretary, at his option, may commute all future installments of compensation to be paid to such persons by paying to them one-half of the commuted amount of such future installments of compensation as determined by the Secretary.

(d) Persons excepted from coverage

The provisions of this section shall not apply in the case of any person (1) whose residence is at or in the vicinity of the place of his employment, and (2) who is not living there solely by virtue of the exigencies of his employment, unless his injury or death resulting from injury occurs or his detention begins while in the course of his employment, or (3) who is a prisoner of war or a protected person under the Geneva Conventions of 1949 and who is detained or utilized by the United States.

§1704. Reimbursement

Where any employer or his insurance carrier or compensation fund pays or is required to pay benefits—

(1) to any person or fund on account of injury or death of any person coming within the purview of this subchapter or chapter 11 of this title, if such injury or death arose from a war-risk hazard, which are payable under any workmen's compensation law of the United States or of any State,

Territory, or possession of the United States, or other jurisdiction; or

§1755. Direct expenditures for agricultural commodities and other foods

(a) Administrative expenses; nutritional education; pilot projects; cash-in-lieu of commodities study; refusal of commodities and receipt of other commodities available to the State in lieu of the refused commodities

The funds provided by appropriation or transfer from other accounts for any fiscal year for

carrying out the provisions of this chapter, and for carrying out the provisions of the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], other than section 3 thereof [42 U.S.C. 1772] less

(1) not to exceed 3½ per centum thereof which per centum is hereby made available to the Secretary for the Secretary's administrative expenses under this chapter and under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.];

(2) the amount apportioned by the Secretary pursuant to section 1753 of this title and the amount appropriated pursuant to sections 1759a and 1761 of this title and sections 4 and 7 of the Child Nutrition Act of 1966 [42 U.S.C. 1773 and 1776]; and

(3) not to exceed 1 per centum of the funds provided for carrying out the programs under this chapter and the programs under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], other than section 3 [42 U.S.C. 1772], which per centum is hereby made available to the Secretary to supplement the nutritional benefits of these programs through grants to States and other means for nutritional training and education for workers, cooperators, and participants in these programs, for pilot projects and the cash-in-lieu of commodities study required to be carried out under section 1769 of this title, and for necessary surveys and studies of requirements for food service programs in furtherance of the purposes expressed in section 1751 of this title, and section 2 of the Child Nutrition Act of 1966 [42 U.S.C. 1771],

shall be available to the Secretary during such year for direct expenditure by the Secretary for agricultural commodities and other foods to be distributed among the States and schools and service institutions participating in the food service programs under this chapter and under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.] in accordance with the needs as determined by the local school and service institution authorities. Except as provided in the next 2 sentences, any school participating in food service programs under this chapter may refuse to accept delivery of not more than 20 percent of the total value of agricultural commodities and other foods tendered to it in any school year; and if a school so refuses, that school may receive, in lieu of the refused commodities, other commodities to the extent that other commodities are available to the State during that year. Any school food authority may refuse some or all of the fresh fruits and vegetables offered to the school food authority in any school year and shall receive, in lieu of the offered fruits and vegetables, other more desirable fresh fruits and vegetables that are at least equal in value to the fresh fruits and vegetables refused by the school food authority. The value of any fresh fruits and vegetables refused by a school under the preceding sentence for a school year shall not be used to determine the 20 percent of the total value of agricultural commodities and other foods tendered to the school food authority in the school year under the second sentence. The provisions of law contained in the proviso of section 713c of title 15, facilitating operations with respect to the purchase and disposition of surplus agricultural commodities under section 612c of title 7, shall, to the extent not inconsistent with the provision of this chapter, also be applicable to expenditures of funds by the Secretary under this chapter. In making purchases of such agricultural commodities and other foods, the Secretary shall not issue specifications which restrict participation of local producers unless such specifications will result in significant advantages to the food service programs authorized by this chapter and the Child Nutrition Act of 1966.

(b) Delivery of commodities

The Secretary shall deliver, to each State participating in the school lunch program under this chapter, commodities valued at the total level of assistance authorized under subsection (c)¹ for each school year for the school lunch program in the State, not later than September 30 of the following school year.

(c) Level of commodity assistance; computation of index; calculation of total assistance to each State; emphasis on high protein foods; per meal value of donated foods

(1)(A) The national average value of donated foods, or cash payments in lieu thereof, shall be 11 cents, adjusted on July 1, 1982, and each July 1 thereafter to reflect changes in the Price Index for Food Used in Schools and Institutions. The Index shall be computed using 5 major food components in the Bureau of Labor Statistics' Producer Price Index (cereal and bakery products, meats, poultry

and fish, dairy products, processed fruits and vegetables, and fats and oils). Each component shall be weighed using the same relative weight as determined by the Bureau of Labor Statistics.

(B) The value of food assistance for each meal shall be adjusted each July 1 by the annual percentage change in a 3-month average value of the Price Index for Foods Used in Schools and Institutions for March, April, and May each year. Such adjustment shall be computed to the nearest $\frac{1}{4}$ cent.

(C) For each school year, the total commodity assistance or cash in lieu thereof available to a State for the school lunch program shall be calculated by multiplying the number of lunches served in the preceding school year by the rate established by subparagraph (B). After the end of each school year, the Secretary shall reconcile the number of lunches served by schools in each State with the number of lunches served by schools in each State during the preceding school year and increase or reduce subsequent commodity assistance or cash in lieu thereof provided to each State based on such reconciliation.

(D) Among those commodities delivered under this section, the Secretary shall give special emphasis to high protein foods, meat, and meat alternates (which may include domestic seafood commodities and their products).

(E) Notwithstanding any other provision of this section, not less than 75 percent of the assistance provided under this subsection shall be in the form of donated foods for the school lunch program.

(2) To the maximum extent feasible, each State agency shall offer to each school food authority under its jurisdiction that participates in the school lunch program and receives commodities, agricultural commodities and their products, the per meal value of which is not less than the national average value of donated foods established under paragraph (1). Each such offer shall include the full range of such commodities and products that are available from the Secretary to the extent that quantities requested are sufficient to allow efficient delivery to and within the State.

(d) Termination of commodity assistance based upon school breakfast program

(1) Funds appropriated to carry out section 1753 of this title during any fiscal year shall be available for payment to the States for disbursement by State educational agencies in accordance with such agreements, not inconsistent with the provisions of this chapter, as may be entered into by the Secretary and such State educational agencies for the purpose of assisting schools within the States in obtaining agricultural commodities and other foods for consumption by children in furtherance of the school lunch program authorized under this chapter. For any school year, such payments shall be made to a State only if, during such school year, the amount of the State revenues (excluding State revenues derived from the operation of the program) appropriated or used specifically for program purposes (other than any State revenues expended for salaries and

administrative expenses of the program at the State level) is not less than 30 percent of the funds made available to such State under section 1753 of this title for the school year beginning July 1, 1980.

(2) If, for any school year, the per capita income of a State is less than the average per capita income of all the States, the amount required to be expended by a State under paragraph (1) for such year shall be an amount bearing the same ratio to the amount equal to 30 percent of the funds made available to such State under section 1753 of this title for the school year beginning July 1, 1980, as the per capita income of such State bears to the average per capita income of all the States.

(b) Disbursements; private schools

The State revenues provided by any State to meet the requirement of subsection (a) shall, to the extent the State deems practicable, be disbursed to schools participating in the school lunch program under this chapter. (c) Certification of payments by Secretary

The Secretary shall certify to the Secretary of the Treasury, from time to time, the amounts to be paid to any State under this section and shall specify when such payments are to be made. The Secretary of the Treasury shall pay to the State, at the time or times fixed by the Secretary, the amounts so certified.

EDITORIAL NOTES

AMENDMENTS

1996—Pub. L. 104–193 designated first and second sentences as subsecs. (a) and (b), respectively, substituted "in subsection (a)" for "in the preceding sentence" in subsec. (b), designated third sentence as subsec. (c) and substituted "The State educational agency may" for "Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to", struck out fourth and fifth sentences, designated sixth sentence as subsec. (d) and substituted "Use of funds paid to States" for "Such food costs", and designated seventh to ninth sentences as subsecs. (e) to (g), respectively. Prior to amendment, fourth and fifth sentences read as follows: "Such disbursement to any school shall be made only for the purpose of assisting it to obtain agricultural commodities and other foods for consumption by children in the school lunch program. The terms 'child' and 'children' as used in this chapter shall be deemed to include individuals regardless of age who are determined by the State educational agency, in accordance with regulations prescribed by the Secretary, to have 1 or more mental or physical handicaps and who are attending any child care institution as defined in section 1766 of this title or any nonresidential public or nonprofit private school of high school grade or under for the purpose of participating in a school program established for individuals with mental or physical handicaps: *Provided*, That no institution that is not otherwise eligible to participate in the program under section 1766 of this title shall be deemed so eligible because of this sentence."

1989—Pub. L. 101–147, §312(1), substituted "school lunch" for "school-lunch" in three places.

Pub. L. 101–147, §304, which directed the amendment of subsec. (d) by substituting "individuals" for "persons", "to have 1 or more mental or physical handicaps" for "to be mentally or physically handicapped", and "for individuals with mental or physical handicaps" for "for mentally or physically handicapped", was executed by making the substitutions in the undesignated text before the proviso as the probable intent of Congress because the section contains no subsection designations.

Pub. L. 101–147, §201, inserted after first sentence "The agreements described in the preceding sentence shall be permanent agreements that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to suspend or terminate any such agreement in accordance with regulations prescribed by the Secretary."

1981—Pub. L. 97–35 substituted references to per meal reimbursement rate, for references to Federal food-cost contribution rate wherever appearing, and struck out reference to section 1754 of this title, and food service equipment assistance.

1978—Pub. L. 95–627 inserted provision relating to definition of "child" and "children".

1977—Pub. L. 95–166 substituted "food service equipment assistance" for "nonfood assistance".

1973—Pub. L. 93–150 provided that in any fiscal year in which the national average payment per lunch determined under section 1753 of this title is increased above the amount prescribed in the previous fiscal

year, the maximum Federal food-cost contribution rate, for the type of lunch served, shall be increased by a like amount.

1972—Pub. L. 92–433 substituted provision that disbursement to schools be made for the purpose of assisting them to finance the costs of agricultural commodities, for provision that such disbursement be made for the purpose of reimbursing them for such costs and inserted provision that lunch assistance disbursements to schools under this section and section 1759a of this title may be made in advance or by way of reimbursement according to procedure prescribed by the Secretary.

§1758. Program requirements

(a) Nutritional requirements

(1)(A) Lunches served by schools participating in the school lunch program under this chapter shall meet minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research, except that the minimum nutritional requirements—

- (ii) shall, at a minimum, be based on the weekly average of the nutrient content of school lunches.

(B) The Secretary shall provide technical assistance and training, including technical assistance and training in the preparation of lower-fat versions of foods commonly used in the school lunch program under this chapter, to schools participating in the school lunch program to assist the schools in complying with the nutritional requirements prescribed by the Secretary pursuant to subparagraph (A) and in providing appropriate meals to children with medically certified special dietary needs. The Secretary shall provide additional technical assistance to schools that are having difficulty maintaining compliance with the requirements.

- (ii) may offer students flavored and unflavored fluid milk and lactose-free fluid milk; and
- (iii) shall provide a substitute for fluid milk for students whose disability restricts their diet, on receipt of a written statement from a licensed physician that identifies the disability that restricts the student's diet and that specifies the substitute for fluid milk.

(B) **SUBSTITUTES.**—

(i) **STANDARDS FOR SUBSTITUTION.**—A school may substitute for the fluid milk provided under subparagraph (A), a nondairy beverage that is nutritionally equivalent to fluid milk and meets nutritional standards established by the Secretary (which shall, among other requirements to be determined by the Secretary, include fortification of calcium, protein,

vitamin A, and vitamin D to levels found in cow's milk) for students who cannot consume fluid milk because of a medical or other special dietary need other than a disability described in subparagraph (A)(iii).

(ii) NOTICE.—The substitutions may be made if the school notifies the State agency that the school is implementing a variation allowed under this subparagraph, and if the substitution is requested by written statement of a medical authority or by a student's parent or legal guardian that identifies the medical or other special dietary need that restricts the student's diet, except that the school shall not be required to provide beverages other than beverages the school has identified as acceptable substitutes.

(iii) EXCESS EXPENSES BORNE BY SCHOOL FOOD AUTHORITY.—Expenses incurred in providing substitutions under this subparagraph that are in excess of expenses covered by reimbursements under this chapter shall be paid by the school food authority.

(C) RESTRICTIONS ON SALE OF MILK PROHIBITED.—A school that participates in the school lunch program under this chapter shall not directly or indirectly restrict the sale or marketing of fluid milk products by the school (or by a person approved by the school) at any time or any place—

- (i) on the school premises; or
- (ii) at any school-sponsored event.

(3) Students in senior high schools that participate in the school lunch program under this chapter (and, when approved by the local school district or nonprofit private schools, students in any other grade level) shall not be required to accept offered foods they do not intend to consume, and any such failure to accept offered foods shall not affect the full charge to the student for a lunch meeting the requirements of this subsection or the amount of payments made under this chapter to any such school for such lunch.

(4) PROVISION OF INFORMATION.—

(A) GUIDANCE.—Prior to the beginning of the school year beginning July 2004, the Secretary shall issue guidance to States and school food authorities to increase the consumption of foods and food ingredients that are recommended for increased serving consumption in the most recent Dietary Guidelines for Americans published under section 5341 of title 7.

(B) RULES.—Not later than 2 years after June 30, 2004, the Secretary shall promulgate rules, based on the most recent Dietary Guidelines for Americans, that reflect specific recommendations, expressed in serving recommendations, for increased consumption of foods and food ingredients offered in school nutrition programs under this chapter and the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.).

(C) PROCUREMENT AND PROCESSING OF FOOD SERVICE PRODUCTS AND COMMODITIES.—The Secretary shall—

(ii) not later than 1 year after December 13, 2010—

(I) carry out a study to analyze the quantity and quality of nutritional information available to school food authorities about food service products and commodities; and

(iii) to the maximum extent practicable, in purchasing and processing commodities for use in school nutrition programs under this chapter and the Child Nutrition Act of 1966 (42 U.S.C.

1771 et seq.), purchase the widest variety of healthful foods that reflect the most recent Dietary Guidelines for Americans.

(5) WATER.—Schools participating in the school lunch program under this chapter shall make available to children free of charge, as nutritionally appropriate, potable water for consumption in the place where meals are served during meal service.

(b) Eligibility

(1)(A) Not later than June 1 of each fiscal year, the Secretary shall prescribe income guidelines for determining eligibility for free and reduced price lunches during the 12-month period beginning July 1 of such fiscal year and ending June 30 of the following fiscal year. The income guidelines for determining eligibility for free lunches shall be 130 percent of the applicable family size income levels contained in the nonfarm income poverty guidelines prescribed by the Office of Management and Budget, as adjusted annually in accordance with subparagraph (B). The income guidelines for determining eligibility for reduced price lunches for any school year shall be 185 percent of the applicable family size income levels contained in the nonfarm income poverty guidelines prescribed by the Office of Management and Budget, as adjusted annually in accordance with subparagraph (B). Rewrites under this subparagraph shall be made not more than 30 days after the date on which the consumer price index data required to compute the adjustment becomes available.

(2)(A) Following the determination by the Secretary under paragraph (1) of this subsection of the income eligibility guidelines for each school year, each State educational agency shall announce the income eligibility guidelines, by family size, to be used by schools in the State in making determinations of eligibility for free and reduced price lunches. Local school authorities shall, each year, publicly announce the income eligibility guidelines for free and reduced price lunches on or before the opening of school.

(i) IN GENERAL.—Applications for free and reduced price lunches, in such form as the Secretary may prescribe or approve, and any descriptive material, shall be distributed to the parents or guardians of children in attendance at the school, and shall contain only the family size income levels for reduced price meal eligibility with the explanation that households with incomes less than or equal to these values would be eligible for free or reduced price lunches.

(B) Except as provided in subparagraph (C), (D), (E), or (F), in the case of any school which determines that at least 80 percent of the children in attendance during a school year (hereinafter in this sentence referred to as the "first school year") are eligible for free lunches or reduced price lunches, special assistance payments shall be paid to the State educational agency with respect to that school, if that school so requests for the school year following the first school year, on the basis of the number of free lunches or reduced price lunches, as the case may be, that are served by that school during the school year for which the request is made, to those children who were determined to be so eligible in the first school year and the number of free lunches and reduced price lunches served during that year to other children determined for that year to be eligible for such lunches.

(C)(i) Except as provided in subparagraph (D), in the case of any school or school district that—

(I) elects to serve all children in the school or school district free lunches under the school lunch program during any period of 4 successive school years, or in the case of a school or school district that serves both lunches and breakfasts, elects to serve all children in the school or school district free lunches and free breakfasts under the school lunch program and the school breakfast program established under section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773) during any period of 4 successive school years; and

(II) pays, from sources other than Federal funds, for the costs of serving the lunches or breakfasts that are in excess of the value of assistance received under this chapter and the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) with respect to the number of lunches or breakfasts served during the period;

special assistance payments shall be paid to the State educational agency with respect to the school or school district during the period on the basis of the number of lunches or breakfasts determined under clause (ii) or (iii).

(ii) For purposes of making special assistance payments under clause (i), except as provided in clause (iii), the number of lunches or breakfasts served by a school or school district to children who are eligible for free lunches or breakfasts or reduced price lunches or breakfasts during each school year of the 4-school-year period shall be considered to be equal to the number of lunches or breakfasts served by the school or school district to children eligible for free lunches or breakfasts or reduced price lunches or breakfasts during the first school year of the period.

(iii) For purposes of computing the amount of the payments, a school or school district may elect to determine on a more frequent basis the number of children who are eligible for free or reduced price lunches or breakfasts who are served lunches or breakfasts during the 4-school-year period.

(D)(i) In the case of any school or school district that is receiving special assistance payments under this paragraph for a 4-school-year period described in subparagraph (C), the State may grant, at the end of the 4-school-year period, an extension of the period for an additional 4 school years, if the State determines, through available socioeconomic data approved by the Secretary, that the income level of the population of the school or school district has remained stable.

(ii) A school or school district described in clause (i) may reapply to the State at the end of the 4-school-year period, and at the end of each 4-school-year period thereafter for which the school or school district receives special assistance payments under this paragraph, for the purpose of continuing to receive the payments for a subsequent 4-school-year period.

(iii) If the Secretary determines after considering the best available socioeconomic data that the income level of families of children enrolled in a school or school district has not remained stable,

the Secretary may require the submission of applications for free and reduced price lunches, or for free and reduced price lunches and breakfasts, in the first school year of any 4-school-year period for which the school or school district receives special assistance payments under this paragraph, for the purpose of calculating the special assistance payments.

(iv) For the purpose of updating information and reimbursement levels, a school or school district described in clause (i) that carries out a school lunch or school breakfast program may at any time require submission of applications for free and reduced price lunches or for free and reduced price lunches and breakfasts.

(E)(i) In the case of any school or school district that—

(I) elects to serve all children in the school or school district free lunches under the school lunch program during any period of 4 successive school years, or in the case of a school or school district that serves both lunches and breakfasts, elects to serve all children in the school or school district free lunches and free breakfasts under the school lunch program and the school breakfast program during any period of 4 successive school years; and

(II) pays, from sources other than Federal funds, for the costs of serving the lunches or breakfasts that are in excess of the value of assistance received under this chapter and the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) with respect to the number of lunches or breakfasts served during the period;

total Federal cash reimbursements and total commodity assistance shall be provided to the State educational agency with respect to the school or school district at a level that is equal to the total Federal cash reimbursements and total commodity assistance received by the school or school district in the last school year for which the school or school district accepted applications under the school lunch or school breakfast program, adjusted annually for inflation in accordance with paragraph (3)(B) and for changes in enrollment, to carry out the school lunch or school breakfast program.

(ii) A school or school district described in clause (i) may reapply to the State at the end of the 4-school-year period described in clause (i), and at the end of each 4-school-year period thereafter for which the school or school district receives reimbursements and assistance under this subparagraph, for the purpose of continuing to receive the reimbursements and assistance for a subsequent 4-school-year period. The State may approve an application under this clause if the State determines, through available socioeconomic data approved by the Secretary, that the income level of the population of the school or school district has remained consistent with the income level of the population of the school or school district in the last school year for which the school or school district accepted the applications described in clause (i).

(2) Any service institution may only serve lunch and either breakfast or a meal supplement during each day of operation, except that any service institution that is a camp or that serves meals primarily to migrant children may serve up to 3 meals, or 2 meals and 1 supplement, during each day of operation, if (A) the service institution has the administrative capability and the food preparation and food holding capabilities (where applicable) to serve more than one meal per day, and (B) the service period of different meals does not coincide or overlap.

(3) PERMANENT OPERATING AGREEMENTS AND BUDGET FOR ADMINISTRATIVE COSTS.—

(A) PERMANENT OPERATING AGREEMENTS.—

(i) an evaluation of meal quality as related to costs; and

(ii) a determination whether adjustments in the maximum reimbursement levels for food service operation costs prescribed in paragraph (1) of this subsection should be made, including whether different reimbursement levels should be established for self-prepared meals and vended meals and which site-related costs, if any, should be considered as part of administrative costs.

(B) The Secretary shall also study the administrative costs of service institutions participating in the program and shall thereafter prescribe maximum allowable levels for administrative payments that reflect the costs of such service institutions, taking into account the number of sites and children served, and such other factors as the Secretary determines appropriate to further the goals of efficient and effective administration of the program.

(C) The Secretary shall report the results of such studies to Congress not later than December 1, 1977.

(c) Payments for meals served during May through September; exceptions for continuous school calendars or non-school sites; National Youth Sports Program

(1) Payments shall be made to service institutions only for meals served during the months of May through September, except in the case of service institutions that operate food service programs for children on school vacation at any time under a continuous school calendar or that provide meal service at non-school sites to children who are not in school for a period during the months of October through April due to a natural disaster, building repair, court order, or similar cause.

(2) Children participating in National Youth Sports Programs operated by higher education institutions shall be eligible to participate in the program under this paragraph on showing residence in areas in which poor economic conditions exist or on the basis of income eligibility statements for children enrolled in the program.

(d) Advance program payments to States for monthly meal service; letters of credit, forwarding to States; determination of amount; valid claims, receipt

Not later than April 15, May 15, and July 1 of each year, the Secretary shall forward to each State a letter of credit (advance program payment) that shall be available to each State for the payment of meals to be served in the month for which the letter of credit is issued. The amount of the advance program payment shall be an amount which the State demonstrates, to the satisfaction of the Secretary, to be necessary for advance program payments to service institutions in accordance with subsection (e) of this section. The Secretary shall also forward such advance program payments, by the first day of the month prior to the month in which the program will be conducted, to States that operate the program in months other than May through September. The Secretary shall forward any remaining payments due pursuant to subsection (b) of this section not later than sixty days following receipt of valid claims therefor.

(e) Advance program payments to service institutions for monthly meal service; certification of personnel training sessions; minimum days per month operations requirement; payments:

computation, limitation; valid claims, receipt; withholding; demand for repayment; subtraction of disputed payments

(1) Not later than June 1, July 15, and August 15 of each year, or, in the case of service institutions that operate under a continuous school calendar, the first day of each month of operation, the State shall forward advance program payments to each service institution. The State shall not release the second month's advance program payment to any service institution (excluding a school) that has not certified that it has held training sessions for its own personnel and the site personnel with regard to program duties and responsibilities. No advance program payment may be made for any month in which the service institution will operate under the program for less than ten days.

(2) The amount of the advance program payment for any month in the case of any service institution shall be an amount equal to (A) the total program payment for meals served by such service institution in the same calendar month of the preceding calendar year, (B) 50 percent of the amount established by the State to be needed by such service institution for meals if such service institution contracts with a food service management company, or (C) 65 percent of the amount established by the State to be needed by such service institution for meals if such service institution prepares its own meals, whichever amount is greatest: *Provided*, That the advance program payment may not exceed the total amount estimated by the State to be needed by such service institution for meals to be served in the month for which such advance program payment is made or \$40,000, whichever is less, except that a State may make a larger advance program payment to such service institution where the State determines that such larger payment is necessary for the operation of the program by such service institution and sufficient administrative and management capability to justify a larger payment is demonstrated. The State shall forward any remaining payment due a service institution not later than seventy-five days following receipt of valid claims. If the State has reason to believe that a service institution will not be able to submit a valid claim for reimbursement covering the period for which an advance program payment has been made, the subsequent month's advance program payment shall be withheld until such time as the State has received a valid claim. Program payments advanced to service institutions that are not subsequently deducted from a valid claim for reimbursement shall be repaid upon demand by the State. Any prior payment that is under dispute may be subtracted from an advance program payment.

(f) Nutritional standards

(1) Service institutions receiving funds under this section shall serve meals consisting of a combination of foods and meeting minimum nutritional standards prescribed by the Secretary on the basis of tested nutritional research.

(2) The Secretary shall provide technical assistance to service institutions and private nonprofit organizations participating in the program to assist the institutions and organizations in complying with the nutritional requirements prescribed by the Secretary pursuant to this subsection.

(3) Meals described in paragraph (1) shall be served without cost to children attending service institutions approved for operation under this section, except that, in the case of camps, charges may be made for meals served to children other than those who meet the eligibility requirements for free or reduced price meals in accordance with subsection (a)(5) of this section.

(4) To assure meal quality, States shall, with the assistance of the Secretary, prescribe model meal specifications and model food quality standards, and ensure that all service institutions contracting for the preparation of meals with food service management companies include in their contracts menu cycles, local food safety standards, and food quality standards approved by the State.

(5) Such contracts shall require (A) periodic inspections, by an independent agency or the local health department for the locality in which the meals are served, of meals prepared in accordance with the contract in order to determine bacteria levels present in such meals, and (B) conformance with standards set by local health authorities.

(6) Such inspections and any testing resulting therefrom shall be in accordance with the practices employed by such local health authority.

(7) OFFER VERSUS SERVE.—A school food authority participating as a service institution may permit a child to refuse one or more items of a meal that the child does not intend to consume, under

rules that the school uses for school meals programs. A refusal of an offered food item shall not affect the amount of payments made under this section to a school for the meal.

(g) Regulations, guidelines, applications, and handbooks; publication; startup costs

The Secretary shall publish proposed regulations relating to the implementation of the program by November 1 of each fiscal year, final regulations by January 1 of each fiscal year, and guidelines, applications, and handbooks by February 1 of each fiscal year. In order to improve program planning, the Secretary may provide that service institutions be paid as startup costs not to exceed 20 percent of the administrative funds provided for in the administrative budget approved by the State under subsection (b)(3) of this section. Any payments made for startup costs shall be subtracted from amounts otherwise payable for administrative costs subsequently made to service institutions under subsection (b)(3) of this section.

(h) Direct disbursement to service institutions by Secretary

Each service institution shall, insofar as practicable, use in its food service under the program foods designated from time to time by the Secretary as being in abundance. The Secretary is authorized to donate to States, for distribution to service institutions, food available under section 1431 of title 7, or purchased under section 612c of title 7 or section 1446a-1 of title 7. Donated foods may be distributed only to service institutions that can use commodities efficiently and effectively, as determined by the Secretary.

(i) Repealed. Pub. L. 97-35, title VIII, §817(b), Aug. 13, 1981, 95 Stat. 532

(j) Administrative expenses of Secretary; authorization of appropriations

Expenditures of funds from State and local sources for the maintenance of food programs for children shall not be diminished as a result of funds received under this section.

(k) Administrative costs of State; payment; adjustment; standards and effective dates, establishment; funds: withholding, inspection

(1) The Secretary shall pay to each State for its administrative costs incurred under this section in any fiscal year an amount equal to (A) 20 percent of the first \$50,000 in funds distributed to that State for the program in the preceding fiscal year; (B) 10 percent of the next \$100,000 distributed to that State for the program in the preceding fiscal year; (C) 5 percent of the next \$250,000 in funds distributed to that State for the program in the preceding fiscal year; and (D) 2½ percent of any remaining funds distributed to that State for the program in the preceding fiscal year: *Provided*, That such amounts may be adjusted by the Secretary to reflect changes in the size of that State's program since the preceding fiscal year.

(2) The Secretary shall establish standards and effective dates for the proper, efficient, and effective administration of the program by the State. If the Secretary finds that the State has failed without good cause to meet any of the Secretary's standards or has failed without good cause to carry out the approved State management and administration plan under subsection (n) of this section, the Secretary may withhold from the State such funds authorized under this subsection as the Secretary determines to be appropriate.

(3) To provide for adequate nutritional and food quality monitoring, and to further the implementation of the program, an additional amount, not to exceed the lesser of actual costs or 1 percent of program funds, shall be made available by the Secretary to States to pay for State or local health department inspections, and to reinspect facilities and deliveries to test meal quality.

(l) Food service management companies; subcontracts; assignments, conditions and limitations; meal capacity information in bids subject to review; registration; record, availability to States; small and minority-owned businesses for supplies and services; contracts: standard form, bid and contract procedures, bonding requirements and exemption, review by States, collusive bidding safeguards

(1) Service institutions may contract on a competitive basis with food service management companies for the furnishing of meals or management of the entire food service under the program, except that a food service management company entering into a contract with a service institution

under this section may not subcontract with a single company for the total meal, with or without milk, or for the assembly of the meal. The Secretary shall prescribe additional conditions and limitations governing assignment of all or any part of a contract entered into by a food service management company under this section. Any food service management company shall, in its bid, provide the service institution information as to its meal capacity.

(2) Each State may provide for the registration of food service management companies.

(3) In accordance with regulations issued by the Secretary, positive efforts shall be made by service institutions to use small businesses and minority-owned businesses as sources of supplies and services. Such efforts shall afford those sources the maximum feasible opportunity to compete for contracts using program funds.

(4) Each State, with the assistance of the Secretary, shall establish a standard form of contract for use by service institutions and food service management companies. The Secretary shall prescribe requirements governing bid and contract procedures for acquisition of the services of food service management companies, including, but not limited to, bonding requirements (which may provide exemptions applicable to contracts of \$100,000 or less), procedures for review of contracts by States, and safeguards to prevent collusive bidding activities between service institutions and food service management companies.

(m) Accounts and records

States and service institutions participating in programs under this section shall keep such accounts and records as may be necessary to enable the Secretary to determine whether there has been compliance with this section and the regulations issued hereunder. Such accounts and records shall be available at any reasonable time for inspection and audit by representatives of the Secretary and shall be preserved for such period of time, not in excess of five years, as the Secretary determines necessary.

(n) Management and administration plan; notification and submittal to Secretary; specific provisions

Each State desiring to participate in the program shall notify the Secretary by January 1 of each year of its intent to administer the program and shall submit for approval by February 15 a management and administration plan for the program for the fiscal year, which shall include, but not be limited to, (1) the State's administrative budget for the fiscal year, and the State's plans to comply with any standards prescribed by the Secretary under subsection (k) of this section; (2) the State's plans for use of program funds and funds from within the State to the maximum extent practicable to reach needy children; (3) the State's plans for providing technical assistance and training eligible service institutions; (4) the State's plans for monitoring and inspecting service institutions, feeding sites, and food service management companies and for ensuring that such companies do not enter into contracts for more meals than they can provide effectively and efficiently; (5) the State's plan for timely and effective action against program violators; and (6) the State's plan for ensuring fiscal integrity by auditing service institutions not subject to auditing requirements prescribed by the Secretary.

(o) Violations and penalties

(1) Whoever, in connection with any application, procurement, recordkeeping entry, claim for reimbursement, or other document or statement made in connection with the program, knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact, or makes any false, fictitious, or fraudulent statements or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious, or fraudulent statement or entry, or whoever, in connection with the program, knowingly makes an opportunity for any person to defraud the United States, or does or omits to do any act with intent to enable any person to defraud the United States, shall be fined not more than \$10,000 or imprisoned not more than five years, or both.

(3) If two or more persons conspire or collude to accomplish any act made unlawful under this subsection, and one or more of such persons do any act to effect the object of the conspiracy or collusion, each shall be fined not more than \$10,000 or imprisoned for not more than five years, or both.

(p) Monitoring of participating private nonprofit organizations

(1) In addition to the normal monitoring of organizations receiving assistance under this section, the Secretary shall establish a system under which the Secretary and the States shall monitor the compliance of private nonprofit organizations with the requirements of this section and with regulations issued to implement this section.

(2) In the fiscal year 1990 and each succeeding fiscal year, the Secretary may reserve for purposes of carrying out paragraph (1) not more than ½ of 1 percent of amounts appropriated for purposes of carrying out this section.

(q) Termination and disqualification of participating organizations

(1) In general

Each State agency shall follow the procedures established by the Secretary for the termination of participation of institutions under the program.

(2) Fair hearing

The procedures described in paragraph (1) shall include provision for a fair hearing and prompt determination for any service institution aggrieved by any action of the State agency that affects—

- (A) the participation of the service institution in the program; or

(E) PROVISION OF DATA TO FAMILY OR GROUP DAY CARE HOME SPONSORING ORGANIZATIONS.—

(i) CENSUS DATA.—The Secretary shall provide to each State agency administering a child and adult care food program under this section data from the most recent decennial census survey or other appropriate census survey for which the data are available showing which areas in the State meet the requirements of subparagraph (A)(ii)(I)(aa). (iii) DURATION OF DETERMINATION.—For purposes of this section, a determination that a family or group day care home is located in an area that qualifies the home as a tier I family or group day care home (as the term is defined in subparagraph (A)(ii)(I)), shall be in effect for 5 years (unless the determination is made on the basis of census data, in which case the determination shall remain in effect until more recent census data are available) unless the State agency determines that the area in which the home is located no longer qualifies the home as a tier I family or group day care home.

(4) By the first day of each month of operation, the State may provide advance payments for the month to each approved institution in an amount that reflects the full level of valid claims customarily received from such institution for one month's operation. In the case of a newly participating institution, the amount of the advance shall reflect the State's best estimate of the level of valid claims such institutions will submit. If the State has reason to believe that an institution will not be able to submit a valid claim covering the period for which such an advance has been made, the subsequent month's advance payment shall be withheld until the State receives a valid claim. Payments advanced to institutions that are not subsequently deducted from a valid claim for reimbursement shall be repaid upon demand by the State. Any prior payment that is under dispute may be subtracted from an advance payment.

(C) Exceptions

(i) Special dietary needs

The minimum nutritional requirements prescribed under subparagraph (A) shall not prohibit institutions, family or group day care homes, and sponsored centers from substituting foods to accommodate the medical or other special dietary needs of individual participants.

(ii) Exempt institutions

The Secretary may elect to waive all or part of the requirements of this subsection for emergency shelters participating in the program under this section.

(3) Meal service

Institutions, family or group day care homes, and sponsored centers shall ensure that reimbursable meal service contributes to the development and socialization of enrolled children by providing that food is not used as a punishment or reward.

(4) Fluid milk

(A) In general

If an institution, family or group day care home, or sponsored center provides fluid milk as part of a reimbursable meal or supplement, the institution, family or group day care home, or sponsored center shall provide the milk in accordance with the most recent version of the Dietary Guidelines.

(B) Milk substitutes

In the case of children who cannot consume fluid milk due to medical or other special dietary needs other than a disability, an institution, family or group day care home, or sponsored center may substitute for the fluid milk required in meals served, a nondairy beverage that—

- (i) is nutritionally equivalent to fluid milk; and

(C) Approval

(i) In general

A substitution authorized under subparagraph (B) may be made—

- (I) at the discretion of and on approval by the participating day care institution; and
- (II) if the substitution is requested by written statement of a medical authority, or by the parent or legal guardian of the child, that identifies the medical or other special dietary need that restricts the diet of the child.

(ii) Exception

An institution, family or group day care home, or sponsored center that elects to make a substitution authorized under this paragraph shall not be required to provide beverages other than beverages the State has identified as acceptable substitutes.

(D) Excess expenses borne by institution

A participating institution, family or group day care home, or sponsored center shall be responsible for any expenses that—

(B) The value of the commodities donated under subparagraph (A) (or cash in lieu of commodities) to each State for each school year shall be, at a minimum, the amount obtained by multiplying the number of lunches and suppers served in participating institutions in that State during the preceding school year by the rate for commodities or cash in lieu of commodities established under section 1755(c) of this title for the school year concerned.

(C) After the end of each school year, the Secretary shall—

(i) reconcile the number of lunches and suppers served in participating institutions in each State during such school year with the number of lunches and suppers served by participating institutions in each State during the preceding school year; and

(ii) based on such reconciliation, increase or reduce subsequent commodity assistance or cash in lieu of commodities provided to each State.

(D) Any State receiving assistance under this section for institutions participating in the child care food program may, upon application to the Secretary, receive cash in lieu of some or all of the commodities to which it would otherwise be entitled under this subsection. In determining whether to request cash in lieu of commodities, the State shall base its decision on the preferences of individual participating institutions within the State, unless this proves impracticable due to the small number of institutions preferring donated commodities.

(2) The Secretary is authorized to provide agricultural commodities obtained by the Secretary under the provisions of the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.) and donated under the provisions of section 416 of such Act [7 U.S.C. 1431], to the Department of Defense for use by its institutions providing child care services, when such commodities are in excess of the quantities needed to meet the needs of all other child nutrition programs, domestic and foreign food assistance and export enhancement programs. The Secretary shall require reimbursement from the Department of Defense for the costs, or some portion thereof, of delivering such commodities to overseas locations, unless the Secretary determines that it is in the best interest of the program that the Department of Agriculture shall assume such costs.

regarding means of identifying and preventing fraud and anticompetitive activities relating to the provision of goods or services in conjunction with the participation of a local agency in a child nutrition program; and

Except as provided in paragraph (3) and subsection (e), not later than 180 days after notification of the occurrence of a cause for debarment described in paragraph (2), the Secretary shall initiate nonprocurement debarment proceedings against the contractor who has committed the cause for debarment.

(2) Causes for debarment

Actions requiring initiation of nonprocurement debarment pursuant to paragraph (1) shall include a situation in which a contractor is found guilty in any criminal proceeding, or found liable in any civil or administrative proceeding, in connection with the supplying, providing, or selling of goods or services to any local agency in connection with a child nutrition program, of—

(4) Mandatory child nutrition program debarment periods

(A) In general

Subject to the other provisions of this paragraph and notwithstanding any other provision of law except subsection (e), if, after deciding to initiate nonprocurement debarment proceedings pursuant to paragraph (1), the Secretary decides to debar a contractor, the debarment shall be for a period of not less than 3 years.

(B) Previous debarment

If the contractor has been previously debarred pursuant to nonprocurement debarment proceedings initiated pursuant to paragraph (1), and the cause for debarment is described in paragraph (2) based on activities that occurred subsequent to the initial debarment, the debarment shall be for a period of not less than 5 years.

(7) Regulations

The Secretary shall issue such regulations as are necessary to carry out this subsection.

(e) Mandatory debarment

Notwithstanding any other provision of this section, the Secretary shall initiate nonprocurement debarment proceedings against the contractor (including any cooperative) who has committed the cause for debarment (as determined under subsection (d)(2)), unless the action—

- (2) will interfere with the ability of a local agency to procure a needed product for a child nutrition program;
- (3) is unfair to a person, subsidiary corporation, affiliate, parent company, or local division of a corporation that is not involved in the improper activity that would otherwise result in the debarment;
- (4) is likely to have significant adverse economic impacts on the local economy in a manner that is unfair to innocent parties;
- (5) is not justified in light of the penalties already imposed on the contractor for violations relevant to the proposed debarment, including any suspension or debarment arising out of the same matter that is imposed by any Federal or State agency; or
- (6) is not in the public interest, or otherwise is not in the interests of justice, as determined by the Secretary.

§1772. Special program to encourage the consumption of fluid milk by children; authorization of appropriations; eligibility for special milk program; minimum rate of reimbursement; ineligibility of commodity only schools

(a)(1) There is hereby authorized to be appropriated for the fiscal year ending June 30, 1970, and for each succeeding fiscal year, such sums as may be necessary to enable the Secretary of Agriculture, under such rules and regulations as the Secretary may deem in the public interest, to encourage consumption of fluid milk by children in the United States in (A) nonprofit schools of high school grade and under, except as provided in paragraph (2), which do not participate in a meal service program authorized under this chapter or the Richard B. Russell National School Lunch Act [42 U.S.C. 1751 et seq.], and (B) nonprofit nursery schools, child-care centers, settlement houses, summer camps, and similar nonprofit institutions devoted to the care and training of children, which do not participate in a meal service program authorized under this chapter or the Richard B. Russell National School Lunch Act.

(2) The limitation imposed under paragraph (1)(A) for participation of nonprofit schools in the special milk program shall not apply to split-session kindergarten programs conducted in schools in which children do not have access to the meal service program operating in schools the children attend as authorized under this chapter or the Richard B. Russell National School Lunch Act.

(3) For the purposes of this section "United States" means the fifty States, Guam, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, the Commonwealth of the Northern Mariana Islands, and the District of Columbia.

(4) The Secretary shall administer the special milk program provided for by this section to the maximum extent practicable in the same manner as the Secretary administered the special milk program provided for by this chapter during the fiscal year ending June 30, 1969.

(5) Any school or nonprofit child care institution which does not participate in a meal service program authorized under this chapter or the Richard B. Russell National School Lunch Act shall receive the special milk program upon its request.

(7) For the fiscal year ending June 30, 1975, and for subsequent school years, the minimum rate of reimbursement for a half-pint of milk served in schools and other eligible institutions shall not be less than 5 cents per half-pint served to eligible children, and such minimum rate of reimbursement shall be adjusted on an annual basis each school year to reflect changes in the Producer Price Index for Fresh Processed Milk published by the Bureau of Labor Statistics of the Department of Labor.

(8) Such adjustment shall be computed to the nearest one-fourth cent.

(9) Notwithstanding any other provision of this section, in no event shall the minimum rate of reimbursement exceed the cost to the school or institution of milk served to children.

(10) The State educational agency shall disburse funds paid to the State during any fiscal year for purposes of carrying out the program under this section in accordance with such agreements approved by the Secretary as may be entered into by such State agency and the schools in the State. §1773. School breakfast program

(a) Establishment; authorization of appropriations

There is hereby authorized to be appropriated such sums as are necessary to enable the Secretary to carry out a program to assist the States and the Department of Defense through grants-in-aid and other means to initiate, maintain, or expand nonprofit breakfast programs in all schools which make application for assistance and agree to carry out a nonprofit breakfast program in accordance with this chapter. Appropriations and expenditures for this chapter shall be considered Health and Human Services functions for budget purposes rather than functions of Agriculture.

(b) Breakfast assistance payments to State educational agencies; calculation; national average payments for breakfasts, free breakfasts and reduced price breakfasts; maximum price for reduced cost breakfasts; minimum daily nutrition requirements criteria; additional payments for severe need schools; maximum severe need payments

(1)(A)(i) The Secretary shall make breakfast assistance payments to each State educational agency

each fiscal year, at such times as the Secretary may determine, from the sums appropriated for such purpose, in an amount equal to the product obtained by multiplying—

(I) the number of breakfasts served during such fiscal year to children in schools in such States which participate in the school breakfast program under agreements with such State educational agency; by

(II) the national average breakfast payment for free breakfasts, for reduced price breakfasts, or for breakfasts served to children not eligible for free or reduced price meals, as appropriate, as prescribed in clause (B) of this paragraph.

(ii) The agreements described in clause (i)(I) shall be permanent agreements that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to suspend or terminate any such agreement in accordance with regulations prescribed by the Secretary.

(B) The national average payment for each free breakfast shall be 57 cents (as adjusted pursuant to section 1759a(a) of this title). The national average payment for each reduced price breakfast shall be one-half of the national average payment for each free breakfast, except that in no case shall the difference between the amount of the national average payment for a free breakfast and the national average payment for a reduced price breakfast exceed 30 cents. The national average payment for each breakfast served to a child not eligible for free or reduced price meals shall be 8.25 cents (as adjusted pursuant to section 1759a(a) of this title).

(C) No school which receives breakfast assistance payments under this section may charge a price of more than 30 cents for a reduced price breakfast.

(D) No breakfast assistance payment may be made under this subsection for any breakfast served by a school unless such breakfast consists of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary under subsection (e) of this section.

(E) **FREE AND REDUCED PRICE POLICY STATEMENT.**—After the initial submission, a local educational agency shall not be required to submit a free and reduced price policy statement to a State educational agency under this chapter unless there is a substantive change in the free and reduced price policy of the local educational agency. A routine change in the policy of a local educational agency, such as an annual adjustment of the income eligibility guidelines for free and reduced price meals, shall not be sufficient cause for requiring the local educational agency to submit a policy statement.

(2)(A) The Secretary shall make additional payments for breakfasts served to children qualifying for a free or reduced price meal at schools that are in severe need.

(B) The maximum payment for each such free breakfast shall be the higher of—

(i) the national average payment established by the Secretary for free breakfasts plus 10 cents, or

(ii) 45 cents (as adjusted pursuant to section 1759a(a)(3)(B) of this title).

(C) The maximum payment for each such reduced price breakfast shall be thirty cents less than the maximum payment for each free breakfast as determined under clause (B) of this paragraph.

(3) The Secretary shall increase by 6 cents the annually adjusted payment for each breakfast served under this chapter and section 1766 of this title. These funds shall be used to assist States, to the extent feasible, in improving the nutritional quality of the breakfasts.

(4) Notwithstanding any other provision of law, whenever stocks of agricultural commodities are acquired by the Secretary or the Commodity Credit Corporation and are not likely to be sold by the Secretary or the Commodity Credit Corporation or otherwise used in programs of commodity sale or distribution, the Secretary shall make such commodities available to school food authorities and eligible institutions serving breakfasts under this chapter in a quantity equal in value to not less than 3 cents for each breakfast served under this chapter and section 1766 of this title.

(5) Expenditures of funds from State and local sources for the maintenance of the breakfast program shall not be diminished as a result of funds or commodities received under paragraph (3) or (4).

(c) Disbursement of apportioned funds by State; preference for schools in poor economic areas, for students traveling long distances daily, and for schools for improvement of nutrition and dietary practices of children of working mothers and from low-income families

Funds apportioned and paid to any State for the purpose of this section shall be disbursed by the State educational agency to schools selected by the State educational agency to assist such schools in operating a breakfast program and for the purpose of subsection (d). Disbursement to schools shall be made at such rates per meal or on such other basis as the Secretary shall prescribe. In selecting schools for participation, the State educational agency shall, to the extent practicable, give first consideration to those schools drawing attendance from areas in which poor economic conditions exist, to those schools in which a substantial proportion of the children enrolled must travel long distances daily, and to those schools in which there is a special need for improving the nutrition and dietary practices of children of working mothers and children from low-income families. Breakfast assistance disbursements to schools under this section may be made in advance or by way of reimbursement in accordance with procedures prescribed by the Secretary.

(d) Severe need assistance

(1) In general

Each State educational agency shall provide additional assistance to schools in severe need, which shall include only those schools (having a breakfast program or desiring to initiate a breakfast program) in which—

- (A) during the most recent second preceding school year for which lunches were served, 40 percent or more of the lunches served to students at the school were served free or at a reduced price; or
- (B) in the case of a school in which lunches were not served during the most recent second preceding school year, the Secretary otherwise determines that the requirements of subparagraph (A) would have been met.

(2) Additional assistance

A school, on the submission of appropriate documentation about the need circumstances in that school and the eligibility of the school for additional assistance, shall be entitled to receive the meal reimbursement rate specified in subsection (b)(2).

(e) Nutritional requirements; service free or at reduced price; compliance assistance

(1)(A) Breakfasts served by schools participating in the school breakfast program under this section shall consist of a combination of foods and shall meet the minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research, except that the minimum nutritional requirements shall be measured by not less than the weekly average of the nutrient content of school breakfasts. Such breakfasts shall be served free or at a reduced price to children in school under the same terms and conditions as are set forth with respect to the service of lunches free or at a reduced price in section 1758 of this title.

(B) The Secretary shall provide through State educational agencies technical assistance and training, including technical assistance and training in the preparation of foods high in complex carbohydrates and lower-fat versions of foods commonly used in the school breakfast program established under this section, to schools participating in the school breakfast program to assist the schools in complying with the nutritional requirements prescribed by the Secretary pursuant to subparagraph (A) and in providing appropriate meals to children with medically certified special dietary needs.

(2) At the option of a local school food authority, a student in a school under the authority that participates in the school breakfast program under this chapter may be allowed to refuse not more than one item of a breakfast that the student does not intend to consume. A refusal of an offered food item shall not affect the full charge to the student for a breakfast meeting the requirements of this section or the amount of payments made under this chapter to a school for the breakfast.

§1786. Special supplemental nutrition program for women, infants, and children

(a) Congressional findings and declaration of purpose

Congress finds that substantial numbers of pregnant, postpartum, and breastfeeding women, infants, and young children from families with inadequate income are at special risk with respect to their physical and mental health by reason of inadequate nutrition or health care, or both. It is, therefore, the purpose of the program authorized by this section to provide, up to the authorization levels set forth in subsection (g) of this section, supplemental foods and nutrition education, including breastfeeding promotion and support, through any eligible local agency that applies for participation in the program. The program shall serve as an adjunct to good health care, during critical times of growth and development, to prevent the occurrence of health problems, including drug abuse, and improve the health status of these persons.

(b) Definitions

As used in this section—

(2) "Children" means persons who have had their first birthday but have not yet attained their fifth birthday.

(3) "Competent professional authority" means physicians, nutritionists, registered nurses, dietitians, or State or local medically trained health officials, or persons designated by physicians or State or local medically trained health officials, in accordance with standards prescribed by the Secretary, as being competent professionally to evaluate nutritional risk.

(7) NUTRITION EDUCATION.—The term "nutrition education" means individual and group sessions and the provision of material that are designed to improve health status and achieve positive change in dietary and physical activity habits, and that emphasize the relationship between nutrition, physical activity, and health, all in keeping with the personal and cultural preferences of the individual.

(14) "Supplemental foods" means those foods containing nutrients determined by nutritional research to be lacking in the diets of pregnant, breastfeeding, and postpartum women, infants, and children and foods that promote the health of the population served by the program authorized by this section, as indicated by relevant nutrition science, public health concerns, and cultural eating patterns, as prescribed by the Secretary. State agencies may, with the approval of the Secretary, substitute different foods providing the nutritional equivalent of foods prescribed by the Secretary, to allow for different cultural eating patterns.

(15) "Homeless individual" means—

(A) an individual who lacks a fixed and regular nighttime residence; or

(B) an individual whose primary nighttime residence is—

(18) "Rebate" means the amount of money refunded under cost containment procedures to any State agency from the manufacturer or other supplier of the particular food product as the result of the purchase of the supplemental food with a voucher or other purchase instrument by a participant in each such agency's program established under this section.

(20) "Net price" means the difference between the manufacturer's wholesale price for infant formula and the rebate level or the discount offered or provided by the manufacturer under a cost containment contract entered into with the pertinent State agency.

(c) Grants-in-aid; cash grants; ratable reduction of amount an agency may distribute; affirmative action; regulations relating to dual receipt of benefits under commodity supplemental food program

(1) The Secretary may carry out a special supplemental nutrition program to assist State agencies through grants-in-aid and other means to provide, through local agencies, at no cost, supplemental foods, nutrition education, and breastfeeding support and promotion to low-income pregnant, postpartum, and breastfeeding women, infants, and children who satisfy the eligibility requirements specified in subsection (d) of this section. The program shall be supplementary to—

- (A) the supplemental nutrition assistance program;
- (B) any program under which foods are distributed to needy families in lieu of supplemental nutrition assistance program benefits; and
- (C) receipt of food or meals from soup kitchens, or shelters, or other forms of emergency food assistance.

(2) Subject to amounts appropriated to carry out this section under subsection (g)—

- (A) the Secretary shall make cash grants to State agencies for the purpose of administering the program, and
- (B) any State agency approved eligible local agency that applies to participate in or expand the program under this section shall immediately be provided with the necessary funds to carry out the program.

(3) Nothing in this subsection shall be construed to permit the Secretary to reduce ratably the amount of foods that an eligible local agency shall distribute under the program to participants. The Secretary shall take affirmative action to ensure that the program is instituted in areas most in need of supplemental foods. The existence of a commodity supplemental food program under section 4 of the Agriculture and Consumer Protection Act of 1973 shall not preclude the approval of an application from an eligible local agency to participate in the program under this section nor the operation of such program within the same geographic area as that of the commodity supplemental food program, but the Secretary shall issue such regulations as are necessary to prevent dual receipt of benefits under the commodity supplemental food program and the program under this section.

(4) A State shall be ineligible to participate in programs authorized under this section if the Secretary determines that State or local sales taxes are collected within the State on purchases of food made to carry out this section.

(d) Eligible participants

(1) Participation in the program under this section shall be limited to pregnant, postpartum, and

breastfeeding women, infants, and children from low-income families who are determined by a competent professional authority to be at nutritional risk.

(2)(A) The Secretary shall establish income eligibility standards to be used in conjunction with the nutritional risk criteria in determining eligibility of individuals for participation in the program. Any individual at nutritional risk shall be eligible for the program under this section only if such individual—

- (i) is a member of a family with an income that is less than the maximum income limit prescribed under section 1758(b) of this title for free and reduced price meals;
- (ii)(I) receives supplemental nutrition assistance program benefits under the Food and Nutrition Act of 2008 [7 U.S.C. 2011 et seq.]; or
- (II) is a member of a family that receives assistance under the State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.] that the Secretary determines complies with standards established by the Secretary that ensure that the standards under the State program are comparable to or more restrictive than those in effect on June 1, 1995; or
- (iii)(I) receives medical assistance under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.]; or
- (II) is a member of a family in which a pregnant woman or an infant receives such assistance.

(B) For the purpose of determining income eligibility under this section, any State agency may choose to exclude from income—

- (i) any basic allowance—
 - (I) for housing received by military service personnel residing off military installations; or
 - (II) provided under section 403 of title 37 for housing that is acquired or constructed under subchapter IV of chapter 169 of title 10 or any related provision of law; and
- (ii) any cost-of-living allowance provided under section 475 ¹ of title 37 to a member of a uniformed service who is on duty outside the contiguous States of the United States.

(C) COMBAT PAY.—For the purpose of determining income eligibility under this section, a State agency shall exclude from income any additional payment under chapter 5 of title 37, or otherwise designated by the Secretary to be appropriate for exclusion under this subparagraph, that is received by or from a member of the United States Armed Forces deployed to a designated combat zone, if the additional pay—

- (i) is the result of deployment to or service in a combat zone; and
- (ii) was not received immediately prior to serving in a combat zone.

(D) In the case of a pregnant woman who is otherwise ineligible for participation in the program because the family of the woman is of insufficient size to meet the income eligibility standards of the program, the pregnant woman shall be considered to have satisfied the income eligibility standards if, by increasing the number of individuals in the family of the woman by 1 individual, the income eligibility standards would be met.

(3) CERTIFICATION.—

(A) PROCEDURES.—

(i) IN GENERAL.—Subject to clause (ii), a person shall be certified for participation in accordance with general procedures prescribed by the Secretary.

(ii) BREASTFEEDING WOMEN.—A State may elect to certify a breastfeeding woman for a period of 1 year postpartum or until a woman discontinues breastfeeding, whichever is earlier.

(iii) CHILDREN.—A State may elect to certify participant children for a period of up to 1 year, if the State electing the option provided under this clause ensures that participant children receive required health and nutrition assessments.

(B) A State may consider pregnant women who meet the income eligibility standards to be presumptively eligible to participate in the program and may certify the women for participation

immediately, without delaying certification until an evaluation is made concerning nutritional risk. A nutritional risk evaluation of such a woman shall be completed not later than 60 days after the woman is certified for participation. If it is subsequently determined that the woman does not meet nutritional risk criteria, the certification of the woman shall terminate on the date of the determination.

(C) PHYSICAL PRESENCE.—

(i) IN GENERAL.—Except as provided in clause (ii) and subject to the requirements of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and section 794 of title 29, each individual seeking certification or recertification for participation in the program shall be physically present at each certification or recertification determination in order to determine eligibility under the program.

(ii) WAIVERS.—If the agency determines that the requirement of clause (i) would present an unreasonable barrier to participation, a local agency may waive the requirement of clause (i) with respect to—

(I) an infant or child who—

- (aa) was present at the initial certification visit; and
- (bb) is receiving ongoing health care;

(II) an infant or child who—

- (aa) was present at the initial certification visit;
- (bb) was present at a certification or recertification determination within the 1-year period ending on the date of the certification or recertification determination described in clause (i); and

(cc) has one or more parents who work; and

(III) an infant under 8 weeks of age—

- (aa) who cannot be present at certification for a reason determined appropriate by the local agency; and
- (bb) for whom all necessary certification information is provided.

(D) INCOME DOCUMENTATION.—

(i) IN GENERAL.—Except as provided in clause (ii), in order to participate in the program pursuant to clause (i) of paragraph (2)(A), an individual seeking certification or recertification for participation in the program shall provide documentation of family income.

(ii) WAIVERS.—A State agency may waive the documentation requirement of clause (i), in accordance with criteria established by the Secretary, with respect to—

(I) an individual for whom the necessary documentation is not available; or

(II) an individual, such as a homeless woman or child, for whom the agency determines the requirement of clause (i) would present an unreasonable barrier to participation.

(E) ADJUNCT DOCUMENTATION.—In order to participate in the program pursuant to clause (ii) or (iii) of paragraph (2)(A), an individual seeking certification or recertification for participation in the program shall provide documentation of receipt of assistance described in that clause.

(F) PROOF OF RESIDENCY.—An individual residing in a remote Indian or Native village or an individual served by an Indian tribal organization and residing on a reservation or pueblo may, under standards established by the Secretary, establish proof of residency under this section by providing to the State agency the mailing address of the individual and the name of the remote Indian or Native village.

(e) Nutrition education and drug abuse education

(1) The State agency shall ensure that nutrition education and drug abuse education is provided to all pregnant, postpartum, and breastfeeding participants in the program and to parents or caretakers of infant and child participants in the program. The State agency may also provide nutrition education and drug abuse education to pregnant, postpartum, and breastfeeding women and to

parents or caretakers of infants and children enrolled at local agencies operating the program under this section who do not participate in the program. A local agency participating in the program shall provide education or educational materials relating to the effects of drug and alcohol use by a pregnant, postpartum, or breastfeeding woman on the developing child of the woman.

(2) The Secretary shall prescribe standards to ensure that adequate nutrition education services and breastfeeding promotion and support are provided. The State agency shall provide training to persons providing nutrition education, including breastfeeding support and education, under this section.

(3) **NUTRITION EDUCATION MATERIALS.—**

(A) **IN GENERAL.**—The Secretary shall, after submitting proposed nutrition education materials to the Secretary of Health and Human Services for comment, issue such materials for use in the program under this section.

(B) **SHARING OF MATERIALS WITH OTHER PROGRAMS.—**

(i) **COMMODITY SUPPLEMENTAL FOOD PROGRAM.**—The Secretary may provide, in bulk quantity, nutrition education materials (including materials promoting breastfeeding) developed with funds made available for the program authorized under this section to State agencies administering the commodity supplemental food program established under section 5 of the Agriculture and Consumer Protection Act of 1973 (7 U.S.C. 612c note; Public Law 93–86) at no cost to that program.

(ii) **CHILD AND ADULT CARE FOOD PROGRAM.**—A State agency may allow the local agencies or clinics under the State agency to share nutrition educational materials with institutions participating in the child and adult care food program established under section 1766 of this title at no cost to that program, if a written materials sharing agreement exists between the relevant agencies.

(4) **The State agency—**

(A) shall provide each local agency with materials showing the maximum income limits, according to family size, applicable to pregnant women, infants, and children up to age 5 under the medical assistance program established under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] (in this section referred to as the "medicaid program");

(B) shall provide to individuals applying for the program under this section, or reapplying at the end of their certification period, written information about the medicaid program and referral to such program or to agencies authorized to determine presumptive eligibility for such program, if such individuals are not participating in such program and appear to have family income below the applicable maximum income limits for such program; and

(C) may provide a local agency with materials describing other programs for which a participant in the program may be eligible.

(5) Each local agency shall maintain and make available for distribution a list of local resources for substance abuse counseling and treatment.

(f) Plan of operation and administration by State agency

(1)(A) Each State agency shall submit to the Secretary, by a date specified by the Secretary, an initial plan of operation and administration for a fiscal year. After submitting the initial plan, a State shall be required to submit to the Secretary for approval only a substantive change in the plan.

(B) To be eligible to receive funds under this section for a fiscal year, a State agency must receive the approval of the Secretary for the plan submitted for the fiscal year.

(C) The plan shall include—

(i) a description of the food delivery system of the State agency and the method of enabling participants to receive supplemental foods under the program at any of the authorized retail stores under the program, to be administered in accordance with standards developed by the Secretary, including a description of the State agency's vendor peer group system, competitive price criteria, and allowable reimbursement levels that demonstrate that the State is in compliance with the cost-containment provisions in subsection (h)(11);

(ii) procedures for accepting and processing vendor applications outside of the established

timeframes if the State agency determines there will be inadequate access to the program, including in a case in which a previously authorized vendor sells a store under circumstances that do not permit timely notification to the State agency of the change in ownership;

- (iii) a description of the financial management system of the State agency;
- (iv) a plan to coordinate operations under the program with other services or programs that may benefit participants in, and applicants for, the program;
- (v) a plan to provide program benefits under this section to, and to meet the special nutrition education needs of, eligible migrants, homeless individuals, and Indians;
- (vi) a plan to expend funds to carry out the program during the relevant fiscal year;
- (vii) a plan to provide program benefits under this section to unserved and underserved areas in the State (including a plan to improve access to the program for participants and prospective applicants who are employed, or who reside in rural areas), if sufficient funds are available to carry out this clause;
- (viii) a plan for reaching and enrolling eligible women in the early months of pregnancy, including provisions to reach and enroll eligible migrants;
- (ix) a plan to provide program benefits under this section to unserved infants and children under the care of foster parents, protective services, or child welfare authorities, including infants exposed to drugs perinatally;
- (x) a plan to provide nutrition education and promote breastfeeding; and
- (xi) such other information as the Secretary may reasonably require.

(D) The Secretary may not approve any plan that permits a person to participate simultaneously in both the program authorized under this section and the commodity supplemental food program authorized under sections 4 and 5 of the Agriculture and Consumer Protection Act of 1973 (7 U.S.C. 612c note).

(2) A State agency shall establish a procedure under which members of the general public are provided an opportunity to comment on the development of the State agency plan.

(3) The Secretary shall establish procedures under which eligible migrants may, to the maximum extent feasible, continue to participate in the program under this section when they are present in States other than the State in which they were originally certified for participation in the program and shall ensure that local programs provide priority consideration to serving migrant participants who are residing in the State for a limited period of time. Each State agency shall be responsible for administering the program for migrant populations within its jurisdiction.

(4) State agencies shall submit monthly financial reports and participation data to the Secretary.

(5) State and local agencies operating under the program shall keep such accounts and records, including medical records, as may be necessary to enable the Secretary to determine whether there has been compliance with this section and to determine and evaluate the benefits of the nutritional assistance provided under this section. Such accounts and records shall be available at any reasonable time for inspection and audit by representatives of the Secretary and shall be preserved for such period of time, not in excess of five years, as the Secretary determines necessary.

(6)(A) Local agencies participating in the program under this section shall notify persons of their eligibility or ineligibility for the program within twenty days of the date that the household, during office hours of a local agency, personally makes an oral or written request to participate in the program. The Secretary shall establish a shorter notification period for categories of persons who, due to special nutritional risk conditions, must receive benefits more expeditiously.

(B) State agencies may provide for the delivery of vouchers to any participant who is not scheduled for nutrition education and breastfeeding counseling or a recertification interview through means, such as mailing, that do not require the participant to travel to the local agency to obtain vouchers. The State agency shall describe any plans for issuance of vouchers by mail in its plan submitted under paragraph (1). The Secretary may disapprove a State plan with respect to the issuance of vouchers by mail in any specified jurisdiction or part of a jurisdiction within a State only if the Secretary finds that such issuance would pose a significant threat to the integrity of the program under this section in such jurisdiction or part of a jurisdiction.

(7)(A) The State agency shall, in cooperation with participating local agencies, publicly announce and distribute information on the availability of program benefits (including the eligibility criteria for participation and the location of local agencies operating the program) to offices and organizations that deal with significant numbers of potentially eligible individuals (including health and medical organizations, hospitals and clinics, welfare and unemployment offices, social service agencies, farmworker organizations, Indian tribal organizations, organizations and agencies serving homeless individuals and shelters for victims of domestic violence, and religious and community organizations in low income areas).

(B) The information shall be publicly announced by the State agency and by local agencies at least annually.

(C) The State agency and local agencies shall distribute the information in a manner designed to provide the information to potentially eligible individuals who are most in need of the benefits, including pregnant women in the early months of pregnancy.

(D) Each local agency operating the program within a hospital and each local agency operating the program that has a cooperative arrangement with a hospital shall—

(i) advise potentially eligible individuals that receive inpatient or outpatient prenatal, maternity, or postpartum services, or accompany a child under the age of 5 who receives well-child services, of the availability of program benefits; and

(ii) to the extent feasible, provide an opportunity for individuals who may be eligible to be certified within the hospital for participation in such program.

(8)(A) The State agency shall grant a fair hearing, and a prompt determination thereafter, in accordance with regulations issued by the Secretary, to any applicant, participant, or local agency aggrieved by the action of a State or local agency as it affects participation.

(B) Any State agency that must suspend or terminate benefits to any participant during the participant's certification period due to a shortage of funds for the program shall first issue a notice to such participant.

(9) If an individual certified as eligible for participation in the program under this section in one area moves to another area in which the program is operating, that individual's certification of eligibility shall remain valid for the period for which the individual was originally certified.

(10) The Secretary shall establish standards for the proper, efficient, and effective administration of the program. If the Secretary determines that a State agency has failed without good cause to administer the program in a manner consistent with this section or to implement the approved plan of operation and administration under this subsection, the Secretary may withhold such amounts of the State agency's funds for nutrition services and administration as the Secretary deems appropriate. Upon correction of such failure during a fiscal year by a State agency, any funds so withheld for such fiscal year shall be provided the State agency.

(11) **SUPPLEMENTAL FOODS.—**

(A) **IN GENERAL.**—The Secretary shall prescribe by regulation the supplemental foods to be made available in the program under this section.

(B) **APPROPRIATE CONTENT.**—To the degree possible, the Secretary shall assure that the fat, sugar, and salt content of the prescribed foods is appropriate.

(C) **REVIEW OF AVAILABLE SUPPLEMENTAL FOODS.**—As frequently as determined by the Secretary to be necessary to reflect the most recent scientific knowledge, but not less than every 10 years, the Secretary shall—

(i) conduct a scientific review of the supplemental foods available under the program; and

(ii) amend the supplemental foods available, as necessary, to reflect nutrition science, public health concerns, and cultural eating patterns.

(12) A competent professional authority shall be responsible for prescribing the appropriate supplemental foods, taking into account medical and nutritional conditions and cultural eating patterns, and, in the case of homeless individuals, the special needs and problems of such individuals.

(13) The State agency may (A) provide nutrition education, breastfeeding promotion, and drug abuse education materials and instruction in languages other than English and (B) use appropriate foreign language materials in the administration of the program, in areas in which a substantial number of low-income households speak a language other than English.

(14) If a State agency determines that a member of a family has received an overissuance of food benefits under the program authorized by this section as the result of such member intentionally making a false or misleading statement or intentionally misrepresenting, concealing, or withholding facts, the State agency shall recover, in cash, from such member an amount that the State agency determines is equal to the value of the overissued food benefits, unless the State agency determines that the recovery of the benefits would not be cost effective.

(15) To be eligible to participate in the program authorized by this section, a manufacturer of infant formula that supplies formula for the program shall—

(A) register with the Secretary of Health and Human Services under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.]; and

(B) before bidding for a State contract to supply infant formula for the program, certify with the State health department that the formula complies with such Act and regulations issued pursuant to such Act.

(16) The State agency may adopt methods of delivering benefits to accommodate the special needs and problems of homeless individuals.

(17) Notwithstanding subsection (d)(2)(A)(i), not later than July 1 of each year, a State agency may implement income eligibility guidelines under this section concurrently with the implementation of income eligibility guidelines under the medicaid program established under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.).

(18) Each local agency participating in the program under this section may provide information about other potential sources of food assistance in the local area to individuals who apply in person to participate in the program under this section, but who cannot be served because the program is operating at capacity in the local area.

(19) The State agency shall adopt policies that—

(A) require each local agency to attempt to contact each pregnant woman who misses an appointment to apply for participation in the program under this section, in order to reschedule the appointment, unless the phone number and the address of the woman are unavailable to such local agency; and

(B) in the case of local agencies that do not routinely schedule appointments for individuals seeking to apply or be recertified for participation in the program under this section, require each such local agency to schedule appointments for each employed individual seeking to apply or be recertified for participation in such program so as to minimize the time each such individual is absent from the workplace due to such application or request for recertification.

(20) Each State agency shall conduct monitoring reviews of each local agency at least biennially.

(21) **USE OF CLAIMS FROM LOCAL AGENCIES, VENDORS, AND PARTICIPANTS.**—A State agency may use funds recovered from local agencies, vendors, and participants, as a result of a claim arising under the program, to carry out the program during—

(A) the fiscal year in which the claim arises;

(B) the fiscal year in which the funds are collected; and

(C) the fiscal year following the fiscal year in which the funds are collected.

(22) The Secretary and the Secretary of Health and Human Services shall carry out an initiative to assure that, in a case in which a State medicaid program uses coordinated care providers under a contract entered into under section 1903(m), or a waiver granted under section 1915(b), of the Social Security Act (42 U.S.C. 1396b(m) or 1396n(b)), coordination between the program authorized by this section and the medicaid program is continued, including—

(A) the referral of potentially eligible women, infants, and children between the 2 programs;

and

(B) the timely provision of medical information related to the program authorized by this section to agencies carrying out the program.

(23) INDIVIDUALS PARTICIPATING AT MORE THAN ONE SITE.—Each State agency shall implement a system designed by the State agency to identify individuals who are participating at more than one site under the program.

(24) HIGH RISK VENDORS.—Each State agency shall—

- (A) identify vendors that have a high probability of program abuse; and
- (B) conduct compliance investigations of the vendors.

(25) INFANT FORMULA BENEFITS.—A State agency may round up to the next whole can of infant formula to allow all participants under the program to receive the full-authorized nutritional benefit specified by regulation.

(26) NOTIFICATION OF VIOLATIONS.—If a State agency finds that a vendor has committed a violation that requires a pattern of occurrences in order to impose a penalty or sanction, the State agency shall notify the vendor of the initial violation in writing prior to documentation of another violation, unless the State agency determines that notifying the vendor would compromise an investigation.

(g) Authorization of appropriations

(1) IN GENERAL.—

(A) AUTHORIZATION.—There are authorized to be appropriated to carry out this section such sums as are necessary for each of fiscal years 2010 through 2015.

(B) ADVANCE APPROPRIATIONS; AVAILABILITY.—As authorized by section 1752 of this title, appropriations to carry out the provisions of this section may be made not more than 1 year in advance of the beginning of the fiscal year in which the funds will become available for disbursement to the States, and shall remain available for the purposes for which appropriated until expended.

(2)(A) Notwithstanding any other provision of law, unless enacted in express limitation of this subparagraph, the Secretary—

(i) in the case of legislation providing funds through the end of a fiscal year, shall issue—

(I) an initial allocation of funds provided by the enactment of such legislation not later than the expiration of the 15-day period beginning on the date of the enactment of such legislation; and

(II) subsequent allocations of funds provided by the enactment of such legislation not later than the beginning of each of the second, third, and fourth quarters of the fiscal year; and

(ii) in the case of legislation providing funds for a period that ends prior to the end of a fiscal year, shall issue an initial allocation of funds provided by the enactment of such legislation not later than the expiration of the 10-day period beginning on the date of the enactment of such legislation.

(B) In any fiscal year—

(i) unused amounts from a prior fiscal year that are identified by the end of the first quarter of the fiscal year shall be recovered and reallocated not later than the beginning of the second quarter of the fiscal year; and

(ii) unused amounts from a prior fiscal year that are identified after the end of the first quarter of the fiscal year shall be recovered and reallocated on a timely basis.

(3) Notwithstanding any other provision of law, unless enacted in express limitation of this paragraph—

(A) the allocation of funds required by paragraph (2)(A)(i)(I) shall include not less than 1/3 of

the amounts appropriated by the legislation described in such paragraph;

(B) the allocations of funds required by paragraph (2)(A)(i)(II) to be made not later than the beginning of the second and third quarters of the fiscal year shall each include not less than ¼ of the amounts appropriated by the legislation described in such paragraph; and

(C) in the case of the enactment of legislation providing appropriations for a period of not more than 4 months, the allocation of funds required by paragraph (2)(A)(ii) shall include all amounts appropriated by such legislation except amounts reserved by the Secretary for purposes of carrying out paragraph (5).

(4) Of the sums appropriated for any fiscal year for programs authorized under this section, not less than nine-tenths of 1 percent shall be available first for services to eligible members of migrant populations. The migrant services shall be provided in a manner consistent with the priority system of a State for program participation.

(5) Of the sums appropriated for any fiscal year for the program under this section, one-half of 1 percent, not to exceed \$15,000,000, shall be available to the Secretary for the purpose of evaluating program performance, evaluating health benefits, preparing reports on program participant characteristics, providing technical assistance to improve State agency administrative systems, administration of pilot projects, including projects designed to meet the special needs of migrants, Indians, and rural populations, and carrying out technical assistance and research evaluation projects of the programs under this section.

(h) Funds for nutrition services and administration

(1)(A) Each fiscal year, the Secretary shall make available, from amounts appropriated for such fiscal year under subsection (g)(1) and amounts remaining from amounts appropriated under such subsection for the preceding fiscal year, an amount sufficient to guarantee a national average per participant grant to be allocated among State agencies for costs of nutrition services and administration incurred by State and local agencies for such year.

(B)(i) The amount of the national average per participant grant for nutrition services and administration for any fiscal year shall be an amount equal to the amount of the national average per participant grant for nutrition services and administration issued for the preceding fiscal year, as adjusted.

(ii) Such adjustment, for any fiscal year, shall be made by revising the national average per participant grant for nutrition services and administration for the preceding fiscal year to reflect the percentage change between—

(I) the value of the index for State and local government purchases, as published by the Bureau of Economic Analysis of the Department of Commerce, for the 12-month period ending June 30 of the second preceding fiscal year; and

(II) the best estimate that is available as of the start of the fiscal year of the value of such index for the 12-month period ending June 30 of the previous fiscal year.

(C) REMAINING AMOUNTS.—

(i) IN GENERAL.—Except as provided in clause (ii), in any fiscal year, amounts remaining from amounts appropriated for such fiscal year under subsection (g)(1) and from amounts appropriated under such section for the preceding fiscal year, after carrying out subparagraph (A), shall be made available for food benefits under this section, except to the extent that such amounts are needed to carry out the purposes of subsections (g)(4) and (g)(5).

(ii) BREAST PUMPS.—A State agency may use amounts made available under clause (i) for the purchase of breast pumps.

(2)(A) The Secretary shall allocate to each State agency from the amount described in paragraph (1)(A) an amount for costs of nutrition services and administration on the basis of a formula prescribed by the Secretary. Such formula—

(i) shall be designed to take into account—

(I) the varying needs of each State;

(II) the number of individuals participating in each State; and
(III) other factors which serve to promote the proper, efficient, and effective administration of the program under this section;

(ii) shall provide for each State agency—

- (I) an estimate of the number of participants for the fiscal year involved; and
- (II) a per participant grant for nutrition services and administration for such year;

(iii) shall provide for a minimum grant amount for State agencies; and

(iv) may provide funds to help defray reasonable anticipated expenses associated with innovations in cost containment or associated with procedures that tend to enhance competition.

(B)(i) Except as provided in clause (ii) and subparagraph (C), in any fiscal year, the total amount allocated to a State agency for costs of nutrition services and administration under the formula prescribed by the Secretary under subparagraph (A) shall constitute the State agency's operational level for such costs for such year even if the number of participants in the program at such agency is lower than the estimate provided under subparagraph (A)(ii)(I).

(ii) If a State agency's per participant expenditure for nutrition services and administration is more than 10 percent (except that the Secretary may establish a higher percentage for State agencies that are small) higher than its per participant grant for nutrition services and administration without good cause, the Secretary may reduce such State agency's operational level for costs of nutrition services and administration.

(C) In any fiscal year, the Secretary may reallocate amounts provided to State agencies under subparagraph (A) for such fiscal year. When reallocating amounts under the preceding sentence, the Secretary may provide additional amounts to, or recover amounts from, any State agency.

(3)(A) Except as provided in subparagraphs (B) and (C), in each fiscal year, each State agency shall expend—

(i) for nutrition education activities and breastfeeding promotion and support activities, an aggregate amount that is not less than the sum of—

(I) 1/6 of the amounts expended by the State for costs of nutrition services and administration; and

(II) except as otherwise provided in subparagraphs (F) and (G), an amount equal to a proportionate share of the national minimum breastfeeding promotion expenditure, as described in subparagraph (E), with each State's share determined on the basis of the number of pregnant women and breastfeeding women in the program in the State as a percentage of the number of pregnant women and breastfeeding women in the program in all States; and

(ii) for breastfeeding promotion and support activities an amount that is not less than the amount determined for such State under clause (i)(II).

(B) The Secretary may authorize a State agency to expend an amount less than the amount described in subparagraph (A)(ii) for purposes of breastfeeding promotion and support activities if—

(i) the State agency so requests; and

(ii) the request is accompanied by documentation that other funds will be used to conduct nutrition education activities at a level commensurate with the level at which such activities would be conducted if the amount described in subparagraph (A)(ii) were expended for such activities.

(C) The Secretary may authorize a State agency to expend for purposes of nutrition education an amount that is less than the difference between the aggregate amount described in subparagraph (A) and the amount expended by the State for breastfeeding promotion and support programs if—

(i) the State agency so requests; and

(ii) the request is accompanied by documentation that other funds will be used to conduct such activities.

(D) The Secretary shall limit to a minimal level any documentation required under this paragraph.
(E) For each fiscal year, the national minimum breastfeeding promotion expenditure means an amount that is—

- (i) equal to \$21 multiplied by the number of pregnant women and breastfeeding women participating in the program nationwide, based on the average number of pregnant women and breastfeeding women so participating during the last 3 months for which the Secretary has final data; and
- (ii) adjusted for inflation on October 1, 1996, and each October 1 thereafter, in accordance with paragraph (1)(B)(ii).

(4) REQUIREMENTS.—

(A) IN GENERAL.—The Secretary shall—

- (i) in consultation with the Secretary of Health and Human Services, develop a definition of breastfeeding for the purposes of the program under this section;
- (ii) authorize the purchase of breastfeeding aids by State and local agencies as an allowable expense under nutrition services and administration;
- (iii) require each State agency to designate an agency staff member to coordinate breastfeeding promotion efforts identified in the State plan of operation and administration;
- (iv) require the State agency to provide training on the promotion and management of breastfeeding to staff members of local agencies who are responsible for counseling participants in the program under this section concerning breastfeeding;
- (v) not later than 1 year after November 2, 1994, develop uniform requirements for the collection of data regarding the incidence and duration of breastfeeding among participants in the program;
- (vi) partner with communities, State and local agencies, employers, health care professionals, and other entities in the private sector to build a supportive breastfeeding environment for women participating in the program under this section to support the breastfeeding goals of the Healthy People initiative; and
- (vii) annually compile and publish breastfeeding performance measurements based on program participant data on the number of partially and fully breast-fed infants, including breastfeeding performance measurements for—
 - (I) each State agency; and
 - (II) each local agency;
- (viii) in accordance with subparagraph (B), implement a program to recognize exemplary breastfeeding support practices at local agencies or clinics participating in the special supplemental nutrition program established under this section; and
- (ix) in accordance with subparagraph (C), implement a program to provide performance bonuses to State agencies.

(B) EXEMPLARY BREASTFEEDING SUPPORT PRACTICES.—

(i) IN GENERAL.—In evaluating exemplary practices under subparagraph (A)(viii), the Secretary shall consider—

- (I) performance measurements of breastfeeding;
- (II) the effectiveness of a peer counselor program;
- (III) the extent to which the agency or clinic has partnered with other entities to build a supportive breastfeeding environment for women participating in the program; and
- (IV) such other criteria as the Secretary considers appropriate after consultation with State and local program agencies.

(ii) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out the activities described in clause (viii) of subparagraph (A) such sums as are

necessary.

(C) PERFORMANCE BONUSES.—

(i) IN GENERAL.—Following the publication of breastfeeding performance measurements under subparagraph (A)(vii), the Secretary shall provide performance bonus payments to not more than 15 State agencies that demonstrate, as compared to other State agencies participating in the program—

- (I) the highest proportion of breast-fed infants; or
- (II) the greatest improvement in proportion of breast-fed infants.

(ii) CONSIDERATION.—In providing performance bonus payments to State agencies under this subparagraph, the Secretary shall consider the proportion of fully breast-fed infants in the States.

(iii) USE OF FUNDS.—A State agency that receives a performance bonus under clause (i)—

- (I) shall treat the funds as program income; and
- (II) may transfer the funds to local agencies for use in carrying out the program.

(iv) IMPLEMENTATION.—The Secretary shall provide the first performance bonuses not later than 1 year after December 13, 2010, and may subsequently revise the criteria for awarding performance bonuses; and ¹

(5)(A) Subject to subparagraph (B), in any fiscal year that a State agency submits a plan to reduce average food costs per participant and to increase participation above the level estimated for the State agency, the State agency may, with the approval of the Secretary, convert amounts allocated for food benefits for such fiscal year for costs of nutrition services and administration to the extent that such conversion is necessary—

- (i) to cover allowable expenditures in such fiscal year; and
- (ii) to ensure that the State agency maintains the level established for the per participant grant for nutrition services and administration for such fiscal year.

(B) If a State agency increases its participation level through measures that are not in the nutritional interests of participants or not otherwise allowable (such as reducing the quantities of foods provided for reasons not related to nutritional need), the Secretary may refuse to allow the State agency to convert amounts allocated for food benefits to defray costs of nutrition services and administration.

(C) For the purposes of this paragraph, the term "acceptable measures" includes use of cost containment measures, curtailment of vendor abuse, and breastfeeding promotion activities.

(D) REMOTE INDIAN OR NATIVE VILLAGES.—For noncontiguous States containing a significant number of remote Indian or Native villages, a State agency may convert amounts allocated for food benefits for a fiscal year to the costs of nutrition services and administration to the extent that the conversion is necessary to cover expenditures incurred in providing services (including the full cost of air transportation and other transportation) to remote Indian or Native villages and to provide breastfeeding support in remote Indian or Native villages.

(6) In each fiscal year, each State agency shall provide, from the amounts allocated to such agency for such year for costs of nutrition services and administration, an amount to each local agency for its costs of nutrition services and administration. The amount to be provided to each local agency under the preceding sentence shall be determined under allocation standards developed by the State agency in cooperation with the several local agencies, taking into account factors deemed appropriate to further proper, efficient, and effective administration of the program, such as—

- (A) local agency staffing needs;
- (B) density of population;
- (C) number of individuals served; and
- (D) availability of administrative support from other sources.

(7) The State agency may provide in advance to any local agency any amounts for nutrition services and administration deemed necessary for successful commencement or significant expansion of program operations during a reasonable period following approval of—

- (A) a new local agency;
- (B) a new cost containment measure; or
- (C) a significant change in an existing cost containment measure.

(8)(A)(i) Except as provided in subparagraphs (B) and (C)(iii), any State that provides for the purchase of foods under the program at retail grocery stores shall, with respect to the procurement of infant formula, use—

- (I) a competitive bidding system; or
- (II) any other cost containment measure that yields savings equal to or greater than savings generated by a competitive bidding system when such savings are determined by comparing the amounts of savings that would be provided over the full term of contracts offered in response to a single invitation to submit both competitive bids and bids for other cost containment systems for the sale of infant formula.

(ii) In determining whether a cost containment measure other than competitive bidding yields equal or greater savings, the State, in accordance with regulations issued by the Secretary, may take into account other cost factors (in addition to rebate levels and procedures for adjusting rebate levels when wholesale price levels change), such as—

- (I) the number of infants who would not be expected to receive the primary contract infant formula under a competitive bidding system;
- (II) the number of cans of infant formula for which no rebate would be provided under another rebate system; and
- (III) differences in administrative costs relating to the implementation of the various cost containment systems (such as costs of converting a computer system for the purpose of operating a cost containment system and costs of preparing participants for conversion to a new or alternate cost containment system).

(iii) COMPETITIVE BIDDING SYSTEM.—A State agency using a competitive bidding system for infant formula shall award contracts to bidders offering the lowest net price for a specific infant formula for which manufacturers submit a bid unless the State agency demonstrates to the satisfaction of the Secretary that the weighted average retail price for different brands of infant formula in the State does not vary by more than 5 percent.

(iv) SIZE OF STATE ALLIANCES.—

(I) IN GENERAL.—Except as provided in subclauses (II) through (IV), no State alliance may exist among States if the total number of infants served by States participating in the alliance as of October 1, 2003, or such subsequent date determined by the Secretary for which data is available, would exceed 100,000.

(II) ADDITION OF INFANT PARTICIPANTS.—In the case of a State alliance that exists on June 30, 2004, the alliance may continue and may expand to serve more than 100,000 infants but, except as provided in subclause (III), may not expand to include any additional State agency.

(III) ADDITION OF SMALL STATE AGENCIES AND INDIAN STATE AGENCIES.—Except as provided in paragraph (9)(B)(i)(II), any State alliance may expand to include any State agency that served less than 5,000 infant participants as of October 1, 2003, or such subsequent date determined by the Secretary for which data is available, or any Indian State agency, if the State agency or Indian State agency requests to join the State alliance.

(IV) SECRETARIAL WAIVER.—The Secretary may waive the requirements of this clause not earlier than 30 days after submitting to the Committee on Education and the Workforce of the

House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a written report that describes the cost-containment and competitive benefits of the proposed waiver.

(v) FIRST CHOICE OF ISSUANCE.—The State agency shall use the primary contract infant formula as the first choice of issuance (by formula type), with all other infant formulas issued as an alternative to the primary contract infant formula.

(vi) REBATE INVOICES.—Effective beginning October 1, 2004, each State agency shall have a system to ensure that infant formula rebate invoices, under competitive bidding, provide a reasonable estimate or an actual count of the number of units sold to participants in the program under this section.

(vii) SEPARATE SOLICITATIONS.—In soliciting bids for infant formula under a competitive bidding system, any State agency, or State alliance, that served under the program a monthly average of more than 100,000 infants during the preceding 12-month period shall solicit bids from infant formula manufacturers under procedures that require that bids for rebates or discounts are solicited for milk-based and soy-based infant formula separately.

(viii) CENT-FOR-CENT ADJUSTMENTS.—A bid solicitation for infant formula under the program shall require the manufacturer to adjust for price changes subsequent to the opening of the bidding process in a manner that requires—

(I) a cent-for-cent increase in the rebate amounts if there is an increase in the lowest national wholesale price for a full truckload of the particular infant formula; and

(II) a cent-for-cent decrease in the rebate amounts if there is a decrease in the lowest national wholesale price for a full truckload of the particular infant formula.

(ix) LIST OF INFANT FORMULA WHOLESALERS, DISTRIBUTORS, RETAILERS, AND MANUFACTURERS.—The State agency shall maintain a list of—

(I) infant formula wholesalers, distributors, and retailers licensed in the State in accordance with State law (including regulations); and

(II) infant formula manufacturers registered with the Food and Drug Administration that provide infant formula.

(x) PURCHASE REQUIREMENT.—A vendor authorized to participate in the program under this section shall only purchase infant formula from the list described in clause (ix).

(B)(i) The Secretary shall waive the requirement of subparagraph (A) in the case of any State that demonstrates to the Secretary that—

(I) compliance with subparagraph (A) would be inconsistent with efficient or effective operation of the program operated by such State under this section; or

(II) the amount by which the savings yielded by an alternative cost containment system would be less than the savings yielded by a competitive bidding system is sufficiently minimal that the difference is not significant.

(ii) The Secretary shall prescribe criteria under which a waiver may be granted pursuant to clause (i).

(iii) The Secretary shall provide information on a timely basis to the Committee on Education and Labor of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate on waivers that have been granted under clause (i).

(C)(i) The Secretary shall provide technical assistance to small Indian State agencies carrying out this paragraph in order to assist such agencies to achieve the maximum cost containment savings feasible.

(ii) The Secretary shall also provide technical assistance, on request, to State agencies that desire to consider a cost containment system that covers more than 1 State agency.

(iii) The Secretary may waive the requirement of subparagraph (A) in the case of any Indian State agency that has not more than 1,000 participants.

(D) No State may enter into a cost containment contract (in this subparagraph referred to as the "original contract") that prescribes conditions that would void, reduce the savings under, or otherwise limit the original contract if the State solicited or secured bids for, or entered into, a subsequent cost containment contract to take effect after the expiration of the original contract.

(E) The Secretary shall offer to solicit bids on behalf of State agencies regarding cost-containment contracts to be entered into by infant formula manufacturers and State agencies. The Secretary shall make the offer to State agencies once every 12 months. Each such bid solicitation shall only take place if two or more State agencies request the Secretary to perform the solicitation. For such State agencies, the Secretary shall solicit bids and select the winning bidder for a cost containment contract to be entered into by State agencies and infant formula manufacturers or suppliers.

(F) In soliciting bids for contracts for infant formula for the program authorized by this section, the Secretary shall solicit bids from infant formula manufacturers under procedures in which bids for rebates or discounts are solicited for milk-based and soy-based infant formula, separately, except where the Secretary determines that such solicitation procedures are not in the best interest of the program.

(G) To reduce the costs of any supplemental foods, the Secretary may make available additional funds to State agencies out of the funds otherwise available under paragraph (1)(A) for nutrition services and administration in an amount not exceeding one half of 1 percent of the amounts to help defray reasonable anticipated expenses associated with innovations in cost containment or associated with procedures that tend to enhance competition.

(H)(i) Any person, company, corporation, or other legal entity that submits a bid to supply infant formula to carry out the program authorized by this section and announces or otherwise discloses the amount of the bid, or the rebate or discount practices of such entities, in advance of the time the bids are opened by the Secretary or the State agency, or any person, company, corporation, or other legal entity that makes a statement (prior to the opening of bids) relating to levels of rebates or discounts, for the purpose of influencing a bid submitted by any other person, shall be ineligible to submit bids to supply infant formula to the program for the bidding in progress for up to 2 years from the date the bids are opened and shall be subject to a civil penalty of up to \$100,000,000, as determined by the Secretary to provide restitution to the program for harm done to the program. The Secretary shall issue regulations providing such person, company, corporation, or other legal entity appropriate notice, and an opportunity to be heard and to respond to charges.

(ii) The Secretary shall determine the length of the disqualification, and the amount of the civil penalty referred to in clause (i) based on such factors as the Secretary by regulation determines appropriate.

(iii) Any person, company, corporation, or other legal entity disqualified under clause (i) shall remain obligated to perform any requirements under any contract to supply infant formula existing at the time of the disqualification and until each such contract expires by its terms.

(I) Not later than the expiration of the 180-day period beginning on October 24, 1992, the Secretary shall prescribe regulations to carry out this paragraph.

(J) A State shall not incur any interest liability to the Federal Government on rebate funds for infant formula and other foods if all interest earned by the State on the funds is used for program purposes.

(K) REPORTING.—Effective beginning October 1, 2011, each State agency shall report rebate payments received from manufacturers in the month in which the payments are received, rather than in the month in which the payments were earned.

(9) COST CONTAINMENT MEASURE.—

(A) DEFINITION OF COST CONTAINMENT MEASURE.—In this subsection, the term "cost containment measure" means a competitive bidding, rebate, direct distribution, or home delivery system implemented by a State agency as described in the approved State plan of operation and administration of the State agency.

(B) SOLICITATION AND REBATE BILLING REQUIREMENTS.—Any State agency instituting a cost containment measure for any authorized food, including infant formula, shall—

(i) in the bid solicitation—

- (I) identify the composition of State alliances for the purposes of a cost containment measure; and
 - (II) verify that no additional States shall be added to the State alliance between the date of the bid solicitation and the end of the contract;
- (ii) have a system to ensure that rebate invoices under competitive bidding provide a reasonable estimate or an actual count of the number of units sold to participants in the program under this section;
 - (iii) open and read aloud all bids at a public proceeding on the day on which the bids are due; and
 - (iv) unless otherwise exempted by the Secretary, provide a minimum of 30 days between the publication of the solicitation and the date on which the bids are due.

(C) STATE ALLIANCES FOR AUTHORIZED FOODS OTHER THAN INFANT FORMULA
.—Program requirements relating to the size of State alliances under paragraph (8)(A)(iv) shall apply to cost containment measures established for any authorized food under this section.

(10) FUNDS FOR INFRASTRUCTURE, MANAGEMENT INFORMATION SYSTEMS, AND SPECIAL NUTRITION EDUCATION.—

(A) IN GENERAL.—For each of fiscal years 2010 through 2015, the Secretary shall use for the purposes specified in subparagraph (B) \$139,000,000 (as adjusted annually for inflation by the same factor used to determine the national average per participant grant for nutrition services and administration for the fiscal year under paragraph (1)(B)).

(B) PURPOSES.—Subject to subparagraph (C), of the amount made available under subparagraph (A) for a fiscal year—

(i) \$14,000,000 shall be used for—

(I) infrastructure for the program under this section;

(II) special projects to promote breastfeeding, including projects to assess the effectiveness of particular breastfeeding promotion strategies; and

(III) special State projects of regional or national significance to improve the services of the program;

(ii) \$35,000,000 shall be used to establish, improve, or administer management information systems for the program, including changes necessary to meet new legislative or regulatory requirements of the program, of which up to \$5,000,000 may be used for Federal administrative costs; and

(iii) \$90,000,000 shall be used for special nutrition education (such as breastfeeding peer counselors and other related activities), of which not more than \$10,000,000 of any funding provided in excess of \$50,000,000 shall be used to make performance bonus payments under paragraph (4)(C).

(C) ADJUSTMENT.—Each of the amounts referred to in clauses (i), (ii), and (iii) of subparagraph (B) shall be adjusted annually for inflation by the same factor used to determine the national average per participant grant for nutrition services and administration for the fiscal year under paragraph (1)(B).

(D) PROPORTIONAL DISTRIBUTION.—The Secretary shall distribute funds made available under subparagraph (A) in accordance with the proportional distribution described in subparagraphs (B) and (C).

(11) VENDOR COST CONTAINMENT.—

(A) PEER GROUPS.—

(i) IN GENERAL.—The State agency shall—

(I) establish a vendor peer group system;

- (II) in accordance with subparagraphs (B) and (C), establish competitive price criteria and allowable reimbursement levels for each vendor peer group; and
- (III) if the State agency elects to authorize any types of vendors described in subparagraph (D)(ii)(I)—
 - (aa) distinguish between vendors described in subparagraph (D)(ii)(I) and other vendors by establishing—
 - (AA) separate peer groups for vendors described in subparagraph (D)(ii)(I); or
 - (BB) distinct competitive price criteria and allowable reimbursement levels for vendors described in subparagraph (D)(ii)(I) within a peer group that contains both vendors described in subparagraph (D)(ii)(I) and other vendors; and
 - (bb) establish competitive price criteria and allowable reimbursement levels that comply with subparagraphs (B) and (C), respectively, and that do not result in higher food costs if program participants redeem supplemental food vouchers at vendors described in subparagraph (D)(ii)(I) rather than at vendors other than vendors described in subparagraph (D)(ii)(I).

Nothing in this paragraph shall be construed to compel a State agency to achieve lower food costs if program participants redeem supplemental food vouchers at vendors described in subparagraph (D)(ii)(I) rather than at vendors other than vendors described in subparagraph (D)(ii)(I).

- (ii) EXEMPTIONS.—The Secretary may exempt from the requirements of clause (i)—
 - (I) a State agency that elects not to authorize any types of vendors described in subparagraph (D)(ii)(I) and that demonstrates to the Secretary that—
 - (aa) compliance with clause (i) would be inconsistent with efficient and effective operation of the program administered by the State under this section; or
 - (bb) an alternative cost-containment system would be as effective as a vendor peer group system; or
 - (II) a State agency—
 - (aa) in which the sale of supplemental foods that are obtained with food instruments from vendors described in subparagraph (D)(ii)(I) constituted less than 5 percent of total sales of supplemental foods that were obtained with food instruments in the State in the year preceding a year in which the exemption is effective; and
 - (bb) that demonstrates to the Secretary that an alternative cost-containment system would be as effective as the vendor peer group system and would not result in higher food costs if program participants redeem supplemental food vouchers at vendors described in subparagraph (D)(ii)(I) rather than at vendors other than vendors described in subparagraph (D)(ii)(I).

(B) COMPETITIVE PRICING.—

- (i) IN GENERAL.—The State agency shall establish competitive price criteria for each peer group for the selection of vendors for participation in the program that—
 - (I) ensure that the retail prices charged by vendor applicants for the program are competitive with the prices charged by other vendors; and
 - (II) consider—
 - (aa) the shelf prices of the vendor for all buyers; or
 - (bb) the prices that the vendor bid for supplemental foods, which shall not exceed the shelf prices of the vendor for all buyers.

(ii) PARTICIPANT ACCESS.—In establishing competitive price criteria, the State agency shall consider participant access by geographic area.

(iii) SUBSEQUENT PRICE INCREASES.—The State agency shall establish procedures to ensure that a retail store selected for participation in the program does not, subsequent to

selection, increase prices to levels that would make the store ineligible for selection to participate in the program.

(C) ALLOWABLE REIMBURSEMENT LEVELS.—

- (i) **IN GENERAL.**—The State agency shall establish allowable reimbursement levels for supplemental foods for each vendor peer group that ensure—
(I) that payments to vendors in the vendor peer group reflect competitive retail prices; and
(II) that the State agency does not reimburse a vendor for supplemental foods at a level that would make the vendor ineligible for authorization under the criteria established under subparagraph (B).

(ii) **PRICE FLUCTUATIONS.**—The allowable reimbursement levels may include a factor to reflect fluctuations in wholesale prices.

(iii) **PARTICIPANT ACCESS.**—In establishing allowable reimbursement levels, the State agency shall consider participant access in a geographic area.

(D) EXEMPTIONS.—The State agency may exempt from competitive price criteria and allowable reimbursement levels established under this paragraph—

- (i) pharmacy vendors that supply only exempt infant formula or medical foods that are eligible under the program; and
(ii) vendors—
(I)(aa) for which more than 50 percent of the annual revenue of the vendor from the sale of food items consists of revenue from the sale of supplemental foods that are obtained with food instruments; or
(bb) who are new applicants likely to meet the criteria of item (aa) under criteria approved by the Secretary; and
(II) that are nonprofit.

(E) COST CONTAINMENT.—If a State agency elects to authorize any types of vendors described in subparagraph (D)(ii)(I), the State agency shall demonstrate to the Secretary, and the Secretary shall certify, that the competitive price criteria and allowable reimbursement levels established under this paragraph for vendors described in subparagraph (D)(ii)(I) do not result in average payments per voucher to vendors described in subparagraph (D)(ii)(I) that are higher than average payments per voucher to comparable vendors other than vendors described in subparagraph (D)(ii)(I).

(F) LIMITATION ON PRIVATE RIGHTS OF ACTION.—Nothing in this paragraph may be construed as creating a private right of action.

(G) IMPLEMENTATION.—A State agency shall comply with this paragraph not later than 18 months after June 30, 2004.

(12) ELECTRONIC BENEFIT TRANSFER.—

(A) DEFINITIONS.—In this paragraph:

- (i) **ELECTRONIC BENEFIT TRANSFER.**—The term "electronic benefit transfer" means a food delivery system that provides benefits using a card or other access device approved by the Secretary that permits electronic access to program benefits.
(ii) **PROGRAM.**—The term "program" means the special supplemental nutrition program established by this section.

(B) REQUIREMENTS.—

- (i) **IN GENERAL.**—Not later than October 1, 2020, each State agency shall be required to implement electronic benefit transfer systems throughout the State, unless the Secretary grants an exemption under subparagraph (C) for a State agency that is facing unusual barriers to implement an electronic benefit transfer system.

(ii) RESPONSIBILITY.—The State agency shall be responsible for the coordination and management of the electronic benefit transfer system of the agency.

(C) EXEMPTIONS.—

(i) IN GENERAL.—To be eligible for an exemption from the statewide implementation requirements of subparagraph (B)(i), a State agency shall demonstrate to the satisfaction of the Secretary 1 or more of the following:

(I) There are unusual technological barriers to implementation.

(II) Operational costs are not affordable within the nutrition services and administration grant of the State agency.

(III) It is in the best interest of the program to grant the exemption.

(ii) SPECIFIC DATE.—A State agency requesting an exemption under clause (i) shall specify a date by which the State agency anticipates statewide implementation described in subparagraph (B)(i).

(D) REPORTING.—

(i) IN GENERAL.—Each State agency shall submit to the Secretary electronic benefit transfer project status reports to demonstrate the progress of the State toward statewide implementation.

(ii) CONSULTATION.—If a State agency plans to incorporate additional programs in the electronic benefit transfer system of the State, the State agency shall consult with the State agency officials responsible for administering the programs prior to submitting the planning documents to the Secretary for approval.

(iii) REQUIREMENTS.—At a minimum, a status report submitted under clause (i) shall contain—

(I) an annual outline of the electronic benefit transfer implementation goals and objectives of the State;

(II) appropriate updates in accordance with approval requirements for active electronic benefit transfer State agencies; and

(III) such other information as the Secretary may require.

(E) IMPOSITION OF COSTS ON VENDORS.—

(i) COST PROHIBITION.—Except as otherwise provided in this paragraph, the Secretary may not impose, or allow a State agency to impose, the costs of any equipment or system required for electronic benefit transfers on any authorized vendor in order to transact electronic benefit transfers if the vendor equipment or system is used solely to support the program.

(ii) COST-SHARING.—The Secretary shall establish criteria for cost-sharing by State agencies and vendors of costs associated with any equipment or system that is not solely dedicated to transacting electronic benefit transfers for the program.

(iii) FEES.—

(I) IN GENERAL.—A vendor that elects to accept electronic benefit transfers using multifunction equipment shall pay commercial transaction processing costs and fees imposed by a third-party processor that the vendor elects to use to connect to the electronic benefit transfer system of the State.

(II) INTERCHANGE FEES.—No interchange fees shall apply to electronic benefit transfer transactions under this paragraph.

(iv) STATEWIDE OPERATIONS.—After completion of statewide expansion of a system for transaction of electronic benefit transfers—

(I) a State agency may not be required to incur ongoing maintenance costs for vendors using multifunction systems and equipment to support electronic benefit transfers; and

(II) any retail store in the State that applies for authorization to become a program vendor

shall be required to demonstrate the capability to accept program benefits electronically prior to authorization, unless the State agency determines that the vendor is necessary for participant access.

(F) MINIMUM LANE COVERAGE.—

(i) IN GENERAL.—The Secretary shall establish minimum lane coverage guidelines for vendor equipment and systems used to support electronic benefit transfers.

(ii) PROVISION OF EQUIPMENT.—If a vendor does not elect to accept electronic benefit transfers using its own multifunction equipment, the State agency shall provide such equipment as is necessary to solely support the program to meet the established minimum lane coverage guidelines.

(G) TECHNICAL STANDARDS.—The Secretary shall—

(i) establish technical standards and operating rules for electronic benefit transfer systems; and

(ii) require each State agency, contractor, and authorized vendor participating in the program to demonstrate compliance with the technical standards and operating rules.

(13) UNIVERSAL PRODUCT CODES DATABASE.—

(A) IN GENERAL.—Not later than 2 years after December 13, 2010, the Secretary shall establish a national universal product code database to be used by all State agencies in carrying out the requirements of paragraph (12).

(B) FUNDING.—

(i) IN GENERAL.—On October 1, 2010, and on each October 1 thereafter, out of any funds in the Treasury not otherwise appropriated, the Secretary of the Treasury shall transfer to the Secretary to carry out this paragraph \$1,000,000, to remain available until expended.

(ii) RECEIPT AND ACCEPTANCE.—The Secretary shall be entitled to receive, shall accept, and shall use to carry out this paragraph the funds transferred under clause (i), without further appropriation.

(iii) USE OF FUNDS.—The Secretary shall use the funds provided under clause (i) for development, hosting, hardware and software configuration, and support of the database required under subparagraph (A).

(14) INCENTIVE ITEMS.—A State agency shall not authorize or make payments to a vendor described in paragraph (11)(D)(ii)(I) that provides incentive items or other free merchandise, except food or merchandise of nominal value (as determined by the Secretary), to program participants unless the vendor provides to the State agency proof that the vendor obtained the incentive items or merchandise at no cost.

(i) Division of funds formula; reallocation of unspent funds; use of State allocation to buy supplemental foods; use of amounts available for succeeding fiscal year

(1) By the beginning of each fiscal year, the Secretary shall divide, among the State agencies, the amounts made available for food benefits under subsection (h)(1)(C) on the basis of a formula determined by the Secretary.

(2) Each State agency's allocation, as so determined, shall constitute the State agency's authorized operational level for that year, except that the Secretary shall reallocate funds periodically if the Secretary determines that a State agency is unable to spend its allocation.

(3)(A) Notwithstanding paragraph (2) and subject to subparagraph (B)—

(i)(I) not more than 1 percent (except as provided in subparagraph (C)) of the amount of funds allocated to a State agency under this section for supplemental foods for a fiscal year may be expended by the State agency for allowable expenses incurred under this section for supplemental foods during the preceding fiscal year; and

(II) not more than 1 percent of the amount of funds allocated to a State agency under this section for nutrition services and administration for a fiscal year may be expended by the State

agency for allowable expenses incurred under this section for supplemental foods and nutrition services and administration during the preceding fiscal year; and

(ii)(I) for each fiscal year, of the amounts allocated to a State agency for nutrition services and administration, an amount equal to not more than 3 percent of the amount allocated to the State agency under this section for the fiscal year may be expended by the State agency for allowable expenses incurred under this section for nutrition services and administration during the subsequent fiscal year; and

(II) for each fiscal year, of the amounts allocated to a State agency for nutrition services and administration, an amount equal to not more than $\frac{1}{2}$ of 1 percent of the amount allocated to the State agency under this section for the fiscal year may be expended by the State agency, with the prior approval of the Secretary, for the development of a management information system, including an electronic benefit transfer system, during the subsequent fiscal year.

(B) Any funds made available to a State agency in accordance with subparagraph (A)(ii) for a fiscal year shall not affect the amount of funds allocated to the State agency for such year.

(C) The Secretary may authorize a State agency to expend not more than 3 percent of the amount of funds allocated to a State under this section for supplemental foods for a fiscal year for expenses incurred under this section for supplemental foods during the preceding fiscal year, if the Secretary determines that there has been a significant reduction in infant formula cost containment savings provided to the State agency that would affect the ability of the State agency to at least maintain the level of participation by eligible participants served by the State agency.

(4) For purposes of the formula, if Indians are served by the health department of a State, the formula shall be based on the State population inclusive of the Indians within the State boundaries.

(5) If Indians residing in the State are served by a State agency other than the health department of the State, the population of the tribes within the jurisdiction of the State being so served shall not be included in the formula for such State, and shall instead be included in the formula for the State agency serving the Indians.

(6) Notwithstanding any other provision of this section, the Secretary may use a portion of a State agency's allocation to purchase supplemental foods for donation to the State agency under this section.

(7) In addition to any amounts expended under paragraph (3)(A)(i), any State agency using cost containment measures as defined in subsection (h)(9) may temporarily use amounts made available to such agency for the first quarter of a fiscal year to defray expenses for costs incurred during the final quarter of the preceding fiscal year. In any fiscal year, any State agency that uses amounts made available for a succeeding fiscal year under the authority of the preceding sentence shall restore or reimburse such amounts when such agency receives payment as a result of its cost containment measures for such expenses.

(8) **TEMPORARY SPENDING AUTHORITY.**—During each of fiscal years 2012 and 2013, the Secretary may authorize a State agency to expend more than the amount otherwise authorized under paragraph (3)(C) for expenses incurred under this section for supplemental foods during the preceding fiscal year, if the Secretary determines that—

(A) there has been a significant reduction in reported infant formula cost containment savings for the preceding fiscal year due to the implementation of subsection (h)(8)(K); and

(B) the reduction would affect the ability of the State agency to serve all eligible participants.

(j) Initiative to provide program services at community and migrant health centers

(1) The Secretary and the Secretary of Health and Human Services (referred to in this subsection as the "Secretaries") shall jointly establish and carry out an initiative for the purpose of providing both supplemental foods, nutrition education, and breastfeeding support and promotion under the special supplemental nutrition program and health care services to low-income pregnant, postpartum, and breastfeeding women, infants, and children at substantially more community health centers and migrant health centers.

(2) The initiative shall also include—

(A) activities to improve the coordination of the provision of supplemental foods, nutrition

education, and breastfeeding support and promotion under the special supplemental nutrition program and health care services at facilities funded by the Indian Health Service; and

(B) the development and implementation of strategies to ensure that, to the maximum extent feasible, new community health centers, migrant health centers, and other federally supported health care facilities established in medically underserved areas provide supplemental foods, nutrition education, and breastfeeding support and promotion under the special supplemental nutrition program.

(3) The initiative may include—

- (A) outreach and technical assistance for State and local agencies and the facilities described in paragraph (2)(A) and the health centers and facilities described in paragraph (2)(B);
- (B) demonstration projects in selected State or local areas; and
- (C) such other activities as the Secretaries find are appropriate.

(4) As used in this subsection:

- (A) The term "community health center" has the meaning given the term in section 254c(a)² of this title.
- (B) The term "migrant health center" has the meaning given the term in section 254b(a)(1)² of this title.

(2) Members of the Council appointed from outside the Department of Agriculture and the Department of Health and Human Services shall be appointed for terms not exceeding three years. State and local officials shall serve only during their official tenure, and the tenure of parent participants shall not exceed two years. Persons appointed to complete an unexpired term shall serve only for the remainder of such term.

(3) The Council shall elect a Chairman and a Vice Chairman. The Council shall meet at the call of the Chairman, but shall meet at least once a year. Eleven members shall constitute a quorum.

(4) The Secretary shall provide the Council with such technical and other assistance, including secretarial and clerical assistance, as may be required to carry out its functions.

(5) Members of the Council shall serve without compensation but shall be reimbursed for necessary travel and subsistence expenses incurred by them in the performance of the duties of the Council. Parent participant members of the Council, in addition to reimbursement for necessary travel and subsistence, shall, at the discretion of the Secretary, be compensated in advance for other personal expenses related to participation on the Council, such as child care expenses and lost wages during scheduled Council meetings.

(l) Donation of foods by Secretary

Foods available under section 1431 of title 7, including, but not limited to, dry milk, or purchased under section 612c of title 7, may be donated by the Secretary, at the request of a State agency, for distribution to programs conducted under this section. The Secretary may purchase and distribute, at the request of a State agency, supplemental foods for donation to programs conducted under this section, with appropriated funds, including funds appropriated under this section.

(m) Women, infants, and children farmers' market nutrition program; establishment, grants, etc.

(1) Subject to the availability of funds appropriated for the purposes of this subsection, and as specified in this subsection, the Secretary shall award grants to States that submit State plans that are approved for the establishment or maintenance of programs designed to provide recipients of assistance under subsection (c), or those who are on the waiting list to receive the assistance, with coupons that may be exchanged for fresh, nutritious, unprepared foods at farmers' markets and (at the option of a State) roadside stands, as defined in the State plans submitted under this subsection.

(2) A grant provided to any State under this subsection shall be provided to the chief executive officer of the State, who shall—

(A) designate the appropriate State agency or agencies to administer the program in conjunction with the appropriate nonprofit organizations; and

(B) ensure coordination of the program among the appropriate agencies and organizations.

(3) The Secretary shall not make a grant to any State under this subsection unless the State agrees to provide State, local, or private funds for the program in an amount that is equal to not less than 30 percent of the administrative cost of the program, which may be satisfied from program income or State contributions that are made for similar programs. The Secretary may negotiate with an Indian State agency a lower percentage of matching funds than is required under the preceding sentence, but not lower than 10 percent of the administrative cost of the program, if the Indian State agency demonstrates to the Secretary financial hardship for the affected Indian tribe, band, group, or council.

(4) Subject to paragraph (6), the Secretary shall establish a formula for determining the amount of the grant to be awarded under this subsection to each State for which a State plan is approved under paragraph (6), according to the number of recipients proposed to participate as specified in the State plan. In determining the amount to be awarded to new States, the Secretary shall rank order the State plans according to the criteria of operation set forth in this subsection, and award grants accordingly. The Secretary shall take into consideration the minimum amount needed to fund each approved State plan, and need not award grants to each State that submits a State plan.

(5) Each State that receives a grant under this subsection shall ensure that the program for which the grant is received complies with the following requirements:

(A) Individuals who are eligible to receive Federal benefits under the program shall only be individuals who are receiving assistance under subsection (c), or who are on the waiting list to receive the assistance.

(B) Construction or operation of a farmers' market may not be carried out using funds—

(i) provided under the grant; or

(ii) required to be provided by the State under paragraph (3).

(C) The value of the Federal share of the benefits received by any recipient under the program may not be—

(i) less than \$10 per year; or

(ii) more than \$30 per year.

(D) The coupon issuance process under the program shall be designed to ensure that coupons are targeted to areas with—

- (i) the highest concentration of eligible individuals;
- (ii) the greatest access to farmers' markets; and
- (iii) certain characteristics, in addition to those described in clauses (i) and (ii), that are determined to be relevant by the Secretary and that maximize the availability of benefits to eligible individuals.

(E) The coupon redemption process under the program shall be designed to ensure that the coupons may be—

- (i) redeemed only by producers authorized by the State to participate in the program; and
- (ii) redeemed only to purchase fresh nutritious unprepared food for human consumption.

(F)(i) Except as provided in clauses (ii) and (iii), the State may use for administration of the program in any fiscal year not more than 17 percent of the total amount of program funds.

(ii) During any fiscal year for which a State receives assistance under this subsection, the Secretary shall permit the State to use not more than 2 percent of total program funds for market development or technical assistance to farmers' markets if the Secretary determines that the State intends to promote the development of farmers' markets in socially or economically disadvantaged areas, or remote rural areas, where individuals eligible for participation in the program have limited access to locally grown fruits and vegetables.

(iii) The provisions of clauses (i) and (ii) with respect to the use of program funds shall not apply to any funds that a State may contribute in excess of the funds used by the State to meet the requirements of paragraph (3).

(G) The State shall ensure that no State or local taxes are collected within the State on purchases of food with coupons distributed under the program.

(6)(A) The Secretary shall give the same preference for funding under this subsection to eligible States that participated in the program under this subsection in a prior fiscal year as to States that participated in the program in the most recent fiscal year. The Secretary shall inform each State of the award of funds as prescribed by subparagraph (G) by February 15 of each year.

(B)(i) Subject to the availability of appropriations, if a State provides the amount of matching funds required under paragraph (3), the State shall receive assistance under this subsection in an amount that is not less than the amount of such assistance that the State received in the most recent fiscal year in which it received such assistance.

(ii) If amounts appropriated for any fiscal year pursuant to the authorization contained in paragraph (10) for grants under this subsection are not sufficient to pay to each State for which a State plan is approved under paragraph (6) the amount that the Secretary determines each such State is entitled to under this subsection, each State's grant shall be ratably reduced, except that (if sufficient funds are available) each State shall receive at least \$75,000 or the amount that the State received for the prior fiscal year if that amount is less than \$75,000.

(C) In providing funds to a State that received assistance under this subsection in the previous fiscal year, the Secretary shall consider—

- (i) the availability of any such assistance not spent by the State during the program year for which the assistance was received;
- (ii) documentation that demonstrates that
 - (I) there is a need for an increase in funds; and
 - (II) the use of the increased funding will be consistent with serving nutritionally at-risk persons and expanding the awareness and use of farmers' markets;
- (iii) demonstrated ability to satisfactorily operate the existing program; and

(iv) whether, in the case of a State that intends to use any funding provided under subparagraph (G)(i)² to increase the value of the Federal share of the benefits received by a recipient, the funding provided under subparagraph (G)(i)² will increase the rate of coupon redemption.

(D)(i) A State that desires to receive a grant under this subsection shall submit, for each fiscal year, a State plan to the Secretary by November 15 of each year.

(ii) Each State plan submitted under this paragraph shall contain—

(I) the estimated cost of the program and the estimated number of individuals to be served by the program;

(II) a description of the State plan for complying with the requirements established in paragraph (5); and

(III) criteria developed by the State with respect to authorization of producers to participate in the program.

(iii) The criteria developed by the State as required by clause (ii)(III) shall require any authorized producer to sell fresh nutritious unprepared foods (such as fruits and vegetables) to recipients, in exchange for coupons distributed under the program.

(E) The Secretary shall establish objective criteria for the approval and ranking of State plans submitted under this paragraph.

(F)(i) An amount equal to 75 percent of the funds available after satisfying the requirements of subparagraph (B) shall be made available to States participating in the program whose State plan is approved by the Secretary. If this amount is greater than that necessary to satisfy the approved State plans, the unallocated amount shall be applied toward satisfying any unmet need of States that have not participated in the program in the prior fiscal year, and whose State plans have been approved.

(ii) An amount equal to 25 percent of the funds available after satisfying the requirements of subparagraph (B) shall be made available to States that have not participated in the program in the prior fiscal year, and whose State plans have been approved by the Secretary. If this amount is greater than that necessary to satisfy the approved State plans for new States, the unallocated amount shall be applied toward satisfying any unmet need of States whose State plans have been approved.

(iii) In any fiscal year, any funds that remain unallocated after satisfying the requirements of clauses (i) and (ii) shall be reallocated in the following fiscal year according to procedures established pursuant to paragraph (10)(B)(ii).

(7)(A) The value of the benefit received by any recipient under any program for which a grant is received under this subsection may not affect the eligibility or benefit levels for assistance under other Federal or State programs.

(B) Any programs for which a grant is received under this subsection shall be supplementary to the supplemental nutrition assistance program carried out under the Food and Nutrition Act of 2008 (7 U.S.C. 2011 et seq.) and to any other Federal or State program under which foods are distributed to needy families in lieu of supplemental nutrition assistance program benefits.

(8) For each fiscal year, the Secretary shall collect from each State that receives a grant under this subsection information relating to—

(A) the number and type of recipients served by both Federal and non-Federal benefits under the program for which the grant is received;

(B) the rate of redemption of coupons distributed under the program;

(C) the average amount distributed in coupons to each recipient;

(D) the change in consumption of fresh fruits and vegetables by recipients, if the information is available;

(E) the effects of the program on farmers' markets, if the information is available; and

(F) any other information determined to be necessary by the Secretary.

(9) FUNDING.—

(A) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this subsection such sums as are necessary for each of fiscal years 2010 through 2015.

(B)(i)(I) Each State shall return to the Secretary any funds made available to the State that are unobligated at the end of the fiscal year for which the funds were originally allocated. The unexpended funds shall be returned to the Secretary by February 1st of the following fiscal year.

(II) Notwithstanding any other provision of this subsection, a total of not more than 5 percent of funds made available to a State for any fiscal year may be expended by the State to reimburse expenses incurred for a program assisted under this subsection during the preceding fiscal year.

(ii) The Secretary shall establish procedures to reallocate funds that are returned under clause (i).

(10) For purposes of this subsection:

(A) The term "coupon" means a coupon, voucher, or other negotiable financial instrument by which benefits under this section are transferred.

(B) The term "program" means—

(i) the State farmers' market coupon nutrition program authorized by this subsection (as it existed on September 30, 1991); or

(ii) the farmers' market nutrition program authorized by this subsection.

(C) The term "recipient" means a person or household, as determined by the State, who is chosen by a State to receive benefits under this subsection, or who is on a waiting list to receive such benefits.

(D) The term "State agency" has the meaning provided in subsection (b)(13), except that the term also includes the agriculture department of each State and any other agency approved by the chief executive officer of the State.

(n) Disqualification of vendors who are disqualified under supplemental nutrition assistance program

(1) In general

The Secretary shall issue regulations providing criteria for the disqualification under this section of an approved vendor that is disqualified from accepting benefits under the supplemental nutrition assistance program established under the Food and Nutrition Act of 2008 (7 U.S.C. 2011 et seq.).

(2) Terms

A disqualification under paragraph (1)—

(A) shall be for the same period as the disqualification from the program referred to in paragraph (1);

(B) may begin at a later date than the disqualification from the program referred to in paragraph (1); and

(C) shall not be subject to judicial or administrative review.

(o) Disqualification of vendors convicted of trafficking or illegal sales

(1) In general

Except as provided in paragraph (4), a State agency shall permanently disqualify from participation in the program authorized under this section a vendor convicted of—

(A) trafficking in food instruments (including any voucher, draft, check, or access device (including an electronic benefit transfer card or personal identification number) issued in lieu of a food instrument under this section); or

(B) selling firearms, ammunition, explosives, or controlled substances (as defined in section 802 of title 21) in exchange for food instruments (including any item described in subparagraph (A) issued in lieu of a food instrument under this section).

(2) Notice of disqualification

The State agency shall—

(A) provide the vendor with notification of the disqualification; and

(B) make the disqualification effective on the date of receipt of the notice of disqualification.

(3) Prohibition of receipt of lost revenues

A vendor shall not be entitled to receive any compensation for revenues lost as a result of disqualification under this subsection.

(4) Exceptions in lieu of disqualification

(A) In general

A State agency may permit a vendor that, but for this paragraph, would be disqualified under paragraph (1), to continue to participate in the program if the State agency determines, in its sole discretion according to criteria established by the Secretary, that—

- (i) disqualification of the vendor would cause hardship to participants in the program authorized under this section; or
- (ii)(I) the vendor had, at the time of the violation under paragraph (1), an effective policy and program in effect to prevent violations described in paragraph (1); and
- (II) the ownership of the vendor was not aware of, did not approve of, and was not involved in the conduct of the violation.

(B) Civil penalty

If a State agency under subparagraph (A) permits a vendor to continue to participate in the program in lieu of disqualification, the State agency shall assess the vendor a civil penalty in an amount determined by the State agency, in accordance with criteria established by the Secretary, except that—

- (i) the amount of the civil penalty shall not exceed \$10,000 for each violation; and
- (ii) the amount of civil penalties imposed for violations investigated as part of a single investigation may not exceed \$40,000.

(p) Criminal forfeiture

(1) In general

Notwithstanding any provision of State law and in addition to any other penalty authorized by law, a court may order a person that is convicted of a violation of a provision of law described in paragraph (2), with respect to food instruments (including any item described in subsection (o)(1)(A) issued in lieu of a food instrument under this section), funds, assets, or property that have a value of \$100 or more and that are the subject of a grant or other form of assistance under this section, to forfeit to the United States all property described in paragraph (3).

(2) Applicable laws

A provision of law described in this paragraph is—

- (A) section 1760(g) of this title; and

MESSAGE OF THE PRESIDENT

To the Congress of the United States:

I transmit herewith Reorganization Plan No. 2 of 1962, prepared in accordance with the provisions of the Reorganization Act of 1949, as amended, and providing for certain reorganizations in the field of science and technology.

Part I of the reorganization plan establishes the Office of Science and Technology as a new unit within the Executive Office of the President; places at the head thereof a Director appointed by the President by and with the advice and consent of the Senate and makes provision for a Deputy Director similarly appointed; and transfers to the Director certain functions of the National Science Foundation under sections 3(a)(1) and 3(a)(6) of the National Science Foundation Act of 1950.

The new arrangements incorporated in part I of the reorganization plan will constitute an important development in executive branch organization for science and technology. Under those arrangements the President will have permanent staff resources capable of advising and assisting him on matters of national policy affected by or pertaining to science and technology. Considering the rapid growth and far-reaching scope of Federal activities in science and technology, it is imperative that the President have adequate staff support in developing policies and evaluating programs in order to assure that science and technology are used most effectively in the interests of national security and general welfare.

To this end it is contemplated that the Director will assist the President in discharging the responsibility of the President for the proper coordination of Federal science and technology functions. More particularly, it is expected that he will advise and assist the President as the President may request with respect to—

(1) Major policies, plans, and programs of science and technology of the various agencies of the Federal Government, giving appropriate emphasis to the relationship of science and technology to national security and foreign policy, and measures for furthering science and technology in the Nation.

(2) Assessment of selected scientific and technical developments and programs in relation to their impact on national policies.

(3) Review, integration, and coordination of major Federal activities in science and technology, giving due consideration to the effects of such activities on non-Federal resources and institutions.

(4) Assuring that good close relations exist with the Nation's scientific and engineering communities so as to further in every appropriate way their participation in strengthening science and technology in the United States and the free world.

(5) Such other matters consonant with law as may be assigned by the President to the Office.

The ever-growing significance and complexity of Federal programs in science and technology have in recent years necessitated the taking of several steps for improving the organizational arrangements of the executive branch in relation to science and technology:

(1) The National Science Foundation was established in 1950. The Foundation was created to meet a widely recognized need for an organization to develop and encourage a national policy for the promotion of basic research and education in the sciences, to support basic research, to evaluate research programs undertaken by Federal agencies, and to perform related functions.

(2) The Office of the Special Assistant to the President for Science and Technology was established in 1957. The Special Assistant serves as Chairman of both the President's Science Advisory Committee and the Federal Council for Science and Technology, mentioned below.

(3) At the same time, the Science Advisory Committee, composed of eminent non-Government scientists and engineers, and located within the Office of Defense Mobilization, was reconstituted in the White House Office as the President's Science Advisory Committee.

(4) The Federal Council for Science and Technology, composed of policy officials of the principal agencies engaged in scientific and technical activities, was established in 1959.

The National Science Foundation has proved to be an effective instrument for administering sizable programs in support of basic research and education in the sciences and has set an example for other agencies through the administration of its own programs. However, the Foundation, being at the same organizational level as other agencies, cannot satisfactorily coordinate Federal science policies or evaluate programs of other

agencies. Science policies, transcending agency lines, need to be coordinated and shaped at the level of the Executive Office of the President drawing upon many resources both within and outside of Government. Similarly, staff efforts at that higher level are required for the evaluation of Government programs in science and technology.

Thus, the further steps contained in part I of the reorganization plan are now needed in order to meet most effectively new and expanding requirements brought about by the rapid and far-reaching growth of the Government's research and development programs. These requirements call for the further strengthening of science organization at the Presidential level and for the adjustment of the Foundation's role to reflect changed conditions. The Foundation will continue to originate policy proposals and recommendations concerning the support of basic research and education in the sciences, and the new Office will look to the Foundation to provide studies and information on which sound national policies in science and technology can be based.

Part I of the reorganization plan will permit some strengthening of the staff and consultant resources now available to the President in respect of scientific and technical factors affecting executive branch policies and will also facilitate communication with the Congress.

Part II of the reorganization plan provides for certain reorganizations within the National Science Foundation which will strengthen the capability of the Director of the Foundation to exert leadership and otherwise further the effectiveness of administration of the Foundation. Specifically:

(1) There is established a new office of Director of the National Science Foundation and that Director, ex officio, is made a member of the National Science Board on a basis coordinate with that of other Board members.

(2) There is substituted for the now-existing Executive Committee of the National Science Board a new Executive Committee composed of the Director of the National Science Foundation, ex officio, as a voting member and Chairman of the Committee, and of four other members elected by the National Science Board from among its appointive members.

(3) Committees advisory to each of the divisions of the Foundation will make their recommendations to the Director only rather than to both the Director and the National Science Board.

After investigation I have found and hereby declare that each reorganization included in Reorganization Plan No. 2 of 1962 is necessary to accomplish one or more of the purposes set forth in section 2(a) of the Reorganization Act of 1949, as amended.

I have found and hereby declare that it is necessary to include in the reorganization plan, by reason of reorganizations made thereby, provisions for the appointment and compensation of the Director and Deputy Director of the Office of Science and Technology and of the Director of the National Science Foundation. The rate of compensation fixed for each of these officers is that which I have found to prevail in respect of comparable officers in the executive branch of the Government.

The functions abolished by the provisions of section 23(b) of the reorganization plan are provided for in sections 4(a), 5(a), 6(a), 6(b), and 8(d) of the National Science Foundation Act of 1950.

The taking effect of the reorganizations included in the reorganization plan will provide sound organizational arrangements and will make possible more effective and efficient administration of Government programs in science and technology. It is, however, impracticable to itemize at this time the reductions in expenditures which it is probable will be brought about by such taking effect.

I recommend that the Congress allow the reorganization plan to become effective.

JOHN F. KENNEDY.

THE WHITE HOUSE, March 29, 1962.

EXECUTIVE DOCUMENTS

EX. ORD. NO. 10521. ADMINISTRATION OF SCIENTIFIC RESEARCH

Ex. Ord. No. 10521, Mar. 17, 1954, 19 F.R. 1499, as amended by Ex. Ord. No. 10807, §6(b), Mar. 13, 1959, 24 F.R. 1899, provided:

SECTION 1. The National Science Foundation (hereinafter referred to as the Foundation) shall from time to time recommend to the President policies for the promotion and support of basic research and education in the sciences, including policies with respect to furnishing guidance toward defining the responsibilities of the Federal Government in the conduct and support of basic scientific research.

SEC. 2. The Foundation shall continue to make comprehensive studies and recommendations regarding the Nation's scientific research effort and its resources for scientific activities, including facilities and scientific personnel, and its foreseeable scientific needs, with particular attention to the extent of the Federal Government's activities and the resulting effects upon trained scientific personnel. In making such studies, the Foundation shall make full use of existing sources of information and research facilities within the Federal Government.

SEC. 3. The Foundation, in concert with each Federal agency concerned, shall review the basic scientific research programs and activities of the Federal Government in order, among other purposes, to formulate methods for strengthening the administration of such programs and activities by the responsible agencies, and to study areas of basic research where gaps or undesirable overlapping of support may exist, and shall recommend to the heads of agencies concerning the support given to basic research.

SEC. 4. As now or hereafter authorized or permitted by law, the Foundation shall be increasingly responsible for providing support by the Federal Government for general-purpose basic research through contracts and grants. The conduct and support by other Federal agencies of basic research in areas which are closely related to their missions is recognized as important and desirable, especially in response to current national needs, and shall continue.

SEC. 5. The Foundation, in consultation with educational institutions, the heads of Federal agencies, and the Commissioner of Education of the Department of Health, Education, and Welfare [now Secretary of Education], shall study the effects upon educational institutions of Federal policies and administration of contracts and grants for scientific research and development, and shall recommend policies and procedures which will promote the attainment of general national research objectives and realization of the research needs of Federal agencies while safeguarding the strength and independence of the Nation's institutions of learning.

SEC. 6. The head of each Federal agency engaged in scientific research shall make certain that effective executive, organizational, and fiscal practices exist to ensure (a) that the Foundation is consulted on policies concerning the support of basic research, (b) that approved scientific research programs conducted by the agency are reviewed continuously in order to preserve priorities in research efforts and to adjust programs to meet changing conditions without imposing unnecessary added burdens on budgetary and other resources, (c)

that applied research and development shall be undertaken with sufficient consideration of the underlying basic research and such other factors as relative urgency, project costs, and availability of manpower and facilities, and (d) that, subject to considerations of security and applicable law, adequate dissemination shall be made within the Federal Government of reports on the nature and progress of research projects as an aid to the efficiency and economy of the overall Federal scientific research program.

SEC. 7. Federal agencies supporting or engaging in scientific research shall, with the assistance of the Foundation, cooperate in an effort to improve the methods of classification and reporting of scientific research projects and activities, subject to the requirements of security of information.

SEC. 8. To facilitate the efficient use of scientific research equipment and facilities held by Federal agencies:

(a) the head of each such agency engaged in scientific research shall, to the extent practicable, encourage and facilitate the sharing with other Federal agencies of major equipment and facilities; and

(b) a Federal agency shall procure new major equipment or facilities for scientific research purposes only after taking suitable steps to ascertain that the need cannot be met adequately from existing inventories or facilities of its own or of other agencies; and

(c) the Interdepartmental Committee on Scientific Research and Development shall take necessary steps to ensure that each Federal agency engaged directly in scientific research is kept informed of selected major equipment and facilities which could serve the needs of more than one agency. Each Federal agency possessing such equipment and facilities shall maintain appropriate records to assist other agencies in arranging for their joint use or exchange.

SEC. 9. The heads of the respective Federal agencies shall make such reports concerning activities within the purview of this order as may be required by the President.

SEC. 10. The National Science Foundation shall provide leadership in the effective coordination of the scientific information activities of the Federal Government with a view to improving the availability and dissemination of scientific information. Federal agencies shall cooperate with and assist the National Science Foundation in the performance of this function, to the extent permitted by law.

EXECUTIVE ORDER NO. 10807

No. 11381, Nov. 8, 1967, 32 F.R. 15629, which established the Federal Council for Science and Technology, provided for a chairman and membership, specified the functions of the Council, provided for assistance from other Federal agencies and the establishment of standing committees and panels, revoked Ex. Ord. No. 9912 of Dec. 24, 1947, entitled "Establishing the Interdepartmental Committee on Scientific Research and Development", and amended Ex. Ord. No. 10521, set out above, was omitted from the Code in view of Pub. L. 94-282, title IV, §402, May 11, 1976, 90 Stat. 472, set out below, which abolished the Federal Council for Science and Technology.

[Pub. L. 94-282, title IV, §402, May 11, 1976, 90 Stat. 472, provided that: "The Federal Council for Science and Technology, established pursuant to Executive Order No. 10807, Mar. 13, 1959, 24 F.R. 1897, as amended by Executive Order No. 11381, Nov. 8, 1967, 32 F.R. 15629, is hereby abolished."]

§1862a. Findings and purpose

(a) The Congress finds that—

(1) the fundamental research and related education program supported by the Federal Government and conducted by the Nation's universities and colleges are essential to our national security, and to our health, economic welfare, and general well-being;

(2) many national research and related education programs conducted by universities and colleges are now hindered by obsolete research buildings and equipment, and many institutions lack sufficient resources to repair, renovate, or replace their laboratories;

(3) the Nation's capacity to conduct high quality research and education programs and to maintain its competitive position at the forefront of modern science, engineering, and technology is threatened by this research capital deficit, which poses serious and adverse consequences to our future national security, health, welfare, and ability to compete in the international marketplace;

(4) a national effort to spur reinvestment in research facilities is needed, and national, State, and local policies and cooperative programs are required that will yield maximum return on the investment of scarce national resources and sustain a commitment to excellence in research and education; and

(5) the Foundation, as part of its responsibility for maintaining the vitality of the Nation's academic research, and in partnership with the States, industry, and universities and colleges, must assist in enhancing the historic linkages between Federal investment in academic research and training and investment in the research capital base by reinvesting in the capital facilities which modern research and education programs require.

(b) It is the purpose of sections 1862a to 1862d of this title to assist in modernizing and revitalizing the Nation's research facilities at institutions of higher education, independent non-profit research institutions and research museums, and consortia thereof, through capital investment.

(a) Establishment; purpose

(1) To carry out sections 1862a to 1862d of this title, the Director shall establish and carry out a new Academic Research Facilities Modernization Program (hereafter in sections 1862a to 1862d of this title referred to as the "Program"), under which awards are made to institutions of higher education, independent nonprofit research institutions, and research museums, and consortia thereof, for the repair, renovation, or, in exceptional cases, replacement of obsolete science and engineering facilities primarily devoted to research.

(2) Such awards shall, consistent with the functions of the Foundation set forth in section 1862 of this title and through established Foundation selection procedures, serve to—

(A) promote the modernization of graduate academic science and engineering research laboratories and related facilities so as to facilitate and support research in the scientific and engineering disciplines;

(B) assist those academic institutions that historically have received relatively little Federal research and development funds to improve their academic science and engineering infrastructures and broaden and strengthen the Nation's science and engineering base; and

(C) promote the modernization of undergraduate academic science and engineering research laboratories and related facilities so as to facilitate and support research in the scientific and engineering disciplines.

(b) Improvement projects; maximum amounts

(1) The Program shall be carried out through projects which involve the repair, renovation, or, in

exceptional cases, replacement of specific science and engineering facilities devoted primarily to research at eligible institutions, or consortia thereof, and for which funds are awarded in response to specific proposals submitted by such eligible institutions or consortia in accordance with procedures prescribed by the Director pursuant to section 1862c of this title.

(2) Awards made under the Program shall not exceed \$7,000,000 to any institution or consortium over any period of 5 years for the repair, renovation, or, in exceptional cases, replacement of academic research facilities.

(3) The Director shall, in making awards under the Program, consider the extent to which that institution or consortium has received funds for the repair, renovation, construction, or replacement of academic facilities from any other Federal funding source within the 5-year period immediately preceding the application. The Director shall give priority to institutions or consortia that have not received such funds in the preceding 5 years.

(4) The Director shall, in awarding funds under sections 1862a to 1862d of this title, consider the distribution of funds among institutions of different sizes and geographical locations.

(c) Criteria for award of funds

Criteria for the award of funds to any institution for a project under the Program shall include—

(1) the quality of the research and training to be carried out in the facility or facilities involved;

(2) the need for the proposed repair, renovation, or, in exceptional cases, replacement based on an analysis of the age and condition of existing research facilities and equipment;

(3) the congruence of the institution's research and training activities with the future research needs of the Nation and the research mission of the Foundation;

(4) the contribution that the project will make toward meeting national, regional, and institutional research and related training needs;

(5) in the case of an institution that historically has received relatively little Federal research and development funding, the contribution the proposed project will make to improving the institution's academic scientific and engineering infrastructure and broadening the Nation's science and engineering base; and

(6) the impact of the award on the overall geographic distribution of awards made under the Program, with the objective of avoiding undue concentration of awards.

§1862h. Congressional statement of findings and declaration of purposes respecting scientific and technical education and training

(a) Findings

The Congress finds that—

- (1) the position of the United States in the world economy faces great challenges from highly trained foreign competition;
- (2) the workforce of the United States must be better prepared for the technologically advanced, competitive, global economy;
- (3) the improvement of our work force's productivity and our international economic position depend upon the strengthening of our educational efforts in science, mathematics, and technology,

especially at the associate-degree level;

(4) shortages of scientifically and technically trained workers in a wide variety of fields will best be addressed by collaboration among the Nation's associate-degree-granting colleges and private industry to produce skilled, advanced technicians; and

(5) the National Science Foundation's traditional role in developing model curricula, disseminating instructional materials, enhancing faculty development, and stimulating partnerships between educational institutions and industry, makes an enlarged role for the Foundation in scientific and technical education and training particularly appropriate.

(b) Purposes

It is the purpose of sections 1862h to 1862j of this title to—

- (1) improve science and technical education at associate-degree-granting colleges;
- (2) improve secondary school and postsecondary curricula in mathematics and science;
- (3) improve the educational opportunities of postsecondary students by creating comprehensive articulation agreements and planning between 2-year and 4-year institutions; and
- (4) promote outreach to secondary schools to improve mathematics and science instruction.

§1862i. Scientific and technical education

(a) National advanced scientific and technical education program

The Director of the National Science Foundation (hereafter in sections 1862h to 1862j of this title referred to as the "Director") shall award grants to associate-degree-granting colleges, and consortia thereof, to assist them in providing education in advanced-technology fields, and to improve the quality of their core education courses in science and mathematics. The grant program shall place emphasis on the needs of students who have been in the workforce (including work in the home), and shall be designed to strengthen and expand the scientific and technical education and training capabilities of associate-degree-granting colleges through such methods as—

- (1) the development of model instructional programs in advanced-technology fields and in core science and mathematics courses;
- (2) the professional development of faculty and instructors, both full- and part-time, who provide instruction in science, mathematics, and advanced-technology fields;
- (3) the establishment of innovative partnership arrangements that—
 - (A) involve associate-degree-granting colleges and other appropriate public and private sector entities;
 - (B) provide for private sector donations, faculty opportunities to have short-term assignments with industry, sharing of program costs, equipment loans, and the cooperative use of laboratories, plants, and other facilities, and provision for state-of-the-art work experience opportunities for students enrolled in such programs; and
 - (C) encourage participation of individuals identified in section 1885a or 1885b of this title;

(4) the acquisition of state-of-the-art instrumentation essential to programs designed to prepare and upgrade students in scientific and advanced-technology fields; and

(5) the development and dissemination of instructional materials in support of improving the advanced scientific and technical education and training capabilities of associate-degree-granting colleges, including programs for students who are not pursuing a science degree.

(b) National centers of scientific and technical education

The Director shall award grants for the establishment of centers of excellence, not to exceed 12 in number, among associate-degree-granting colleges. Centers shall meet one or both of the following criteria:

- (1) Exceptional instructional programs in advanced-technology fields.
- (2) Excellence in undergraduate education in mathematics and science.

The centers shall serve as national and regional clearinghouses and models for the benefit of both colleges and secondary schools, and shall provide seminars and programs to disseminate model curricula and model teaching methods and instructional materials to other associate-degree-granting colleges in the geographic region served by the center.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 1998 AMENDMENT

Amendment by Pub. L. 105–244 effective Oct. 1, 1998, except as otherwise provided in Pub. L. 105–244, see section 3 of Pub. L. 105–244, set out as a note under section 1001 of Title 20, Education.

FINDINGS

Pub. L. 115–402, §2, Dec. 31, 2018, 132 Stat. 5343, provided that: "Congress finds the following:

"(1) To remain competitive in the global economy, foster greater innovation, and provide a foundation for shared prosperity, the United States needs a workforce with the right mix of skills to meet the diverse needs of the economy.

"(2) Evidence indicates that the returns on investments in technical skills in the labor market are strong when students successfully complete their education and gain credentials sought by employers.

"(3) The responsibility for developing and sustaining a skilled technical workforce is fragmented across many groups, including educators, students, workers, employers, Federal, State, and local governments, civic associations, and other stakeholders. Such groups need to be able to coordinate and cooperate successfully with each other.

"(4) Coordination among students, community colleges, secondary and post-secondary institutions, and employers would improve educational outcomes.

"(5) Promising experiments currently underway may guide innovation and reform, but scalability of some of those experiments has not yet been tested.

"(6) Evidence suggests that integration of academic education, technical skills development, and hands-on work experience improves outcomes and return on investment for students in secondary and post-secondary education and for skilled technical workers in different career stages.

"(7) Outcomes show that mentoring can increase STEM student engagement and the rate of completion of STEM post-secondary degrees."

- (3) A nation that is not technologically literate cannot compete in the emerging global economy.
- (4) A coordinated commitment to mathematics and science instruction at all levels of education is a necessary component of successful efforts to produce technologically literate citizens.
- (5) Professional development is a necessary component of efforts to produce system-wide improvements in mathematics, engineering, and science education in secondary, elementary, and postsecondary settings.
- (6)(A) The mission of the National Science Foundation is to provide Federal support for basic scientific and engineering research, and to be a primary contributor to mathematics, science, and engineering education at academic institutions in the United States.
(B) In accordance with such mission, the long-term goals of the National Science Foundation include providing leadership to—
 - (i) enable the United States to maintain a position of world leadership in all aspects of science, mathematics, engineering, and technology;
 - (ii) promote the discovery, integration, dissemination, and application of new knowledge in service to society; and
 - (iii) achieve excellence in United States science, mathematics, engineering, and technology education at all levels.

(b) Core strategies

In carrying out activities designed to achieve the goals described in subsection (a), the Foundation shall use the following core strategies:

- (1) Develop intellectual capital, both people and ideas, with particular emphasis on groups and regions that traditionally have not participated fully in science, mathematics, and engineering.
- (2) Strengthen the scientific infrastructure by investing in facilities planning and modernization, instrument acquisition, instrument design and development, and shared-use research platforms.
- (3) Integrate research and education through activities that emphasize and strengthen the natural connections between learning and inquiry.
- (4) Promote partnerships with industry, elementary and secondary schools, community colleges, colleges and universities, other agencies, State and local governments, and other institutions involved in science, mathematics, and engineering to enhance the delivery of math and science education and improve the technological literacy of the citizens of the United States.

§1862p–6. Research experiences for undergraduates

(a) Research sites

The Director shall award grants, on a merit-reviewed, competitive basis, to institutions of higher education, nonprofit organizations, or consortia of such institutions and organizations, for sites designated by the Director to provide research experiences for 6 or more undergraduate STEM students for sites designated at primarily undergraduate institutions of higher education and 10 or more undergraduate STEM students for all other sites, with consideration given to the goal of promoting the participation of individuals identified in section 1885a or 1885b of this title. The Director shall ensure that—

- (1) at least half of the students participating in a program funded by a grant under this subsection at each site shall be recruited from institutions of higher education where research opportunities in STEM are limited, including 2-year institutions;

- (2) the awards provide undergraduate research experiences in a wide range of STEM disciplines;
- (3) the awards support a variety of projects, including independent investigator-led projects, interdisciplinary projects, and multi-institutional projects (including virtual projects);
- (4) students participating in each program funded have mentors, including during the academic year to the extent practicable, to help connect the students' research experiences to the overall academic course of study and to help students achieve success in courses of study leading to a baccalaureate degree in a STEM field;
- (5) mentors and students are supported with appropriate salary or stipends; and
- (6) student participants are tracked, for employment and continued matriculation in STEM fields, through receipt of the undergraduate degree and for at least 3 years thereafter.

§1862p–9. Experimental Program to Stimulate Competitive Research

(a) Findings

The Congress finds that—

(1) the National Science Foundation Act of 1950 [42 U.S.C. 1861 et seq.] stated, "it shall be an objective of the Foundation to strengthen research and education in the sciences and engineering, including independent research by individuals, throughout the United States, and to avoid undue concentration of such research and education";

(2) National Science Foundation funding remains highly concentrated, with 28 States and jurisdictions, taken together, receiving only about 12 percent of all National Science Foundation research funding;

(3) each of the States described in paragraph (2) receives only a fraction of 1 percent of the Foundation's research dollars each year;

(4) first established at the National Science Foundation in 1979, the Experimental Program to Stimulate Competitive Research (referred to in this section as "EPSCoR") assists States and jurisdictions historically underserved by Federal research and development funding in strengthening their research and innovation capabilities;

(5) the EPSCoR structure requires each participating State to develop a science and technology plan suited to State and local research, education, and economic interests and objectives;

(6) EPSCoR has been credited with advancing the research competitiveness of participating States, improving awareness of science, promoting policies that link scientific investment and economic growth, and encouraging partnerships between government, industry, and academia;

(7) EPSCoR proposals are evaluated through a rigorous and competitive merit-review process to ensure that awarded research and development efforts meet high scientific standards; and

(8) according to the National Academy of Sciences, EPSCoR has strengthened the national research infrastructure and enhanced the educational opportunities needed to develop the science and engineering workforce.

(b) Continuation of program

The Director shall continue to carry out EPSCoR, with the objective of helping the eligible States to develop the research infrastructure that will make them more competitive for Foundation and other Federal research funding. The program shall continue to increase as the National Science Foundation funding increases.

(c) Coordination of EPSCoR and similar Federal programs

(1) Another finding

The Congress finds that a number of Federal agencies have programs, such as EPSCoR and the National Institutes of Health Institutional Development Award program, designed to increase the capacity for and quality of science and technology research and training at academic institutions in States that historically have received relatively little Federal research and development funding.

(2) Coordination required

The EPSCoR Interagency Coordinating Committee, chaired by the National Science Foundation, shall—

- (A) coordinate each EPSCoR to maximize the impact of Federal support for building competitive research infrastructure, and in order to achieve an integrated Federal effort;
- (B) coordinate agency objectives with State and institutional goals, to obtain continued non-Federal support of science and technology research and training;
- (C) develop metrics to assess gains in academic research quality and competitiveness, and in science and technology human resource development;
- (D) conduct a cross-agency evaluation of each EPSCoR and accomplishments, including management, investment, and metric-measuring strategies implemented by the different agencies aimed to increase the number of new investigators receiving peer-reviewed funding, broaden participation, and empower knowledge generation, dissemination, application, and national research and development competitiveness;
- (E) coordinate the development and implementation of new, novel workshops, outreach activities, and follow-up mentoring activities among each EPSCoR for colleges and universities in EPSCoR States and territories in order to increase the number of proposals submitted and successfully funded and to enhance statewide coordination of each EPSCoR;
- (F) coordinate the development of new, innovative solicitations and programs to facilitate collaborations, partnerships, and mentoring activities among faculty at all levels in non-EPSCoR and EPSCoR States and jurisdictions;
- (G) conduct an evaluation of the roles, responsibilities and degree of autonomy that program officers or managers (or the equivalent position) have in executing each EPSCoR at the different Federal agencies and the impacts these differences have on the number of EPSCoR State and jurisdiction faculty participating in the peer review process and the percentage of successful awards by individual EPSCoR State jurisdiction and individual researcher; and
- (H) conduct a survey of colleges and university faculty at all levels regarding their knowledge and understanding of EPSCoR, and their level of interaction with and knowledge about their respective State or Jurisdictional EPSCoR Committee.

(3) Meetings and reports

The Committee shall meet at least twice each fiscal year and shall submit an annual report to the appropriate committees of Congress describing progress made in carrying out paragraph (2).

(d) Federal agency reports

Each Federal agency that administers an EPSCoR shall submit to Congress, as part of its Federal budget submission—

- (1) a description of the program strategy and objectives;

- (2) a description of the awards made in the previous fiscal year, including—
 (A) the total amount made available, by State, under EPSCoR;
 (B) the total amount of agency funding made available to all institutions and entities within each EPSCoR State;
 (C) the efforts and accomplishments to more fully integrate the EPSCoR States in major agency activities and initiatives;
 (D) the percentage of EPSCoR reviewers from EPSCoR States; and
 (E) the number of programs or large collaborator awards involving a partnership of organizations and institutions from EPSCoR and non-EPSCoR States; and

(3) an analysis of the gains in academic research quality and competitiveness, and in science and technology human resource development, achieved by the program over the last 5 fiscal years.

(e) National Academy of Sciences study

(1) In general

The Director shall contract with the National Academy of Sciences to conduct a study on all Federal agencies that administer an EPSCoR.

(2) Matters to be addressed

The study conducted under paragraph (1) shall include the following:

- (A) A delineation of the policies of each Federal agency with respect to the awarding of grants to EPSCoR States.
(B) The effectiveness of each program.
(C) Recommendations for improvements for each agency to achieve EPSCoR goals.
(D) An assessment of the effectiveness of EPSCoR States in using awards to develop science and engineering research and education, and science and engineering infrastructure within their States.
(E) Such other issues that address the effectiveness of EPSCoR as the National Academy of Sciences considers appropriate.

(f) Award structure updates

In implementing the mandate to maximize the impact of Federal EPSCoR support on building competitive research infrastructure, and based on the inputs and recommendations of previous EPSCoR reviews, the head of each Federal agency administering an EPSCoR program shall—

- (1) consider modifications to EPSCoR proposal solicitation, award type, and project evaluation—
 (A) to more closely align with current agency priorities and initiatives;
 (B) to focus EPSCoR funding on achieving critical scientific, infrastructure, and educational needs of that agency;
 (C) to encourage collaboration between EPSCoR-eligible institutions and researchers, including with institutions and researchers in other States and jurisdictions;
 (D) to improve communication between State and Federal agency proposal reviewers; and
 (E) to continue to reduce administrative burdens associated with EPSCoR;
- (2) consider modifications to EPSCoR award structures—
 (A) to emphasize long-term investments in building research capacity, potentially through the use of larger, renewable funding opportunities; and
 (B) to allow the agency, States, and jurisdictions to experiment with new research and development funding models; and
- (3) consider modifications to the mechanisms used to monitor and evaluate EPSCoR awards—
 (A) to increase collaboration between EPSCoR-funded researchers and agency staff, including by providing opportunities for mentoring young researchers and for the use of Federal facilities;

- (B) to identify and disseminate best practices; and
- (C) to harmonize metrics across participating Federal agencies, as appropriate.

(A) the proposals funded by the Foundation are of high quality and advance scientific knowledge; and

(B) the Foundation's grants address societal needs through basic research findings or through related activities; and

(4) as evidenced by the Foundation's contributions to scientific advancement, economic growth, human health, and national security, its peer review and merit review processes have identified and funded scientifically and societally relevant basic research and should be preserved.

(b) Merit review criteria

The Foundation shall maintain the intellectual merit and broader impacts criteria, among other specific criteria as appropriate, as the basis for evaluating grant proposals in the merit review process.

§1862s–5. Programs to expand STEM opportunities

(a) Findings

Congress makes the following findings:

(1) Economic projections by the Bureau of Labor Statistics indicate that by 2018, there could be 2,400,000 unfilled STEM jobs.

(2) Women represent slightly more than half the United States population, and projections indicate that 54 percent of the population will be a member of a racial or ethnic minority group by 2050.

(3) Despite representing half the population, women comprise only about 30 percent of STEM workers according to a 2015 report by the National Center for Science and Engineering Statistics.

(4) A 2014 National Center for Education Statistics study found that underrepresented populations leave the STEM fields at higher rates than their counterparts.

(5) The representation of women in STEM drops significantly at the faculty level. Overall, women hold only 25 percent of all tenured and tenure-track positions and 17 percent of full professor positions in STEM fields in our Nation's universities and 4-year colleges.

(6) Black and Hispanic faculty together hold about 6.5 percent of all tenured and tenure-track positions and 5 percent of full professor positions.

(7) Many of the numbers in the American Indian or Alaskan Native and Native Hawaiian or Other Pacific Islander categories for different faculty ranks were too small for the Foundation to report publicly without potentially compromising confidential information about the individuals being surveyed.

(b) Sense of Congress

It is the sense of Congress that—

(1) it is critical to our Nation's economic leadership and global competitiveness that the United States educate, train, and retain more scientists, engineers, and computer scientists;

(2) there is currently a disconnect between the availability of and growing demand for STEM-skilled workers;

§1862s–8. Innovation Corps

(a) Findings

Congress makes the following findings:

(1) The National Science Foundation Innovation Corps (referred to in this section as the "I-Corps") was established to foster a national innovation ecosystem by encouraging institutions, scientists, engineers, and entrepreneurs to identify and explore the innovation and commercial potential of National Science Foundation-funded research well beyond the laboratory.

(2) Through I-Corps, the Foundation invests in entrepreneurship and commercialization education, training, and mentoring that can ultimately lead to the practical deployment of technologies, products, processes, and services that improve the Nation's competitiveness, promote economic growth, and benefit society.

(3) By building networks of entrepreneurs, educators, mentors, institutions, and collaborations, and supporting specialized education and training, I-Corps is at the leading edge of a strong, lasting foundation for an American innovation ecosystem.

(4) By translating federally funded research to a commercial stage more quickly and efficiently, programs like the I-Corps create new jobs and companies, help solve societal problems, and provide taxpayers with a greater return on their investment in research.

(5) The I-Corps program model has a strong record of success that should be replicated at all Federal science agencies.

(b) Sense of Congress

It is the sense of Congress that—

(1) commercialization of federally funded research can improve the Nation's competitiveness, grow the economy, and benefit society;

(2) I-Corps is a useful tool in promoting the commercialization of federally funded research by training researchers funded by the Foundation in entrepreneurship and commercialization;

(3) I-Corps should continue to build a network of entrepreneurs, educators, mentors, and institutions and support specialized education and training;

(4) researchers other than those funded by the Foundation may also benefit from the education and training described in paragraph (3); and

(5) I-Corps should continue to promote a strong innovation system by investing in and supporting female entrepreneurs through mentorship, education, and training because they are historically underrepresented in entrepreneurial fields.

(c) I-Corps program

(1) In general

In order to promote a strong, lasting foundation for the national innovation ecosystem and increase the positive economic and social impact of federally funded research, the Director of the Foundation shall set forth eligibility requirements and carry out a program to award grants for entrepreneurship and commercialization education, training, and mentoring.

(2) Expansion of I-Corps

(A) In general

The Director—

(i) shall encourage the development and expansion of I-Corps and other training programs that focus on professional development, including education in entrepreneurship and

commercialization; and

(ii) may establish an agreement with another Federal science agency—

(I) to make researchers, students, and institutions funded by that agency eligible to participate in the I-Corps program; or

(II) to assist that agency with the design and implementation of its own program that is similar to the I-Corps program.

(B) Partnership funding

In negotiating an agreement with another Federal science agency under subparagraph (A)(ii), the Director shall require that Federal science agency to provide funding for—

(i) the training for researchers, students, and institutions selected for the I-Corps program; and

(ii) the locations that Federal science agency designates as regional and national infrastructure for science and engineering entrepreneurship.

(3) Follow-on grants

(A) In general

Subject to subparagraph (B), the Director, in consultation with the Director of the Small Business Innovation Research Program, shall make funds available for competitive grants, including to I-Corps participants, to help support—

(i) prototype or proof-of-concept development; and

(ii) such activities as the Director considers necessary to build local, regional, and national infrastructure for science and engineering entrepreneurship.

(B) Limitation

Grants under subparagraph (A) shall be limited to participants with innovations that because of the early stage of development are not eligible to participate in a Small Business Innovation Research Program or a Small Business Technology Transfer Program.

(4) State and local partnerships

The Director may engage in partnerships with State and local governments, economic development organizations, and nonprofit organizations to provide access to the I-Corps program to support entrepreneurship education and training for researchers, students, and institutions under this subsection.

(5) Reports

The Director shall submit to the appropriate committees of Congress a biennial report on I-Corps program efficacy, including metrics on the effectiveness of the program. Each Federal science agency participating in the I-Corps program or that implements a similar program under paragraph (2)(A) shall contribute to the report.

(6) Definitions

In this subsection, the terms "Small Business Innovation Research Program" and "Small Business Technology Transfer Program" have the meanings given those terms in section 638 of title 15.

(2) The Director may, under the authority provided by paragraph (1) of this subsection and in accordance with such policies as the Board chooses to prescribe, appoint for a limited term, or on a temporary basis, scientists, engineers, and other technical and professional personnel on leave of absence from academic, industrial, or research institutions to work for the Foundation.
